10.200 PRELIMINARY STATEMENT

10.200.1 Statutory Authority for These Rules

The rules contained herein are established pursuant to the authority of the Personnel Commission under Education Code Sections 45260 and 45261 and other provisions governing the Merit System Act in the Education Code. It is recognized certain of these rules venture into substantive matters within the prerogative of the Governing Board. For that reason, the initially adopted set of rules and regulations were submitted to the Governing Board for its approval. Thereafter, it shall be the policy of the Commission to submit all new rules or amendments or deletion of existing rules to the Governing Board when:

- A. The rule obviously requires Board approval, and
- B. It is difficult to define the division of Commission and Board authority regarding the rule in question. In such cases, the rule in question will not become effective until it has been approved by the Governing Board.

10.200.2 Interpretation and Application of Rules

The Commission recognizes no set of rules can contemplate all possible combinations of circumstances affecting particular cases. Accordingly, these rules are to be applied with consideration of their intent; however, specific, applicable provisions of the rules shall not be waived, ignored, or superseded because of the special circumstances of particular cases. In instances where two or more rules appear to be in conflict, or when no rule provides a clear-cut answer to a problem, the matter shall be decided by the Personnel Director, subject to appeal to the Personnel Commission. The Commission is open to reasonable suggestions to amend the rules with prospective application; however, no rule amendment or new rule shall have retroactive applicability, unless legally necessary. All statutory provisions applicable to classified service shall govern.

10.200.3 Severability

If judicial review or a change in law invalidates any portion of these rules, such findings or amendment shall not affect the validity of other rules or provisions.

30.100.4 Effect of Exemption

Any position or employee lawfully exempted from the classified service shall be excluded from the benefits and burdens imposed by these rules, except as provided by law or the Governing Board. (ECS 44065)

30.100.5 Professional Expert Assignments

- A. When a professional expert assignment is to be made, the administration shall submit to the Personnel Director a description of the project, its duration, and the duties to be performed. Professional expert assignments shall not be made to avoid payment of overtime to the assigned employee, nor shall a limited-term position be filled by a professional expert assignment if the duties and responsibilities fit an existing class for which a reemployment or eligibility list exists.
- B. When the person is known who is to be appointed as a professional expert, his name and data relative to his qualifications shall be submitted to the Personnel Director. In order to be exempted from the classified service as a professional expert, an individual must be recognized as such by reputable members of his profession. (ECS 45256, 45260)

30.200 GENERAL CLASSIFICATION RULES

30.200.1 Assignment of Duties

The Governing Board shall fix and prescribe the duties and responsibilities to be performed by all persons in the classified service, except those on the Personnel Commission staff. When the duties being performed by an employee are found to be inconsistent with the duties officially assigned to that employee classification the Director shall report the facts to the responsible administrator in order that appropriate action may be taken.

30.200.2 General Nature of the Classification Plan

The Commission shall maintain a classification plan for all positions in the Classified Service. The Commission may create new classes and abolish, divide, or combine existing classes within the classification plan as the needs of the Classified Service require as determined by the Commission. The list of classes shall contain designation of the salary rate or range applicable to each class. (ECS 45264, 45266)

30.200.3 Class Specifications

For each class of positions there shall be established and maintained a class specification, which shall include:

- A. The official class title;
- B. A definition of the class, indicating the type of duties and responsibilities;
- C. A statement of typical tasks and essential duties to be performed by persons holding positions allocated to the class;
- D. The Board recommends and the Personnel Commission approves a statement of the minimum qualifications for service in the class. The minimum qualifications may include education, experience, knowledge, skills, abilities, and personal and physical traits and characteristics; (ECS 45276)
- E. A statement of distinguishing characteristics which differentiates the class from other related or similar classes;
- F. License or other special requirements for employment or service in the class;

- G. Any additional qualifications considered so desirable any person considered for employment who possesses them may be given additional credit in the evaluation of his qualifications, even though such additional qualifications are not a prerequisite to consideration for employment. (ECS 45256, 45260, 45276)

30.200.4 Interpretation of Class Specifications

The class specifications and their various parts are declared to have the following force and effect:

- A. The definition and typical tasks are descriptive and explanatory only and not restrictive. They indicate the kinds of positions by their duties, responsibilities, and qualification requirements, and do not prescribe what these details shall be in respect to any position. The use of a particular expression or illustration as attributes are typical or descriptive of the class and does not exclude others not mentioned but of similar kind and/or quality as determined by the Personnel Commission.
- B. In determining the class to which any position shall be allocated, the specification for each class is considered as a whole. Consideration is given, not to isolated clauses, phrases, or words, apart from their context and from illustrative information in other parts of the specifications, but to the general duties, responsibilities, specific tasks, and qualification requirements as affording a picture of the positions the class includes.
- C. Each class specification is construed in its proper relationship to other specifications, particularly those of classes in the same series and group of classes, in such manner as to maintain a proper gradation in the series in which the class is located and proper differentiation within the group of classes.
- D. The statement of qualification requirements, when considered with other parts of the specification, is to be used as a guide in the announcement and preparation of tests and in the evaluation of the qualification of candidates seeking appointment to positions allocated to the class, but does not require a particular form or content of test or testing procedure. (ECS 45256, 45260, 45276)

30.200.5 Allocation of Positions to Classes

All positions substantially similar as to the duties performed and the responsibilities exercised by the incumbents of such positions and as to their qualification requirements shall be allocated to the same class. (ECS 45256)

30.200.6 Changes in Duties of Positions

Any substantial change in the duties of existing positions shall be promptly reported in writing by the appointing authority or designee to the Director, who shall conduct a review to determine whether the position should be allocated to a new or different class. Should a change in classification be warranted or necessary, the Director shall submit recommendations to the Personnel Commission for action. (ECS 45256, 45285)

