There are several types of Express Scripts network pharmacies. Your copay and coinsurance amounts are based on which network your pharmacy is in. Choose from the networks shown below.

**Network Pharmacies**
- **Short-Term Drugs** (up to a 30-day supply)
  - Use Express Scripts Advantage Network (EAN) pharmacy (for lowest cost) or non-EAN pharmacy
- **Maintenance Drugs** (up to a 90-day supply)
  - Use Express Scripts Smart90 pharmacy or Express Scripts Home Delivery for lowest cost

**Your Costs**
Your benefits are based on the type of drug you receive and where you receive it. For the lowest copays:
- Ask your doctor to prescribe Generic drugs¹
- Use an EAN pharmacy for short-term drugs²
- Use a Smart90 pharmacy or Express Scripts Home Delivery for maintenance drugs and get 3 fills for the cost of 2 fills³

**ID Cards**
You must show your Express Scripts ID card when you go to the pharmacy.
- You get 2 ID Cards in the mail for your entire family
- You can print additional ID cards when you register at express-scripts.com
- Do NOT show your UHC ID card at the pharmacy, that card is only for doctor/hospital visits

**Resources**
To find network pharmacies and cost information about drugs that are available over-the-counter.
- Call Express Scripts Customer Service: 800-918-8011
- Register online at: Express-Scripts.com
- Download the Express Scripts app

**Notes**
¹If you purchase a brand-name drug when a generic is available, you will pay the generic drug copay plus the difference in cost between the brand-name and the generic drug, even if your doctor writes “dispense as written” on the prescription.
²If you use a non-EAN pharmacy, you will pay an extra $5 for short-term medications.
³You must fill the 4th and following prescription of a maintenance drug at a Smart90 pharmacy or through Express Scripts Home Delivery to avoid paying a penalty (equal to 2 times the short-term drug copay for up to a 30-day supply).
