About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Description

Parkway is a comprehensive middle school in La Mesa for grades 7-8. Our 752 students are known as Parkway Patriots. We have a strong tradition of academic excellence coupled with a school wide focus on social-emotional wellness, kindness to others and community service. Parkway utilizes Restorative Practices to teach students how to make amends and restore relationships with their peers and teachers. Parkway teachers work in Professional Learning Communities (PLCs) by subject areas, Language Arts, Math, History, Science, Special Education, Physical Education and Unified Arts. Together, each PLC provides many activities to promote the academic and social/emotional growth of all students. Each department PLC works together to ensure student success and offers intervention and enrichment opportunities. Additionally, each department PLC team meets weekly to discuss students' academic successes and needs, review assessment data and share best practices for daily instruction.

The core content areas (Language Arts, Math, History and Science) are supported by physical education, yearlong electives (Band, Spanish, Yearbook, ASB and Media), and one semester cycle classes (forensics, world travels, technology, art, and music exploration). A strong PACE Program (Programs for Acceleration, Challenge and Enrichment) for gifted identified students includes cluster classes in Language Arts and leveled math classes. Intervention classes in Language Arts and Math offer support for students needing extra time to learn. English Language Development (ELD) classes are offered for our students who are second language learners to support them in learning English. Flex Literacy reading support is offered for students reading below grade level and focuses on fluency, comprehension and vocabulary development. Common Core State Standards are implemented in Math and Language Arts to better prepare students for California Common Core State Testing in the 19-20 school year. Science classes implement Next Generation Science Standards through hands on activities and inquiry learning. Our counselor provides additional class lessons in social skills, study skills, goal setting and organization. Students enjoy participating in Builders Club, a community service club, and learn lifelong skills through our ASB leadership class. Parkway also has a Student Advisory Committee that works with administration to support a positive school climate and anti-bullying strategies.

Parkway Middle School Mission: To address the unique needs of the early adolescent, Parkway Middle School provides high standards of academic instruction and social-emotional growth in settings that promote kindness to others, personal commitment and success.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	63	62	53	50	50	48
Math	47	46	40	38	38	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

At Parkway Middle School, parents are our partners in the education of students. Communication is our watchword and there are a variety of ways we promote this. Parents may communicate with teachers daily through email or Jupiter Grades. Every teacher has voice mail and email. ConnectEd "all call" phone calls, newsletters, and report cards are other vehicles to support strong communication between home and school. Our daily news broadcast, website, monthly calendar, and information hotline keep everyone current on the events and daily activities at school. We also have Twitter, Instagram and Facebook for updates on activities. Parents are welcome in the classrooms, as office helpers, and at all celebrations. There are many opportunities through parent/teacher conferences, Back-To-School Night and Open House when parents are involved on campus. Parent education nights often include the whole family. Parkway PTSA is active in supporting programs and clubs by providing resources and materials. Our School Site Council (SSC) is comprised of elected parents, students and staff representatives who meet throughout the year to oversee the school improvement program. Our English Learner Advisory Committee (ELAC) made up of parents and Parkway's principal, work together to ensure there are opportunities for parents and students who are second language learners. ELAC gives input on instructional practices and budget expenditures to ensure English learner students are supported in learning English in all of their classes. Campus Tours are provided and the principal believes in an "open-door" policy. We want parents to know their children are in good hands. Parents interested in volunteer opportunities can contact our School Office Manager, Julianne Pantehis, at 619.668.5810 x1197.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Current site Comprehensive School Safety Plans (CSSP) are received by the district each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Council for review and acceptance prior to submission to the Board of Education.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Professional learning in La Mesa-Spring Valley continues evolving to cultivate capacity and efficacy of teachers so that they can ensure high levels of learning for each and every student. In recent years professional learning has emphasized developing a common language around high quality teaching and learning and building collaborative cultures that promote high levels of learning for all students through professional learning communities. This work has included a deeper dive into content standards through the selection of essential standards and discussions around mastery and effective assessment. In response to student performance data and classroom observation, current professional learning focuses on aligning instruction to standards and student experience, with extra time and resources dedicated to mathematics and English learners.

New for the 2019-20 school year is our Blended Professional Development program which will offer online professional development options while still offering face-to-face professional development. Some of the professional learning that we will offer includes: Igniting ELD multi-year seminars where teachers learn and implement strategies for designated and integrated ELD and using formative assessment to guide standards-based instruction, Mindful Math where participants will develop deeper understandings of math teaching and how to enrich it while making the District math curriculum more accessible to their students, and ProAct, which teaches participants techniques they can use to deescalate a child's behavior. Additional professional development continues to address professional learning communities, curriculum adoptions, differentiation, special education, NGSS and effective integration of technology into instruction.

With professional learning communities as a foundation, professional development is approached from multiple angles to ensure that it is relevant, timely, and targeted to both student and teacher needs. Teachers meet weekly, as a grade level or discipline, to analyze student data and discuss best practices to address the needs of each and every student.

The district offers workshops and multiple-day seminars, after-school workshops, online courses, and one-on-one coaching and modeling. Select teachers also attend conferences and workshops offered through outside agencies. District staff also partners with principals providing professional development at site learning days and staff meetings.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
