Transportation Survey Closing

I hope you have had time to look over the proposed hybrid schedule for reopening and discuss whether you will be joining us for afternoon in person instruction. As the letter also mentioned, we are trying to increase transportation for families who reside in our boundaries even if you never use transportation. In order to do this, we have to hear from you. If you haven't done so, please take the time to answer the transportation/ESS survey for each student. This will allow transportation to work on what routes they can provide. The survey will close Tuesday March 9th.