30.200.7 Working Out of Classification

When an employee is required to work out of classification for any period of time which exceeds five working days within a 15-calendar day period (ECS 45110), the fact shall be reported to the Personnel Director, who shall immediately investigate and take action as necessary. The action taken and the facts upon which the action was

predicated shall be reported to the Commission. The rule shall not be construed as permitting an employee to refuse to perform duties legally assigned by competent authority. An employee may be assigned to work beyond the scope of the duties normally assigned to the employee's position or reasonably related thereto provided that the employee's salary is adjusted as follows:

- A. When a regular employee in the classified service works in a higher classification for a period of time which exceeds five working days within a fifteen calendar day period, the salary of the employee shall be adjusted upward for the entire period of working out of classification.
- B. Request for differential pay for working out of class shall be submitted to the Director as soon as possible after the assignment has been made.
- C. A claim for a pay differential for working out of class may be submitted by the employee or the supervisor. The Director will notify the supervisor upon receipt of a claim submitted by an employee.
- D. A claim for pay differential for working out of class must contain a list of the assigned duties. (ECS 45110)

30.200.8 Review of Positions

The Personnel Director shall review the duties and responsibilities of positions as necessary to determine their proper classification and shall cause all positions to be reviewed at least once every 5 years. If the Personnel Director finds a position or positions should be reclassified, he shall advise the Administration of his findings. If the Administration verifies the duties of the position, or if the duties are not revised to fit within the current classification, the Director shall report his findings and recommendations to the Commission. He shall also report his findings in cases where his review indicates no change in classification is necessary. (ECS 45256, 45285)

30.200.9 Creation of New Positions

When the Governing Board creates a new position, it shall submit to the Personnel Director, in writing, the duties to be performed by the position. The Personnel Director shall present recommendations to the Commission which shall:

- A. Classify the position and determine whether the position should be allocated to an existing class or to a new class.
- B. Prepare and approve the qualification requirements for the position class, ensuring they reasonably relate to the duties of the position and will admit an adequate field of competition.
- C. Designate the proper salary range if a new class is established.
- D. Notify the Governing Board of its action. (ECS 45276)

30.300 RECLASSIFICATION

30.300.1 Requests for Study (Revised 5/19/16)

Requests for classification and reclassification study of existing positions shall be submitted in writing on the Request for Classification Review Form (available to be downloaded from Personnel Commission web page on District official website, or in Personnel Commission Office) to Director, Classified Personnel, together with an optional additional statement of the reasons for requesting study. Such requests may be initiated by the Administration (with approval of the Superintendent), by the Personnel Commission, by employees or employee organizations. (ECS 45285)

Classification and reclassification requests may be submitted anytime. If the Personnel Commission directs its staff to undertake the study necessary to respond to a request, the staff will have a 90-working-day window to complete the review. The 90 working days refers to the work calendar of the position(s) to be studied. If the study is not completed within that time, the 90-working-day date can be considered when the Commission sets the effective date of the study. If the study is of such size and scope that 90 working days is not a reasonable time frame (e.g. system-wide study, or large job family study, or several employees in different locations) then a timeline will be established including input from the District, the bargaining representative if applicable, and the employee(s) requesting the review.

If the study is for multiple positions or several classes such that 90 days is too short a time, or the request is received before a long break period (e.g. summer) when the incumbent may be off contract and not available for the study data to be collected, the Commission staff will project a reasonable date for completing the study and provide the Commission with justification including a determination as to whether or not the study will require outside resources in order to be completed in a reasonable time frame.

The intent of this rule is to minimize the time that an employee must wait for a determination to be made once the study request is submitted to and accepted by the Commission.

30.300.2 Effective Date of Reclassification (revised 5/19/16)

Reclassification of a position shall become effective on the date prescribed by the Commission and shall not have retroactive effect unless the study is not completed within timeline set forth in 30.300.1. Effective dates may be set sufficiently in the future to allow time for examinations to be completed, but for not more than three months. (ECS 45285)

30.300.3 Effects on Incumbents

- A. When all of the positions in a class are reclassified to a higher class, the incumbents of the positions who have been in the class for two or more years may be reclassified with their positions by the Personnel Commission. When a portion of the positions within a class are reclassified to a higher class an incumbent who has a continuous employment record of two or more years in one or more of the positions being reclassified may be reclassified with his position as provided by Personnel Commission rule. If a person is in a position which is being reclassified and has not been in the position for two or more years, he must compete in a new examination and place in the top three ranks to be promoted.

Should the employee not successfully place in the top three ranks he may be retained in the position at the lower classification. The position shall remain on record as having been classified to the higher classification.

In order for an incumbent to be reclassified to the higher class, the basis for the reclassification of the position must be the gradual accretion of duties and not a sudden change occasioned by reorganization or the assignment of completely new duties and responsibilities. Determination as to the gradual accretion of duties will be on the basis of the guidelines provided by the Rules and Regulations of the Personnel Commission.

An employee who has been reclassified with his position shall be ineligible for subsequent reclassification with his position for a period of at least two years from the initial action.

