### California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2017-18)

Parkway is a comprehensive middle school in La Mesa for grades 7-8. Our 774 students are known as Parkway Patriots. We have a strong tradition of academic excellence coupled with an integrated character education program. Parkway teachers work in Professional Learning Communities (PLCs) by subject areas, Language Arts, Math, History, Science, Special Education, Physical Education and Unified Arts. Together, each PLC provides many activities to promote the academic and social/emotional growth of all students. Each department PLC works together to ensure student success and offers intervention and enrichment opportunities. Additionally, each department PLC team meets weekly to discuss students' academic successes and needs, review assessment data and share best practices for daily instruction. The core content areas (Language Arts, Math, History and Science) are supported by physical education, yearlong electives (Band, Spanish, Yearbook, ASB and Media), and one semester cycle classes (forensics, nutrition, technology, art, and music exploration). A strong PACE Program (Programs for Acceleration, Challenge and Enrichment) for gifted identified students includes cluster classes in Language Arts and leveled math classes. Intervention classes in Language Arts and Math offer support for students needing extra time to learn. Also, our Study Skills classes support students with study skills, time management, note taking and organization. English Language Development (ELD) classes are offered for our students who are second language learners to support them in learning English. Common Core State Standards are implemented in Math and Language Arts to better prepare students for California Common Core State Testing in the 17-18 school year. Science classes implement Next Generation science standards through hands on activities and inquiry learning. Our counselor provides additional class lessons in social skills, study skills, goal setting and organization. Students enjoy participating in clubs and learn lifelong skills through our ASB leadership class. Parkway also offers morning Homework Club, Tuesday through Friday from 8:00-8:55. At Homework Club students receive free tutoring for all subject areas. A Parkway math teacher attends Homework Club each day to provide specific tutoring for 7th and 8th grade math concepts.

Parkway Middle School Mission:

To address the unique needs of the early adolescent, Parkway Middle School provides high standards of academic and behavioral excellence in settings that promote personal commitment and success.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

#### Teacher Credentials

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students

##### Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17

Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Science (grades 5, 8, and 10)	81.0%	73.0%	62.0%	57.0%	56%	54%

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

#### Opportunities for Parental Involvement (School Year 2017-18)

At Parkway Middle School, parents are our partners in the education of students. Communication is our watchword and there are a variety of ways we promote this. Parents may communicate with teachers daily through the student agenda, email or Jupiter Grades. Every teacher has voice mail and email. ConnectEd "all call" phone calls, newsletters, and report cards are another vehicle to support strong communication between home and school. Our daily news broadcast, website, monthly calendar, and information hotline keep everyone current on the events and daily activities at school. Parents are welcome in the classrooms, as office helpers and at all celebrations. There are many opportunities through parent/teacher conferences, Back-To-School Night and Open House when parents are involved on campus. Parent education nights often include the whole family. Parkway PTSA is active in supporting programs and clubs by providing resources and materials. Our School Site Council is comprised of elected parents, students and staff representatives who meet throughout the year to oversee the school improvement program. Our English Learner Advisory Board (ELAC) made up of parents and Parkway's principal, work together to ensure there are opportunities for parents and students who are second language learners. ELAC gives input on instructional practices and budget expenditures to ensure English Learner students are supported in learning English in all of their classes. Campus Tours are provided and the principal believes in an "open-door" policy. We want parents to know their children are in good hands.

# State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

# State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## School Safety Plan (School Year 2017-18)

Current site Comprehensive School Safety Plans (CSSP) are received by the District each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Counsel for review and acceptance prior to submission to the Board of Education.

## Professional Development

La Mesa-Spring Valley continues to make fundamental shifts in their professional learning by ensuring our learning is attending to requisite knowledge and skills needed to ensure high levels of learning for each and every student. This year, all teachers participated in an additional full day of professional learning prior to the start of school with a focus on a framework for high-quality teaching and learning, the four questions of a PLC and the 6 characteristics that make up a PLC. Professional learning is also offered during student breaks and summer and is offered in a variety of ways via full day, after school, in class coaching, and conference attendance. We are also committed to Professional Learning Communities and have provided a weekly structure (Tuesday afternoons) that allows teachers of the same grade level or discipline to meet and analyze student learning and discuss best practices to address the needs of each and every student. One Tuesday a month is also dedicated to whole staff learning. The California Teachers Induction Program (CTIP) support providers assist new teachers, and the Peer Assistance and Review program supports teachers experiencing challenges.

In recent years, professional learning has focused on the content and implementation of the California State Standards including the effective adoption of new curriculum in English language arts and mathematics. In the last year, our professional learning has focused in on instructional anatomy and instructional leadership. Instructional anatomy is developing a common language for high-quality teaching and learning, whereas instructional leadership is developing District, principal and teacher leaders to analyze and lead for high-quality teaching and learning. Our theory of action is that if we develop a common language and deep understanding of quality teaching and define and develop instructional leaders within a Professional Learning Community, then each and every student, regardless of race, class, language, and disability will learn at high levels. This work continues this year and we are now fully engaged in identifying power standards in both English Language Arts and Mathematics, identifying the learning targets that align to the standards, and developing common formative assessments to measure student progress in meeting the standards.
