Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Our School Plan for Student Achievement (SPSA) aligns with the District's Local Control Accountability Plan (LCAP) as each goal (and its associated strategy(ies)/activity(ies) can be referenced in the current LCAP. The district's LCAP is the foundation for all expenditures incurred by the District. Based on the needs assessment and goals found in the LCAP, the school will utilize federal funds, when applicable, to supplement base funding in accordance with the purpose and goals of each specific goal. Federal funds, if received, will be used as outlined in the School Plan for Student Achievement to purchase supplemental materials not part of the adopted standards aligned curriculum and core base programs.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

The 2020 La Mesa-Spring Valley Parent Survey solicited input from our school site's families in a variety of areas:

- 93% Agree that school meets academic needs of their child
- 91% Satisfied with teacher's communication about child's academic needs
- 95% Feel welcome and respected in classroom and school
- 91% Report child feels safe at school
- 86% Feel school is active in preventing bullying
- 91% Satisfied with communication from school
- 83% Satisfied with level of engagement and participation related to decisions regarding their child's education

Overall parent satisfaction remained stable for the most part in every category as compared to the previous year. There was an increase in the satisfaction with teacher's communication of child's academic needs.

Respondents expressed interest in the following parent education topics:

- Social and emotional needs of children (65)
- Ways to get involved and support their child's education (76)
- Homework help strategies (70)
- Math development strategies and the math curriculum (61)
- Bullying prevention (65)
- Reading development strategies and the language arts curriculum (55).

Based on feedback from surveys that were administered, ongoing work is being done at our school in the areas of: Bullying Prevention, Math Curriculum Nights, Trauma-Informed Care, Resilience Trainings.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Daily principal Observations:

To monitor daily instructional practices in order to coach teachers, provide targeted feedback and support, and collect evidence on the professional development needs of staff.

Supervisory Classroom Observations:

Formal teacher evaluations, to evaluate teacher's performance as outlined by the labor contract. These are observation cycles that include both formal and informal observations with feedback meetings.

District Walks:

To collect district or school-wide evidence of progress in the implementation of the SPSA and principal goals – to build coherence, identify strengths, areas for growth, and next steps for professional learning, student support, and teaching and learning across the system.

Principal Network Walks:

To build a common language and understanding of high quality teaching and learning through inquiry and to build a collaborative network that provides feedback and suggestions to the school on a focus area.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Through Professional Learning Communities, teachers analyze both state yearly assessments and district benchmark assessments taken at specific intervals throughout the year. Teachers set goals and modify adopted curriculum and instruction to address students' needs in both classroom instruction and Response to Intervention (RTI) groupings and topics.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers use curriculum-embedded unit, weekly and daily assessments to monitor student progress toward mastering grade level standards. Formative assessments lead to modifications in instruction to meet the needs of students.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Staff at our school site meet the requirements for being highly qualified.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers and counselors at our school site are properly credentialed.

Teachers are afforded the opportunity to participate in professional development online and face-to face that includes:

Online Courses

- Functions of Behavior
- Interim Assessments for Instruction and Learning
- Math is...
- Professional Learning Communities
- Formative Assessments
- Student Engagement Through the Lens of the 5D (5 Dimensions) Framework for High-Quality Teaching and Learning
- Academic Conversations
- Integrating ELD into Content Areas Grades 6-8
- Collaborative Conversations
- Illuminate Math
- Crisis Management
- Proactive Behavior Management
- Supporting ALL Students in a SAI Model

Face to Face and Blended Courses

- Creating Behavior Plans
- Google Suite
- Revisiting Write to Learn
- Intro to Chromebooks
- Reading Level Assessments
- iMovie
- Evaluating Assessment Data
- All things Illuminate
- CPM (Math)
- Mindful Math
- Igniting ELD

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

All staff development is focused on the use of:

- California Common Core State Standards (CCSS) in English-Language Arts and Literacy in History-Social Studies, Mathematics, and Science (Next Generation Science Standards-NGSS)
- California English Language Development Standards
- Implementation of the 5D Framework for High-Quality Teaching and Learning
- The Development of Strong PLCs and Common Formative Assessments
- Classroom instruction and best practices that are research based.
- The creation and use of assessments to inform and modify instruction