- B. When a position or group of positions is reclassified to a class with an equal or lower wage or salary range, an incumbent shall have the following rights:
1. The right to bump the employee in the same class with the lowest seniority in the class, provided the incumbent has greater seniority in the class;
 2. The right to bump the employee with the least seniority in any equal or lower class in which the incumbent formerly served, provided he had greater seniority in the class;
 4. The right to be demoted or to transfer, without examination, to the class to which his position is reclassified; The employee may choose to transfer, demote, or exercise bumping rights at his option, and his choice shall not affect his right under Rule 30.300.5 below. (ECS 45285)

30.300.4 Definition of Gradual Accretion

For purposes of these guidelines, two (2) or more years of regular service shall be interpreted to mean assignment for at least two (2) complete years within the class or position. Determination as to gradual accretion will be based on an analysis of data to be supplied by the department or school, as well as the Personnel Commission staff, regarding the following guideline factors:

1. The nature and scope of each identified change in duties and responsibilities.
2. The exact or approximate date the incumbent began the performance of the newly acquired duties and responsibilities.
3. The conditions which led to the association of the added duties and responsibilities with the subject position(s).
4. Evidence of the employee's performance of the added duties and responsibilities. (ECS 45285)

30.300.5 Reemployment List for Displaced Incumbents

- A. Any displacement of a regular employee resulting from a reclassification of a position, positions, or class of positions shall be considered a layoff for lack of work, and an appropriate reemployment list will be established in accordance with these rules with regard to the period of eligibility. (ECS 45298)

- B. This rule shall be followed in all instances of reclassification whether it results in upgrading, downgrading, lateral class movement, bumping, or complete displacement of incumbents.

30.400 MISCELLANEOUS RELATED RULES

30.400.1 Decreases in Assigned Time

- A. When a permanent position is to be reduced in assigned time per day, week, months, or year, the incumbent shall have the right to transfer into any vacant position in the class which is not greater in assigned time than his former position. If a vacant, permanent position of equal time is not available, the incumbent may bump the incumbent of a position with equal time who has the least seniority in the class, provided he has greater seniority.

If no such option is available, he may bump the employee with the least seniority among those occupying positions of less time than the original position, provided he has greater seniority. An employee so bumped shall have similar bumping rights.

40.200.4 Open Competitive Examinations

The entry level classification (class lowest on the salary schedule) with the Classified Service of the District shall always have an open competitive examination and veterans' preference points shall be allowed as specified in 40.100.6. These examinations shall be open to all qualified applicants.

40.200.5 Promotional Examinations

Where an adequate field of competition exists within the District and examinations can reasonably be expected to result in three qualified ranks of eligibles, the field of competition may be limited to promotional applicants.

- A. Promotional examinations shall be restricted to probationary and permanent employees of the District and former employees on a valid reemployment list who meet the qualifications of the class. Probationary employees (defined as those employees who hold no permanency in any classification in the District) may take the exam but will not be able to be selected off of the promotional eligibility list until completion of their probationary period.
- B. Performance evaluations and employee development appraisals prepared by the immediate supervisor and reviewed by the employee may be considered in evaluating an employee's general fitness for promotion.
- C. In admitting applicants to examinations, age shall not be a factor, nor shall any questions relating to political or religious opinions or affiliations, race, color, national origin or ancestry, sex, or marital status be asked of any applicant, or any candidate whose name has been certified for appointment, nor shall any discrimination be exercised therefore. (ECS 45293)

40.200.6 Promotional and Open Competitive Examinations

Where an adequate field of promotional applicants does not exist or there is doubt as to its adequacy, the Director, Classified Personnel may advertise the examination among employees and the general public.

- A. Applicants shall be considered as a group in determining passing scores on the examination.
- B. This examination procedure shall result in a promotional and an open eligibility list. The promotional eligibility list shall take precedence when certifying eligibles. When the promotional eligibility list does not contain sufficient ranks of eligibles (defined as having fewer than three eligible and willing employees), certification of additional ranks shall then be made from the open list. Example: Only two eligible employees are on the promotional list and there is a valid open list. The two eligible employees on the promotional list will be merged with the existing open list and any veteran's and seniority points

will be added to the eligible employees promotional list scores (with the total rounded to the nearest whole percent). The appointing authority will then interview the top three ranks of willing and able candidates off the newly combined Promotional/Open list. (ECS 45261, 45261, and 45272)

40.200.7 Dual Merged Examinations

Upon the recommendation of the Director, Classified Personnel, the Commission may authorize the holding of an examination under merged promotional and open competitive procedures, or dual examination. The resulting eligibility list shall consist of promotional and open competitive eligibles in one merged list. Veteran's credits will not be allowed, however, seniority credit for promotional candidates will be allowed. (ECS 45284)

40.200.8 Continuous Examinations

The Commission may designate examinations for specified classes as continuous examinations. Applications shall be accepted as needed and examinations shall be given as the need arises.

- A. If an Oral Examination is required, the interview panel may consist of two persons who may be employees of the District or the Commission, as designated by the Director, Classified Personnel.
- B. A candidate who is unsuccessful in an examination may not retake the examination for the same classification for a period of 90 calendar days, or as specified by the Director, Classified Personnel as deemed necessary and fair. (ECS 45273 and 45292)

40.200.9 Types of Examinations

Examinations shall consist of one or more independent parts. They may be written or oral or in the form of a practical demonstration of skill, knowledge, and ability, or any combination of these. Any investigation of education, experience, character, or identity, and test of technical knowledge, manual skill, or physical and mental fitness which, in the judgment of the Commission serves this end, may be employed. (ECS 45273)

40.200.10 Examination Scores and Weights

Under the supervision of the Commission, the Director, Classified Personnel, shall formulate the scoring and impartial weighting of examinations. Competitors may be required to attain a designated rating of level of proficiency in each part or in combined parts of the examination to qualify for participation in the next part.

