Elementary School Of Residence

EAK School

I acknowledge my child's acceptance into the "Early Admission to Kindergarten (EAK) Program" allows for attendance at the designated elementary school for the remainder of the school year. Participation in the EAK Program does not grant future priority for attendance at a school other than school of residence.

To attend a school other than resident school in the future: Parents/guardians are required to complete an Application for Intradistrict Attendance Permit. These applications may be obtained at any school office and are due by March 15 before student(s) starts regular kindergarten in August. Completed forms are returned to school of residence. EAK students will enroll for regular kindergarten at their school of residence. (Check with school office for clarification, if needed.)
