

NORTHMONT ELEMENTARY SCHOOL- SCHOOL SITE COUNCIL BALLOT

September 10, 2019

Dear Parents,

Our school has a committee known as the School Site Council (SSC). It is a committee made up of parents and school staff and its purpose is to advise and provide input into the school's quest to meet the needs of its students. It operates under rules from the state to ensure that all parents have input. Therefore, the parent representatives need to be voted in by all parents at the school. We have 5 slots for parents and at this time we have 5 nominations for parents who have agreed to serve. The names of those parents are listed below. There is also a place to write in other nominations if you do not support the people already nominated. The election is anonymous, but we ask that you write the classroom of your student for accounting purposes. Please complete the ballot by checking the appropriate box and **return it to school by Friday, Sept 13, 2019.**

1- Jill Richison

2- Ann Chavez

3- Etenesh Gould

4- Cece Butcher

5- Latrisha Hernandez

I support the above named nominations to be elected to the SSC.

I do not support the above named nominations and propose the following people instead: (please cross out the name(s) of people you do not support above.)

My child is in room: _____