40.200.11 Review of Written Test

- A. During the written test administration, candidates will be provided a test comment sheet to provide comment/s or to protest any part of the test or specific question/s. Any comment/s and/or protest will be reviewed by the Director, Classified Personnel, with input from the Subject Matter Experts (SME) to determine if there is more than one correct answer to a question or to disqualify a question if the protest and/or comment/s are valid. If this review results in any change, the scoring key for the test will be revised before all answer sheets are scored.
- B. When the written test papers of all competitors have been scored, candidates will be notified of their pass/fail status. Those who failed may request a summary of their results. Candidates who pass the

written test and proceed to the next examination part, will be notified of their test results at the completion of the examination process.

- C. The Director, Classified Personnel shall inform the protestant of his decision. If he rules against the protest, the applicant may appeal to the Personnel Commission, but the appeal shall not delay other parts of the examination process.
 - 1. Appeals to the Personnel Commission shall be submitted in writing to the Personnel Commission Office within three (3) working days of receipt of the decision of the Director, Classified Personnel.
 - 2. The Personnel Commission shall hold a hearing to hear the appeal of the applicant. The decision of the Personnel Commission shall be in writing and served on the applicant as outlined in Chapter 40.100.4

40.200.12 Examination Records

- A. Examination records, including any recordings and rating sheet of each member of the oral board for each candidate, shall be retained by the Commission for a period of not less than 90 days after establishment of an eligibility list.
- B. No examination records shall be available to the public or to any person for any purpose not directly connected with the examination and shall be considered confidential but shall, within reasonable time limits, be made available to a candidate or his representative.

40.200.13 Oral Examination

- A. If an oral examination is included in the tests, competitors eligible for the interview will be examined at the earliest practicable date after conclusion and rating of the earlier test(s).
- B. The panel shall consist of two or three persons, and at least two persons are necessary to perform screening.
- C. An employee of the District or of the Commission may serve on an interview panel if that employee is not at the first or second level of supervision over a vacant position in the class for which the examination is being held.
- D. Unless specifically directed to evaluate candidates' technical knowledge and skills, the interview panel shall confine itself to evaluating general fitness for employment in the class.
- E. When the interview panel is directed to evaluate technical knowledge and skills, at least two members of the panel shall be technically qualified in the specified occupational areas under examination.
- F. Members of the Board of Education or Personnel Commission shall not serve on an interview panel.
- G. Interviews shall be electronically recorded and filed in the Commission Office.
- H. Scores achieved by the candidate on other parts of the examination shall not be made available to the interview panel.

- I. In no case will an oral or performance examination board be provided with confidential references on employees of the District who are competing in examinations.
- J. In interview panel examinations, ratings shall be expressed in percentages with 70% being the qualifying rating, or according to specific proficient percentage score pre-approved by the Director, Classified Personnel. Each interviewer shall make ratings independently either before or after discussion with other interviewers.

40.200.14 Ties in Examination Scores

All final scores shall be rounded to the nearest whole number and ties shall be considered one rank.

- A. Twelve-Month and Six-Month Lists
 - 1. An eligibility list is automatically terminated one year from the date of its approval unless extended by the Commission.

- D. An eligibility list may be terminated by the Personnel Director when no eligible is available for appointment to a specific permanent position in a class or when there are fewer than three eligibles remaining on the list.

50.100.4 Continuous Examination Eligibility Lists

- A. When turnover of eligibles is particularly high on any eligibility list, continuous testing procedures may be implemented. Such procedure allows for the continuous testing of applicants for the classification so designated. Such examinations will be given on an ongoing basis to fill vacancies in the classification. (ECS 45292)
1. Candidates who take and pass the examination shall be merged on the existing list in the order of examination scores.
 2. Once an eligible is placed on the continuous examination eligibility list, the eligible shall remain on the list for one year subject to the provisions of Rule 50.100.6.
 3. Once an eligible has passed the test the eligible may not retake the examination for a period of one year.
- B. All rules pertaining to the screening, testing and placement of eligibles shall remain in effect as specified in these rules.
- C. All eligibility lists that result from the continuous examination process shall be certified by the Commission.

50.100.5 Eligibility After Appointment

An eligible who accepts part-time employment shall continue to be eligible for full-time employment, and an eligible who accepts limited-term employment shall continue to be eligible for regular appointment. (ECS 45286)

50.200.2 Procedure When Fewer Than Three Names Remain

- A. When fewer than three eligibles are available on the promotional list, sufficient ranks shall be certified from the open list to allow a choice of no less than three eligibles.
- B. When fewer than three eligibles are available for certification, the available eligibles shall be certified; however, the appointing authority may choose not to appoint any of them and may request a new examination.

50.200.3 Other Sources of Eligibility

In the absence of a reemployment list for a class, a vacancy may be filled by transfer, demotion, reinstatement or reemployment (after resignation), restoration to former class after voluntary demotion, or other means provided in the rules, without regard for existence of eligibility lists. (ECS 45272)

50.200.4 Procedure of Certification and Appointment

- A. When a position is to be filled, the appointing power shall notify the Personnel Director and indicate the date of need. Such shall be submitted on the appropriate District form. The request for certification shall state the class title, hours, and location of employment, and other pertinent information as required by the Director.
- B. The Personnel Director shall ascertain the availability of eligibles and shall certify names to the appointing power in accordance with these rules. When specific qualifications for a position are required, the top three eligible ranks may be waived in favor of those from the list possessing that specific competency, i.e., process known as "selective certification."
- C. Employees of a higher or equal classification wishing to be considered for voluntary demotion or lateral transfer, with mutual consent of both department heads involved, may be considered by the appointing authority. No limit as to the number of such persons in this category shall be made.