Staff development at our school site in the 2020-21 school year will focus on Common Formative Assessments and PLC work all aligned with improving delivery of our state adopted standards.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Professional collaboration, principal observation and support, and Rtl support (Resource Teacher, Teachers on Special Assignment, and Special Education support staff) all support classroom instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Each grade-level/department at our school has regularly scheduled meetings to collaborate on the analysis of data, lesson design, and the use of instructional strategies and best practices that work to improve student achievement and performance. Each meeting is designed in professional learning community (PLC) format where each member takes a leadership role and an expectation of reflective conversations surround data analysis, program effectiveness, and "moving the needle" toward student success and achievement. Professional learning communities is an ongoing process in which educators work collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve. Professional learning communities operate under the assumption that the key to improved learning for students is continuous job-embedded learning for educators.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Following the state adoption cycles, the district-provided curriculum materials and instruction are in alignment with the California Content Standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes in all subject areas are monitored by the District. All teachers turn in their classroom schedule to school administration to ensure adherence to the District guidelines.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Units of Study in math and language arts supply a framework for lesson pacing. All students have a copy of each textbook and/or workbook for core curriculum. Student daily schedules are modified to allow for intervention as needed.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Each classroom and student has easy access to adopted curriculum assigned to them in all content areas. The adoption of instructional materials process includes a preview to determine that they are appropriate for the student groups for whom they are purchased.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All students have State Board of Education adopted materials for their courses, intervention materials (when needed), and access to standards-aligned core courses. Use of materials is monitored by school administration on a daily basis.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

All students receive Common Core standards-based instruction at their appropriate grade level. In classrooms, teachers provide additional access to the curriculum through small group instruction. In ELD classes, students are grouped by instructional level, and are assessed and regrouped appropriately. Teachers are required to examine student work samples and meet in subject specific and/or department-level meetings to ensure that students are mastering standards. They also determine student needs, adjust instruction, and plan re-instruction accordingly. Intervention action plans are developed when appropriate. The Student Study Team process is used to identify and monitor students at risk. Interventions are agreed upon and implemented by the classroom teacher in collaboration with the student's family.

Evidence-based educational practices to raise student achievement

Information from state assessments, common assessments, benchmark assessments, needs assessments and surveys, and staff development provide the basis for school site council and administrative planning. The use of data to modify and drive instruction with effective evidence-based instructional strategies is the major focus to raise student achievement.

In 2020-21 the following evidence-based educational practices will be employed and focused on to increase and improve student achievement across the campus and across all disciplines:

Professional Learning Communities (PLC)
Positive Behavior Interventions and Supports (PBIS)
Multi-tiered Systems of Support (MTSS)
Trauma-Informed Care
Vision Creation Work

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Opportunities are provided throughout the year so that families can learn to support their children academically and behaviorally.

To support successful school and family interactions, the district is committed to engaging parents through:

- Parent education workshops provided by district staff and local community agencies
- The use of multiple methods of communication (flyers, phone calls, district/school websites) to promote participation
- The continuance of School Site Councils and English Learner Advisory Committees at each site who send a representative from each site to the district-level parent advisory committees, known as the District Advisory Committee and the District English Learner Advisory Committee
- The distribution of a district-wide parent survey with disaggregated results for each site that can lead to improved results
- The maintenance of a district website with current resources available to parents to support them in working with their children's academic, social, and emotional needs
- Enhancing the awareness and skills of teachers, principals, and staff in reaching out to, communicating with, and working with parents as equal partners

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

All stakeholders (parents, community members, teachers, and other school personnel) have an opportunity to give input on the use of funds and the implementation of programs. Specifically, at our school site, the members of School Site Council (SSC) and English Language Advisory Council (ELAC) meet to discuss these matters directly with each other. The District holds monthly stakeholder meetings with parents (DELAC and District Advisory Committee (DAC) where district programs are discussed. In addition, the District holds meetings throughout the year with other stakeholder groups (classified staff, certificated staff, administrative staff) to obtain input about district programs.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Reading/Math/Behavior Intervention Specialist

Dean of Discipline

After School Clubs

Night Time Events for Families

Social Worker Parent engagement funds will be used to offer parent education and additional family support provided by a credentialed social worker.

