## California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students

##### Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts / Literacy (grades 3-8 and 11)	27%	30%	50%	50%	48%	48%
Mathematics (grades 3-8 and 11)	17%	35%	39%	38%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

# State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

#### Opportunities for Parental Involvement (School Year 2017-18)

---

Kempton Literacy Academy is committed to actively partnering with parents. We believe that collaboration and mutual support between home and school is the key to student success. Therefore we offer many avenues for parent involvement and parent education. PTA works with staff to support classroom instruction through volunteers and fundraising. SSC (School Site Council) meets on a monthly basis addressing governance. ELAC (English Learner Advisory Committee) meets on a monthly basis and offers several services to educate and empower families. Adult English classes are offered through Grossmont Adult Education on campus and school and district personnel offer frequent parent education classes on a variety of topics relating to both school and home issues.

# State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and

## School Safety Plan (School Year 2017-18)

Current site Comprehensive School Safety Plans (CSSP) are received by the District each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Counsel for review and acceptance prior to submission to the Board of Education.

## Professional Development

La Mesa-Spring Valley continues to make fundamental shifts in their professional learning by ensuring our learning is attending to requisite knowledge and skills needed to ensure high levels of learning for each and every student. This year, all teachers participated in an additional full day of professional learning prior to the start of school with a focus on a framework for high-quality teaching and learning, the four questions of a PLC and the 6 characteristics that make up a PLC. Professional learning is also offered during student breaks and summer and is offered in a variety of ways via full day, after school, in class coaching, and conference attendance. We are also committed to Professional Learning Communities and have provided a weekly structure (Tuesday afternoons) that allows teachers of the same grade level or discipline to meet and analyze student learning and discuss best practices to address the needs of each and every student.

One Tuesday a month is also dedicated to whole staff learning. The California Teachers Induction Program (CTIP) support providers assist new teachers, and the Peer Assistance and Review program supports teachers experiencing challenges.

In recent years, professional learning has focused on the content and implementation of the California State Standards including the effective adoption of new curriculum in English language arts and mathematics. In the last year, our professional learning has focused in on instructional anatomy and instructional leadership. Instructional anatomy is developing a common language for high-quality teaching and learning, whereas instructional leadership is developing District, principal and teacher leaders to analyze and lead for high-quality teaching and learning. Our theory of action is that if we develop a common language and deep understanding of quality teaching and define and develop instructional leaders within a Professional Learning Community, then each and every student, regardless of race, class, language, and disability will learn at high levels. This work continues this year and we are now fully engaged in identifying power standards in both English Language Arts and Mathematics, identifying the learning targets that align to the standards, and developing common formative assessments to measure student progress in meeting the standards.