The appointing authority shall interview candidates for a vacant position from all of the following groups:

- Employees seeking reinstatement,

50.200.6 Refusals of Appointment

An eligible may refuse appointment to a specific position and retain eligibility. However, three employment offer refusals shall cause removal from the eligibility list.

50.200.7 Certification From List for Another Class

If there is no eligibility list for the class in which the vacancy occurs, certification may be made from a list for another class at the same or a higher level if the duties and qualifications include substantially all of the duties of the position to be filled. Such shall occur when the Personnel Commission finds that the use of the list is in the best interest of the District and that the necessary skills and knowledge were adequately tested in the examination.

50.200.8 Withholding Names From Certification

The name of an eligible may be withheld from certification when:

- A. He expresses unwillingness or inability to accept appointment.

- G. For any reason listed in Rule 40.100.3.

50.200.9 Restoration to Certification

When the name of a person has been withheld from an eligibility list or from certification or has been removed from the list, it may be placed on such list or restored thereto by the Personnel Commission under the following circumstances:

- A. When the withholding or removal was because of the waiver or inability of the eligible to accept employment, or failure to respond to inquiry as to his availability, to appear for interview, or to present himself for duty, and the applicant presents a good and valid reason and certifies to the Personnel Commission he is now willing and able to accept appointment.
- B. When the withholding or removal was for a reason stated in Rule 40.100.3 and such action was improper or the defect has since been corrected.

Revisions and withdrawals of voluntary waivers shall not require approval by the Commission.

50.200.10 Duties of Eligible

- A. Eligibles will be contacted by telephone or mail and it shall be the duty of every eligible to respond within three workdays. If necessary, collect calls to the District will be accepted. Failure of an eligible to respond within the above-stated time will be deemed an automatic waiver of certification and the Personnel Director may certify an additional name in lieu of the name of such eligible.
- B. Notification that the eligible has been selected for employment shall be made by telephone, letter, or by certified mail, and acceptance shall be received by the Personnel Director within five workdays.
- C. An eligible who has been certified shall be allowed two weeks to report for duty after an offer of appointment to a permanent position has been made. If he is unable or unwilling to report by the end of two weeks, he may be considered to have refused appointment; and the appointing power may request certification of another name from the eligibility or reemployment list.
 - 1. The date of the offer of appointment shall be the date on which the eligible is notified by the Personnel Director of his selection.
 - 2. The appointing power may allow a period longer than two weeks at its discretion.
- D. Every person who has been placed on any eligibility list or reemployment list shall promptly and in writing file with the Commission his correct telephone number, mailing address, and place of residence. This address shall be the place where the Commission and the Personnel Director shall direct all notices necessary in carrying out the provisions of the Act and these rules. Whenever such person shall have any change in mailing address or place of residence, he shall promptly notify the office of the Commission, stating the list or lists upon which his name appears, together with his new mailing address and place of residence. Failure or neglect on the part of any such person to file such information may, at the discretion of the Commission, operate as a waiver of his order of certification and/or appointment from any such list or lists.

50.300 PROVISIONAL APPOINTMENTS

50.300.1 Restrictions

- A. When the Commission certifies no eligibility list exists for a position in the classified service, a new employee may receive provisional appointments which may accumulate to a total of 90 working days. A 90-calendar-day interval shall then elapse during which the person will be ineligible to serve in any full-time provisional capacity.
- B. No person shall be employed in provisional capacities under a given Governing Board for a total of more than 126 working days in any one fiscal year, except when no one is available on an appropriate eligibility list for a part-time position as defined in ECS 45256, successive 90-working-day provisional appointments may be made to the part-time position for a total of more than 126 working days in a fiscal year.

Establishment of limited term/substitute positions shall be first authorized by the Assistant Superintendent, Human Resources, subject to review and approval of the Director, Classified Personnel, and ratified by the Board of Education.
- C. The limited term/substitute assignment may be in the same class as that of the absent employee or the duties may be reduced in level and the appointment may be made from a lower class, if the Assistant Superintendent, Human Resources, in consultation with the Director, Classified Personnel, both determine that the appropriate classification of the duties to be assigned is of a lower class.

- D. Eligibles who accept substitute or limited-term assignments shall remain on the appropriate list and shall not have been considered as having waived their right to consideration for appointment to intervening positions.
- E. No credit toward acquiring permanent status with the District nor in any classification shall accrue from service in a limited term or limited term/substitute appointment.

CHAPTER 60

60.100 PROBATIONARY PERIOD

60.100.2 Rights of Probationary Employees

It shall be the duty of the appointing authority during the probationary period of each employee to investigate his conduct, capacity, moral responsibility and integrity to determine whether the employee is fully qualified for permanent status. Probationary employees shall be evaluated at least twice during their probationary period.
- B. A new employee who resigns in good standing during his initial probationary period shall, upon his written request, have his name restored in proper rank to the eligibility list. Such action shall not extend the life of the eligibility list or the period of eligibility of the employee.
- C. A new employee who is suspended or dismissed during this initial probationary period shall be notified in writing of the action and the reasons therefore. He shall not have the right to appeal.
- D. A permanent employee who has been promoted to a higher class may be demoted involuntarily during the probationary period to his former class. He shall be notified in writing of the action and the reasons therefore. He shall not have the right to appeal.
- E. He may also take a voluntary demotion.