Fiscal support (EPC)

Our school receives Title I money based on the number of pupils in our school who qualify for free and reduced meals.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Feedback and input from key stakeholder groups are critical for the ongoing success of our students. As part of the planning process for the 2020-21 School Plan for Student Achievement (SPSA), school leadership met with the School Site Council (SSC) and the English Learner Advisory Committee (ELAC). Achievement data was shared with these groups and analyzed for trends and patterns of under-performance. That analysis is summarized in the SPSA as the Annual Review Goals.

School stakeholder involvement meeting dates were as follows:

- ELAC #3 Meeting: March 12, 2020
- SSC # 4 Meeting: February 26, 2020; SSC #5 Meeting: June 5, 2020
- Staff Meetings where the 2020-21 SPSA goals, metrics were discussed: May 7, 2020
- Other meetings where the 2020-21 SPSA goals, metrics were discussed: PTSA, March 2, 2020

Feedback from these meetings resulted in the development of goals to be included in the SPSA (Planned Improvement Goals). The District Local Control Accountability Plan (LCAP) was also reviewed to ensure that the Planned Improvement goals of the SPSA aligned with the goals outlined in the District's LCAP.

Grade 7	285	331	295
Grade 8	290	267	309
Total Enrollment	952	927	877

Conclusions based on this data:

1. The number of Hispanic students has increased by over 2%.
2. The number of White students has decreased by almost 2%.
3. Our enrollment in grade 4 has shown a decrease due to a neighboring school opening up grade 4 this year.

Reclassified Fluent English Proficient (RFEP)	66	38	41	26.3%	16.3%	16.2%

Conclusions based on this data:

1. The number of English Learners has remained fairly constant.
2. The number of RFEP'd students dropped significantly from 2016 - 2019 because of the change in criteria.
3. The number of FEP students significantly increased from 2016-2019.

School and Student Performance Data

Student Population

This section provides information about the school's student population.

2018-19 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
927	82.1	27.3	0.5
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2018-19 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	253	27.3
Foster Youth	5	0.5
Homeless	44	4.7
Socioeconomically Disadvantaged	761	82.1
Students with Disabilities	152	16.4

Conclusions based on this data:

1. We have remained consistent with our percentage of socioeconomically disadvantaged students even though our student population has decreased.
2. Our English Learners have also remained consistent with previous years even though our student population has decreased.

Conclusions based on this data:

1. White, Homeless, and Asian students showed a decline in suspension rates.
2. All other subgroups showed an increase, and we are working diligently to discover other means of correction than suspension (example, Diversion Program).

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Academic Excellence

LEA/LCAP Goal

LCAP #1 – Each and every student will perform at or above expectation, and we will eliminate disparities between all student groups.

Goal 1

We will ensure high-quality teaching and learning that is standards-aligned and results in mastery for each and every student.

Identified Need

More support and targeted effort for improved scores in both ELA and math for all subgroups is needed: African-American and Hispanics will be provided more targeted support.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Develop strong Professional Learning Communities (PLCs). Our PLC is a group of educators that meet regularly, share expertise, and work collaboratively to improve teaching skills and the overall achievement of all students.

- Staff meetings, site learning days, and grade-level meetings will be used to develop strong PLCs based on the collective commitments all members of the PLC share for the achievement of all students and to increase effective instruction in each and every classroom.
- PLCs will focus on becoming more effective at delivering LMSV Essential Standards-aligned curriculum and instruction to each and every student.
- Staff will deepen understanding of effective use of assessment data through collective inquiry to drive instruction, re-teaching, and intervention, and we will focus on the use of CFA's: Common Formative Assessments.

Strategy/Activity

Our site will utilize the 5 Dimensions of Teaching and Learning Instructional Framework to develop a common language and shared vision for high-quality instruction.

- Establish a shared understanding and common language for high quality teaching and learning using the Framework for the Five Dimensions of High Quality Teaching and Learning (5Ds).
- Classroom walk-throughs to observe analyze and calibrate evidence of high quality teaching and learning.

Strategy/Activity

Teachers will focus on aligning curriculum, instructional practice, and assessments with LMSV Essential Standards.

