Last year, SVA PTSA financed the purchase and installation of **TWO filtered water bottle filling stations!** Not only is this water tastier and healthier than regular fountains, the stations help cut down on the use of 1000's of disposable water bottles! SVA cares about our students, and our environment!

PTSA's Goals for this coming year:

- \$500, or more, to student/family support by stocking our school pantry!
- \$2,000, or more, for Teacher classroom grants
- \$750, or more, for staff-requested health and safety items

SVA PTSA also contributes to the education and culture of our school in many other ways:

- Equipment
- Assistance with school events/ activities
- Teacher and staff support
- And so much more