No examination shall be held for a lateral transfer.
- E. Transfers shall not change the employee's salary rate, anniversary date, accumulated illness leave, and accumulated vacation credit, or in any other manner reflect adversely upon his rights as provided in law and these Rules.
- F. The Personnel Director shall determine whether classes are sufficiently related to permit transfer between them. He shall consider similarity of duties, minimum qualification, examination content, occupational group, and promotional field (above and below). In general, more latitude in transfers is permitted:
 - 1. As the employee's seniority in the classified service increases.
 - 2. When the transfer request is based on reclassification, impending layoff, or for reasons of health.
 - 3. When the employee meets the minimum requirements for the class.
- G. A permanent employee who transfers to a position in a class in which they have not previously completed a probationary period shall be considered probationary in that class for a period of six months. At any time during the probationary period, he may be returned (transferred) to his former class without right of appeal unless such action results in layoff, demotion, or reduction in assigned time. In the latter cases, the employee will have the same appeal rights as a permanent employee who is demoted or dismissed.
- H. Transfers shall have the following effects on seniority:
 - 1. Within the same class – none.
 - 2. From one class to another – the employee shall not receive seniority credit in the new class for service in other classes; however, he shall retain such credit as seniority in the classified service.
- I. Transfers shall not be used as a means to alter the effects of impending layoff, although employees whose positions are to be eliminated may transfer to other classes as this rule permits.
- J. An employee transferred involuntarily may request a conference with his immediate supervisor or a written statement regarding reasons for the transfer.

60.200.2 Demotions

- C. Involuntary demotion is a disciplinary action for cause and is subject to the pertinent rules and procedures.

60.200.3 Restorations

- A. A former permanent employee who resigned in good standing may be reinstated in their former class and status within 39 months of the last day of paid service. Also, he/she may be reemployed in a lower related class, if qualified, or in limited-term status in the same or lower class. Such actions are discretionary with the appointing authority. (ECS 45309)
- B. Persons laid off because of lack of work or lack of funds are eligible to reemployment for a period of 39 months and shall be reemployed in preference to new applicants. In addition, laid off employees have the right to participate in promotional examinations within the District during the 39-month period. (ECS 45298)
- C. Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff or choose to remain in their present positions rather than be reclassified or reassigned shall be granted the same rights as persons laid off and shall retain eligibility to be considered for reemployment for an additional period of up to 24 months; provided the same tests of fitness under which they qualified for appointment to the class shall still apply. The Personnel Commission shall determine the specific period of eligibility for reemployment on a class-by-class basis. (ECS 45298)
- D. Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff shall be, at the option of the employers, returned to a position in their former class or to positions with increased time as vacancies become available, and without limitation of time, but if there is a valid reemployment list they shall be ranked on that list in accordance with their proper seniority.
- E. Reinstatement or reemployment of a former employee shall have the following effects:
 - 1. Restoration to the former step in the salary range for the class, or if reemployed in a lower class, to the rate closest to that of the step to which he would be assigned if he were reinstated to his former class.
 - 2. If restored to permanent status, restoration of accumulated sick leave and seniority as of the date of separation.

4. Upon separation from the service, a permanent employee shall be paid for his accumulated vacation credit at the rate of pay applicable to his last regular assignment.

60.400.2 Paid Sick Leave

Paid sick leave shall be governed by the provisions set forth in the negotiated agreement with classified employees. Subjects not addressed in that agreement shall follow the provisions set forth in these rules and regulations.

- A. Sick leave is the authorized absence of an employee because of illness or injury or exposure to contagious disease.
- B. A regular classified employee (probationary and permanent) shall earn paid sick leave in accordance with the provisions of the classified agreement. Unused sick leave may be accumulated without limit.
- C. At the beginning of each fiscal year, the sick leave bank of the employee shall be increased by the number of days of paid sick leave which he would normally earn in the ensuing fiscal year. An employee's sick leave bank shall be adjusted if a change of assignment alters the amount of sick leave earnable.
- D. Pay for any day of sick leave shall be the same pay the employee would have received if he had worked that day.
- E. In order to receive compensation while absent on sick leave, the employee must notify his supervisor and/or the District substitute clerk of his absence one (1) hour prior to the starting time of his work day, unless conditions make notification impossible. The burden of proof of impossible conditions shall rest with the employee.
- F. At least one and one-half (1-1/2) hours prior to his expected return to work, the employee shall notify his supervisor and/or the District substitute clerk in order that any substitute employee may be released. If the employee fails to notify the substitute clerk and both the employee and the substitute report, the substitute is entitled to two hours of pay which shall be deducted from the employee's salary.
- G. An employee absent for three working days or more may be required to present a doctor's or practitioner's statement stating the nature of the illness or injury and the date the employee is able to return to work.

60.400.3 Extended Sick Leave

Extended sick leave shall be governed by the provisions set forth in the negotiated agreement with classified employees. Subjects not addressed in that agreement shall follow the provisions set forth in these rules and regulations.

- A. After exhaustion of all accumulated regular sick leave, classified personnel absent from their duties due to illness or accident shall be entitled to other sick leave, hereafter known as an extended sick leave. This

leave shall be granted following the exhaustion of all accumulated sick leave, leave as a result of industrial accident, and accumulated vacation.

- B. Computation for such days of sick leave shall be at the rate of fifty percent (50%) of the employee's regular salary.

60.400.4 Termination of Sick Leave

- A. An employee who has been placed on paid or unpaid sick leave may return to duty at any time during the leave, provided he is able to resume the assigned duties and, if the leave has been for more than 20 working days, provided he has notified the District of his return at least three working days in advance.
- B. If, at the conclusion of all sick leave and additional leave (paid or unpaid) granted under this rule, the employee is unable to assume the duties of his position, he will be placed on a reemployment list for a period of 39 months in the same manner as if he were laid off for lack of work or lack of funds.

