### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### School Description

Spring Valley Academy is an International Baccalaureate Middle Years Programme Candidate School serving students in grades 5-8. All students take world language acquisition courses in Spanish beginning in fifth grade. SVA is a school that embraces inquiry-based instruction, service learning, and international mindedness. Students at SVA experience personalized learning to engage students who are gifted, those with special needs, and those learning English as an additional language.

SVA's vision is to empower students to succeed in our ever-changing world. Our mission is to provide a safe, caring, and inclusive learning environment for all students, staff, and community through an engaging, collaborative, and innovative experience. Students are encouraged to be well-rounded, balanced learners. Extra-curricular opportunities on campus include Marching Band, Color Guard, Femineers, and Club Serve, Latin Dance, STEP, Art, STEM Club, Computer Science Club, Basketball, Soccer, Flag Football, Boys to Men, and the Urban Youth Collaborative. Tutorial opportunities for students to get additional help in academic courses are offered throughout the week. Parents are encouraged to be involved in a variety of ways. A few of those opportunities include School Site Council, English Learner Advisory Council, volunteer opportunities, or PTSA. Additional evening family nights and parent education opportunities offer additional involvement opportunities for families.

Spring Valley Academy's mascot embodies the values of SOAR - service, opportunity, autonomy and respect. At SVA, we strive to empower our students to be the best they can be.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

##### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	37	35	53	50	50	48
Math	20	20	40	38	38	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2019-20)

Opportunities for parent involvement are numerous and include tutoring, mentoring programs, hosting celebrations, chaperoning field trips, supporting music programs, and preparing curriculum materials in our Parent Center. The Parent Teacher Student Association (PTSA) includes 40 positions and hundreds of other parents work "behind the scenes" to assist the school. Our School Site Council (SSC) which is comprised of parents, students, and teachers actively plans improvements for Spring Valley Academy. Our English Learners Advisory Committee (ELAC) is a parent group representing second language students. To volunteer in our music program, please contact Mr. Jim Villegas at james.villegas@lmsvschools.org. For all other volunteer opportunities, please contact Roxana Diaz at roxana.diaz@lmsvschools.org. We love our volunteers and welcome any parent wanting to become more involved.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

Current site Comprehensive School Safety Plans (CSSP) are received by the district each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Council for review and acceptance prior to submission to the Board of Education.

##### Professional Development provided for Teachers

Professional learning in La Mesa-Spring Valley continues evolving to cultivate capacity and efficacy of teachers so that they can ensure high levels of learning for each and every student. In recent years professional learning has emphasized developing a common language around high quality teaching and learning and building collaborative cultures that promote high levels of learning for all students through professional learning communities. This work has included a deeper dive into content standards through the selection of essential standards and discussions around mastery and effective assessment. In response to student performance data and classroom observation, current professional learning focuses on aligning instruction to standards and student experience, with extra time and resources dedicated to mathematics and English learners.

New for the 2019-20 school year is our Blended Professional Development program which will offer online professional development options while still offering face-to-face professional development. Some of the professional learning that we will offer includes: Igniting ELD multi-year seminars where teachers learn and implement strategies for designated and integrated ELD and using formative assessment to guide standards-based instruction, Mindful Math where participants will develop deeper understandings of math teaching and how to enrich it while making the District math curriculum more accessible to their students, and ProAct, which teaches participants techniques they can use to deescalate a child's behavior. Additional professional development continues to address professional learning communities, curriculum adoptions, differentiation, special education, NGSS and effective integration of technology into instruction.

With professional learning communities as a foundation, professional development is approached from multiple angles to ensure that it is relevant, timely, and targeted to both student and teacher needs. Teachers meet weekly, as a grade level or discipline, to analyze student data and discuss best practices to address the needs of each and every student.

The district offers workshops and multiple-day seminars, after-school workshops, online courses, and one-on-one coaching and modeling. Select teachers also attend conferences and workshops offered through outside agencies. District staff also partners with principals providing professional development at site learning days and staff meetings.