- Teachers will use District developed resources to inform instructional decisions around assessment design and best instructional practice in alignment with LMSV Essential Standards.
- Staff meetings, site learning days, grade-level meetings, and release days will be used to support teachers in deepening their understanding of ELA & Math essential standards through standards unwrapping, defining grade-level mastery of essential standards, and engaging in backwards planning.
- Grade-level teams and departments will use standards unwrapping resources to identify targets, determine common formative assessments, and plan instruction.
- Teachers will participate in professional development to fortify math content knowledge and increase math instruction expertise.

Strategy/Activity 4

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

We will implement a school-wide system of differentiated instruction and interventions to meet the needs of all students.

- Grade-level teams and departments will engage in lesson reflection and use of formative assessment data to monitor student progress and to plan re-teaching and intervention to ensure mastery of ELA & Math essential standards.
- Grade-level teams and departments will plan and implement Tier 2 interventions for students not mastering essential ELA & Math standards.
- Students in grades 4-6 reading below grade level will meet with teacher for small group reading. Progress will be monitored by teacher.
- Teachers will utilize strategies and resources, including those from the ELA toolkit, to ensure centers and/or independent work during small-group reading rotations is rigorous, standards-aligned, and appropriately differentiated to ensure meaningful engagement.

- Designated 4-8 grade teachers will participate in PACE professional learning on Icons for Depth and Complexity, and collaborate with possible Learning Support resource teachers for support in implementation.
- SBAC and District benchmark data will be analyzed by Counselor, Reading Intervention, and Academic/Behavior Resource teacher to determine placement in intervention program(s) (Lexia, Flex, etc.) with initial placement made in August of the new school year and reviewed after each program benchmark assessment.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Students have improved their reading and math levels due to our intervention teachers as evidenced by Literably and FLEX assessments.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences between the intended implementation and/or the budgeted expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will have our math intervention specialist do small group studies with students who are performing below grade level so we can increase our math percentage so that our students are literate in math.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Closing the Achievement Gap

LEA/LCAP Goal

LCAP Goal #1 – Each and every student will perform at or above expectation, and we will eliminate disparities between all student groups.

Goal 2

As a school committed to high levels of learning and achievement for all students, we will remain focused on the underperforming student groups and put systems and supports in place to ensure their success.

Identified Need

More support and targeted effort for improved scores in both ELA and math for all sub groups is needed: African American and Hispanic groups are below standard, so we will provide targeted interventions for these groups.

English Learners

Strategy/Activity

We will ensure strong Integrated and Designated English Language Development (ELD) for all English Learners (ELs).

- Students will be clustered by EL Proficiency level for designated ELD instruction in August of the new school year.
- English Learners will receive a minimum of 30 minutes of effective designated ELD daily, including increasing student talk during designated ELD and using routines, frames, and sentence starters to promote fluency and academic discourse.
- Staff meetings and/or site learning days will be used to support consistent and effective implementation of integrated and designated ELD.
- Select teachers will work with District EL Resource Teachers to deepen understanding of ELD standards, proficiency level descriptors, and alignment to ELA standards.
- Teachers will implement integrated ELD through scaffolding strategies for content area, subject matter access, and discipline specific language development.
- Teachers will increase use of structured routines and frames to promote collaborative conversations and academic talk across the curriculum.

We will monitor English Learner progress and provide timely and systematic intervention.

- CATCH up plans will be used to monitor English Learner progress. Students not making adequate progress will be placed in English acquisition intervention program by August.
- Teachers and Principal will work with District English Learner Resource Teacher to identify and support Long Term and At Risk Long Term English Learners and schedule them into a reading intervention program by September.

Students with Disabilities

Strategy/Activity

We will continue to develop a comprehensive service model to meet the needs of our students with disabilities through Specialized Academic Instruction (SAI).

- SAI teachers will ensure that students receive appropriate services and utilize instructional materials targeted to meet individual student needs.
- SAI and Gen Ed teachers will meet regularly to articulate, plan instruction, and review student progress.
- SBAC and District benchmark data will be analyzed by our Counselor or Academic/Behavior Resource teacher to determine placement in intensive intervention program (WonderWorks, Flex, Read Well, Number Worlds, Moby Max, Inside, etc.).
- Data will be analyzed to determine placement in intervention (less than two years below grade level) (e.g. Lexia, Read Well, etc.).
- Students reading below grade level will receive daily-targeted reading instruction in small groups to address their assessed needs (fluency and comprehension).