60.400.5 Industrial Accident and Industrial Illness Leave

- A. Leaves resulting from an industrial accident or industrial illness shall be granted in accordance with the provisions of Education Code Sections 44043 and 45192 and this rule; and shall not exceed 60 working days in any one fiscal year for the same accident and is not accumulative from year to year.
- B. An employee in the classified service, who is absent from duty because of an illness or injury defined as an industrial accident or industrial illness under the provisions of the Worker's Compensation Insurance law, shall be granted paid industrial accident leave for each such accident or illness while receiving temporary disability benefits from Worker's Compensation within the limitations of paragraph "A" above provided that:
 - 1. He has probationary or permanent status.
 - 2. The Superintendent or his designated representative has determined that the illness or injury was directly related to the performance of their duties.
- C. Paid industrial accident leave shall be reduced by one day for each authorized absence regardless of the temporary disability allowance made under worker's compensation. Days absent while on paid industrial accident leave shall not be deducted from the number of days of paid illness leave to which an employee may be entitled.
- D. If the employee is still unable to return to duty after exhausting paid industrial accident leave, the employee shall be placed on paid illness leave if he is eligible. Accumulated illness leave will be reduced only in the amount necessary to provide a full day's wages or salary, as indicated in the employee's assignment, when added to compensation without penalties from the State Compensation Insurance Fund.
- E. After all paid illness leave has been exhausted following a paid industrial accident leave; an employee may choose to receive pay from accrued vacation to the extent necessary to make up the employee's

regular salary when receiving a temporary disability allowance without penalties from the State Compensation Insurance Fund.

- F. After the expiration of all paid leave privileges, the appointing authority may place the employee on an industrial accident leave without pay. The total time of all leave benefits provided under this rule, including unpaid industrial accident leave, shall not exceed 24 months for any one industrial accident or industrial illness.
- G. Upon return to service from any paid or unpaid leave resulting from an industrial accident or industrial illness, an employee shall be assigned to a position in his former class ahead of any employee with a lesser amount of seniority. If no vacancy exists in his former class, he may displace the most recently appointed employee in the class with less seniority. If an employee's former class has ceased to exist, the employee may be reassigned or placed on a comparable reemployment list.
- H. An employee returning from such paid or unpaid leave of absence shall not have any loss or gain in status or benefits other than that which is specifically provided in applicable provisions of the Education Code and Personnel Commission rules. An employee shall continue to receive seniority credit for all purposes while on such paid or unpaid leave of absence.
- I. When all paid or unpaid leaves of absence have been exhausted following an industrial accident or industrial illness, the employee's name shall be placed on the reemployment list for the class from which he was on leave for a period not to exceed 39 months.
- J. An employee who fails to accept an appropriate assignment after being medically approved shall be removed from the reemployment list and terminated. Appropriate assignment is defined as an assignment to the employee's former class, in his former status and time basis, and in assignment areas in which the employee has made himself available.
- K. While an employee is on any paid leave resulting from an industrial accident or industrial illness, the employee's salary paid by the District shall not, when added to a normal temporary disability allowance award without penalties granted the employee under State Worker's Compensation insurance laws, exceed the employee's regular salary. An employee's regular salary is computed on the basis of the number of hours and days in his basic daily assignment. An employee who received a shift or other salary differential shall lose the advantage of the differential after 10 consecutive days of paid industrial accident leave for any one accident or illness.
- L. During all paid leaves resulting from an industrial accident or industrial illness, the employee shall endorse to the District all wage-loss benefit checks received under State Worker's Compensation Insurance laws. The District shall issue to the employee appropriate warrants for payment of wages, loss of benefits, salary, and/or leave benefits, and shall deduct normal retirement and other authorized contributions. Final allowance for permanent industrial disability settlements shall not be subject to remittance to the District under this rule.
- M. Benefits for classified employees are not provided during school recess periods (spring vacation, winter vacation, and during the summer months). Passage of the unemployment legislation would have been impossible if the cost were raised to include recess periods.

60.400.6 Bereavement Leave

Bereavement leave shall be governed by the provisions set forth in the negotiated agreement with classified employees. Subjects not addressed in that agreement shall follow the provisions set forth in these rules and regulations.

- A. Probationary and permanent employees in the classified service if absent from duty because of bereavement in the immediate family may receive leave with full pay up to five working days for any one bereavement. Reasonable verification of death and relationship to the deceased may be required.
- B. Members of the immediate family means husband, wife, son, daughter, father, mother, or any person who acted in the capacity of a parent or guardian, mother-in-law, father-in-law, son-in-law, daughter-in-law, sister, brother, grandmother, grandfather, grandchild, or any relative residing in the employee's household.

60.400.7 Jury Duty and Witness Leave

Jury duty and witness leave shall be governed by the provisions set forth in the negotiated agreement with classified employees. Subjects not addressed in that agreement shall follow the provisions set forth in these rules and regulations.

- A. Leave of absence for jury service shall be granted to any classified employees who have been officially summoned to jury duty in local, state, or federal court. Leave shall be granted for the period of the jury service. The employee shall receive full pay while on leave provided the jury service fee for such leave is assigned to and the subpoena or court certification is filed with the District. Request for jury service leave should be made by presenting the official court summons to jury service to the Personnel Director.
- B. Leave of absence to serve as a witness in a court case shall be granted an employee when he has been served a subpoena to appear as a witness, not as the litigant in the case. The length of the leave granted shall be for the number of days in attendance in court as certified by the clerk or other authorized officer of the court. The employee shall receive full pay during the leave period, provided the witness fee for such leave is assigned to and the subpoena or court certification is filed with the District. Request for leave of absence to serve as a witness should be made by presenting the official court summons to the Personnel Director.

60.400.8 Absence for Examination

Every employee in the classified service shall be permitted to be absent from his duties during working hours in order to take any examination for promotion in the District without deduction of pay or other penalty, provided he gives two days' notice to his immediate supervisor.

