

REMINDER ABOUT OUR BIRTHDAY TREATS POLICY

August 2022

Dear Northmont Families,

In an effort to align with our District Wellness policy and to support the important education we provide our students in health and fitness, we will no longer accept edible sweet treats such as cupcakes, cookies, etc., to celebrate birthdays. If your teacher's classroom rules allow for edible treats, they must be store bought, individually wrapped and nutritious in nature. Please ask the teacher if there are any food allergies of student's in the classroom.

Please save the sweet goodies for the birthday party at home. Instead, consider providing an alternative treat, such as: a special pencil, eraser, or other small trinket for all students in the class, or donate a book to the class library in your child's name, etc. Your child's teacher may have other ideas as well. Arrangements to provide such items are at the discretion of the classroom teacher and must be approved by them.

Thank you very much for being supportive of this policy.

Mr. Ed Gigliotti

Principal

Northmont Elementary
