What is TK? As the San Diego County Office of Education (SDCOE) describes:

Transitional kindergarten (TK) is a special program designed for students who turn 5 in the fall – and are not quite old enough to enroll in traditional kindergarten. A child is eligible for TK if they have their 5th birthday between September 2 and December 2 (inclusive).

TK is designed as the first year of a two-year kindergarten program that uses a modified kindergarten curriculum that is age and developmentally appropriate. A child who completes one year in a TK program, may continue in a kindergarten program for one additional year. Each elementary or unified school district must offer TK classes for all children eligible to attend.
