Board Policy

Interdistrict Attendance

BP 5117

Students

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

(cf. 5111.1 - District Residency)
(cf. 5116.1 - Intradistrict Open Enrollment)

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement, and the district's policy.

Transportation

The district shall not provide transportation beyond any school attendance area. Upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for an interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available.

Students

Interdistrict Attendance Permits

In accordance with an agreement between the Governing Board and the board of another district, a permit authorizing a student's attendance outside his/her district of residence may be issued upon approval of both the district of residence and the district of proposed attendance.

The Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. When the student has been determined by staff of either the district of residence or district of proposed attendance to be a victim of an act of bullying as defined in Education Code 48900(r). Such a student shall be given priority for interdistrict attendance under any existing interdistrict attendance agreement or, in the absence of an agreement, shall be given consideration for the creation of a new permit. (Education Code 46600)

(cf. 5131.2 - Bullying)

2. To meet the child care needs of the student. Such a student may be allowed to continue to attend district schools only as long as he/she continues to use a child care provider within district boundaries.

(cf. 5148 - Child Care and Development)

3. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel.

(cf. 6159 - Individualized Education Program)

4. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance.

5. To allow the student to complete a school year when his/her parents/guardians have moved out of the district during that year.

6. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school.
7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the year in the district.
8. When the student will be living out of the district for one year or less.
9. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence.

(cf. 5113.1 - Chronic Absence and Truancy)

(cf. 5113.12 - District School Attendance Review Board)

10. When there is valid interest in a particular educational program not offered in the district of residence.
11. To provide a change in school environment for reasons of personal and social adjustment.
12. When the student has a parent or guardian who is a full time employee of the school district of desired attendance.

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district may not deny him/her continued attendance because of overcrowded facilities at the relevant grade level.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial. (Education Code 46600.2)]

Within 30 calendar days of a request for an interdistrict permit, the Superintendent or designee shall notify the parents/guardians of a student who is denied interdistrict attendance regarding the process for appeal to the County Board of Education as specified in Education Code 46601. (Education Code 46601)

(cf. 5145.6 - Parental Notifications)

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)]

Pending a decision by the two districts or an appeal by the County Board, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months. (Education Code 46603) If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted. (Education Code 46603)]

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or decisions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

(cf. 5119 - Students Expelled from Other Districts)
(cf. 5144.1 - Suspension and Expulsion/Due Process)

The district shall accept interdistrict transfers between February 1 and March 31 of the school year preceding the school year for which the transfer is requested. If the specified date falls on a weekend, the opening/closing date for transfer applications shall fall on the Monday immediately following that date.

Once a student is admitted to a school on the basis of an interdistrict attendance permit, he/she shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school in which he/she is enrolled,

unless reapplication standards are otherwise specified in the interdistrict attendance agreement.

Transfers Out of the District

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the district, provided the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

The district may limit transfers out of the district to a school district of choice under any of the following circumstances: (Education Code 48307)

1. The number of student transfers out of the district to a school district of choice has reached the limit specified in Education Code 48307 based on the district's average daily attendance.
2. The County Superintendent of Schools has given the district a negative budget certification or has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.

(cf. 3100 - Budget)

3. The Board determines that the transfer would negatively impact any of the following: (Education Code 48307)
 - a. A court-ordered desegregation plan
 - b. A voluntary desegregation plan of the district, consistent with the California Constitution, Article 1, Section 31
 - c. The racial and ethnic balance of the district, consistent with the California Constitution, Article 1, Section 31]