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Intervention Teachers and student helpers were deployed for grades 4-6. We noticed an increase in reading levels that was not reflected on our SBAC scores.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences between the intended implementation and/or the budgeted expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Due to a decrease in enrollment and funding, we are combining our reading and math intervention to 1 teacher instead of 2 teachers. We also cut two more math intervention teachers: one in grades 4-6 and one in grades 7-8.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Wellness

LEA/LCAP Goal

LCAP Goal #2 – Each and every student will be equipped with the skills and disposition necessary for success in high school, life, and workplace.

Goal 3

We are committed to establishing a climate of respect, connectedness, and safety for our students.

Identified Need

Ensuring a climate of respect, connectedness and safety will allow our students to focus on their academics during the school day, especially our underperforming groups such as our African American and Hispanic subgroups. Targeted support will be provided to these groups in addition to our Filipino and Two or more Races student groups in the area of suspension.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
We will measure students' social-emotional competencies in grades 4-8 (self-management, self-efficacy, growth mindset, social awareness) as these complement academic preparation and long-term learning. Competencies will be measured by the CORE Social-Emotional survey. Our goal is to increase the percentage of students who have an overall performance level of "Healthy" or "Very Healthy".	As measured by the CORE Social-Emotional Survey, XX% of students have an overall performance level of "Healthy" or "Very Healthy". (Once administered in Fall 2020, a baseline for students' social-emotional competencies will be set for the 2020-21 school year.)	As measured by the CORE Social-Emotional Survey, more than XX% of students will have an overall performance level of "Healthy" or "Very Healthy". (Expected Outcome will be developed once a baseline in Fall 2020 has been established).
School attendance rates will achieve a 97% or better attendance rate, increasing by .05% year.	(17-18) The school attendance rate is 95.14 % for the previous school year. (18-19) The school attendance rate was 95.34%.	The school attendance rate will increase by 0.05% to a rate of 95.39% for the coming school year.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
The percentage of students with chronic absenteeism will decrease by 1% each year.	<p>(17-18) The percentage of students with chronic absenteeism was 12.92 % for the previous school year.</p> <p>(18-19) The percentage of students with chronic absenteeism was 11.2%</p>	The percentage of students with chronic absenteeism will decrease by 1% to a rate of 10.2 % during the coming school year.
Increase the amount of time students are present in class for instruction as measured by a decrease in the number of students out of class and/or suspended due to discipline.	<p>(17-18) 3.67% of students were suspended during the previous school year.</p> <p>(18-19) 12.9% of students were suspended.</p>	Student suspensions will decrease by 0.5% for an overall rate of 3.17% during the coming school year.

Consistent Attendance

- Engage students and parents with a warm and welcoming school environment that emphasizes building relationships with families and students and stresses the importance of everyday attendance (see Restorative Practices).
- Monitor attendance and respond in a tiered approach to intervention (i.e., Students missing 5-9%, students missing 10-19%, and students missing 20% or more).
- Provide personalized early, caring, and constructive outreach to families already missing school. Look for and identify barriers to attendance.
- Work with Student Supports/Probation Officer (truancy intervention and prevention) to identify and address patterns of excessive absences. Work with families to address situations that are leading to absences offering resources when and if appropriate.
- Put system in place to contact and work with parents of chronically absent students, providing incentives for improvement.
- Conduct parent meetings for foster students within 30 days of enrollment to collect information, identify student needs, determine educational rights, and ensure access to interventions in a timely manner. Elementary schools will use an SST format. MS meeting consists of records review with parents and Counselor.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members

Name of Members	Role
Andrea Radmilovich	Principal
Melissa Eisenhamer	Parent or Community Member
Kaaren Nyberg	Classroom Teacher
Terry Jones	Parent or Community Member
Claudia Escobar	Parent or Community Member
Kim Hendrix-Racine	Other School Staff
Joe Clingan	Classroom Teacher
Cheryl Craig	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 11, 2020.

Attested:

Principal, Andrea Radmilovich on 6/11/20

SSC Chairperson, Cheryl Craig on 6/11/20

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.
