### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### School Description

The STEAM Academy at La Presa is dedicated to the development of the academic and social needs of our students. With the support of our families and community, we are committed to cultivating the values of innovation, respect, discipline, and STEAM Academy "Pride" in all of our students. Our entire school maintains a focus around the curricular areas of Science, Technology, Engineering, Arts, and Math (STEAM).

The STEAM Academy Program in grades 4-6 is structured around a team of teachers at each grade level who share a group of students throughout the day. One teacher works with students in language arts and social studies while their team partner is able to focus on math and science. All 4th – 6th grade teachers engage students in a STEAM period centered around 21st century learning skills.

Our 7th and 8th grade students follow an 80-minute block schedule. In this schedule, students attend four 80-minute periods of humanities, science, math, and elective or PE courses a day along with a 30-minute Innovation or Advisory Support class period. With our 80-minute block scheduling, teachers are able to teach an in-depth curriculum to our benchmark (proficient and PACE (Program for Acceleration, Challenge, and Enrichment)) students while providing remediation and support for our strategic and intensive (two years or more below-grade level) students. Students are placed in language arts and math class specifically suited to their academic needs. By using data gathered from multiple assessment tools, students are able to move between levels based on teacher developed criterion. Students and parents can access student progress on a daily basis by using our Jupiter Grading System on-line. Students are scheduled in innovation classes based on STEAM program components in engineering, technology/media, biomedical, or the arts. However, for students who need intervention, they are instead placed in an Advisory Support classes in order to provide academic intervention in math, language arts, English Language Development (ELD), and study skills when needed.

In addition to a rigorous academic program targeted for the diverse needs of our students, we are also able to offer a variety of pathway elective courses such as media/technology, engineering/robotics, biomedical, band, choir, and dance. Our STEAM Academy at La Presa has a targeted education program for students designated at ELPAC (English Language Assessment for California) levels 1 and 2. In this program, students are taught ELD with an alternative curriculum using the most effective Guided Language Acquisition Design (GLAD) and Specially Designed Academic Instruction in English (SDAIE) strategies. A minimum of 30 minutes of ELD instruction is targeted for all students with ELPAC levels 1-4. The master schedule at our STEAM Academy provides common prep times between teachers of particular content levels. This 80-minute prep time each day allows the regular exchange of effective instructional and assessment practices.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	39.0	41.0	50.0	53.0	48.0	50.0
Math	36.0	39.0	38.0	40.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the

standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	29.9	17.9	11.2
7	17.1	24.7	32.0

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2018-19)

At our STEAM Academy we invite and encourage parental support. During Back to School Night and our Open House, parents are actively recruited to become participants on our various leadership teams such as PTA and School Site Council (SSC). Classroom volunteers are always welcome with schedules and arrangements made through our STEAM Academy office. Our STEAM Academy has a very active English Learner Advisory Committee (ELAC) group that meets a minimum of four times a year to discuss issues pertinent to their child's success, as well as parent education opportunities. Once a year, parents are invited and encouraged to attend Parent/Teacher/Student conferences in order to meet and discuss student progress and/or concerns of either teacher or parents.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

Current site Comprehensive School Safety Plans (CSSP) are received by the district each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Council for review and acceptance prior to submission to the Board of Education.

### Professional Development provided for Teachers

Professional learning in La Mesa-Spring Valley continues evolving to cultivate capacity and efficacy of teachers so that they can ensure high levels of learning for each and every student. In recent years professional learning has emphasized developing a common language around high quality teaching and learning and building collaborative cultures that promote high levels of learning for all students through professional learning communities. This work has included a deeper dive into content standards through the selection of essential standards and discussions around mastery and effective assessment. In response to student performance data and classroom observation, current professional learning focuses on aligning instruction to standards and student experience, with extra time and resources dedicated to mathematics and English learners. Additional professional development continues to address professional learning communities, curriculum adoptions, differentiation, special education, NGSS and effective integration of technology into instruction.

With professional learning communities as a foundation, professional development is approached from multiple angles to ensure that it is relevant, timely, and targeted to both student and teacher needs. Teachers meet weekly, as a grade level or discipline, to analyze student data and discuss best practices to address the needs of each and every student. The district offers workshops and multiple-day seminars, after-school workshops, and one-on-one coaching and modeling. Professional development was offered 67 days in the 2016-17 school year and 63 days in 2017-18 school year. Professional development is being offered 74 days in the 2018-2019 school year. District staff also partners with principals providing professional development at site learning days and staff meetings. Select teachers also attend conferences and workshops offered through outside agencies.

### Types of Services Funded

Title I - Basic Grant Special Education  
 ASES - After School Education and Safety  
 Title II Part A - Improving Teacher Quality  
 Title III Part A - Limited English  
 Lottery - Instructional Materials

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