60.400.9 Leave of Absence Without Pay

Leave of absence without pay shall be governed by the provisions set forth in the negotiated agreement with classified employees. Subjects not addressed in that agreement shall follow the provisions set forth in these rules and regulations.

A. Leave of absence without pay may be granted to a permanent classified employee, upon the written request of the employee and the approval of the Superintendent or his designated representative, subject to the following restrictions:

1. Leave of absence without pay may be granted for any period not exceeding one year, except leave of absence for the purpose of accepting assignment in the Peace Corp may be granted for a period not to exceed twenty-four months.
2. The granting of a short-term leave of absence without pay (90 days or less) gives to the employee the right to return to his position at the expiration of his leave of absence, provided he is physically and legally capable of performing the duties. The position may be filled only for the duration of the leave.
3. Military Leave - Any classified employee who is on a temporary military leave of absence and who has been in the employ of the District for a period of not less than one year immediately prior to the day on which the absence begins shall be entitled to receive his salary for the first 30 calendar days of any such absence. Pay for such purposes shall not exceed 30 days in any one fiscal year. For the purposes of this section, in determining the one year of school district service, all service of said employee in the recognized military service shall be counted as school district service.

Every classified employee of the school district who is on military leave other than temporary military leave of absence, and who has been in the employ of the District for a period of not less than one year immediately prior to the date on which the absence begins, shall be entitled to receive his salary for the first 30 calendar days while engaged in the performance of ordered military duty. The classified employee as defined in this section refers to an employee who:

- a. is ordered into active military duty as a member of a reserve component of the armed forces of the United States.
- b. is ordered into active military duty as a member of the National Guard or Naval Militia.
- c. is inducted into active federal military duty as a member of the armed forces of the United States.

No more than the pay for a period of 30 calendar days shall be allowed under the provisions of either category, or both, for any one military leave of absence or during any one fiscal year. (Military and Veterans' Code).

B. An employee may make a written request to the Governing Board to return to work prior to the expiration date of the leave. The Governing Board may approve or reject the request.

C. Failure to report for duty within five working days after a leave has been canceled or expires shall be considered abandonment of the position and the employee may be terminated by the Governing Board. The termination may be appealed to the Personnel Commission in the same manner as any other dismissal for cause.

- D. If the employee's classification has been abolished during the employee's absence, he shall be laid off for lack of work and placed on the reemployment list for the class, effective the date of termination of leave. He may be returned to a vacant position for which he is qualified in a class at the same or lower salary.

60.400.10 Leave to Serve in Exempt, Temporary or Limited-Term Position

- A. Any permanent classified employee who accepts an assignment within the District to an exempt, temporary, or limited-term position shall, during such assignment, be considered for status purposes as serving in his regular position, and such assignment shall not be considered separation from service.
- B. The employee may, with the approval of the appointing authority voluntarily return to this position or a position in the class of his permanent status prior to the completion of service in an exempt, temporary, or limited-term position. Failure to complete the required service, unless approved as specified herein, will constitute abandonment of position and may be grounds for disciplinary action by the appointing authority.

60.400.11 Maternity/Child Rearing Leave

Maternity leave shall be governed by the provisions set forth in the negotiated agreement with classified employees.

60.500 LAYOFF (*Revised 4/25/11*)

60.500.1 General Regulations and Reasons for Layoff

Classified employees shall be subject to lay off by action of the Board for lack of work or lack of funds, and only in accordance with the rules and regulations of the Personnel Commission and in accordance with Education Code Sections 45117, 45298 and 45308. Any effects of layoff that may be negotiated by and between the District and any recognized exclusive representative shall be in addition to these Rules and Regulations. Any agreement between the District and a recognized exclusive representative may not provide for less than the mandated employee protections and procedures outlined in this rule.

“Lack of work” shall be defined as a reduction or elimination of the un-needed classified services being provided by any department or school. “Lack of funds” shall be deemed to exist when the salaries of classified employees have been paid from specially funded programs which have expired or are to be terminated; or when there is insufficient general fund.

60.500.2 Procedure Regarding Layoff

Procedures regarding layoff shall be governed by the provisions set forth in the negotiated agreement with classified employees represented by a collective bargaining exclusive represented union. The layoff procedure for classified management, supervisory and confidential employees, and any subjects not addressed in that negotiated agreement shall follow the provisions set forth in these rules and regulations.

- A. The layoff procedure herein described shall apply only to classified employees who have achieved permanent status in one or more District classifications. Employees serving in a probationary status in any classification in which positions are to be eliminated shall be laid off prior to any permanent employee.

- B. When the Governing Board determines classified positions are to be eliminated, due to lack of funds or lack of work, classified employees shall be subject to layoff. Before any layoff notice can be delivered by Personnel Commission and or Human Resources staff, the Board shall adopt a resolution outlining the specific numbers and kinds of positions to be eliminated or reduced by classification and assigned time, stating the reason for the elimination or reduction, giving the number of positions within each classification to be affected.
- C. If any of the impacted positions are represented by a collective bargaining exclusive representative, the District Administration, the exclusive representative, and the Director, Classified Personnel shall meet in advance of layoff notices being sent out to review the proposed layoff and to negotiate the effects of the proposed layoff.
- D. Layoff shall be made in reverse order of seniority in the class in which the layoff occurs. The employee who has been employed the shortest time in the class shall be considered to have the least seniority and, therefore, shall be laid off first. Seniority shall be based on time served in the class plus any time served in a higher class.
- E. Seniority for layoff purposes shall be calculated on the basis of length of service. Length of service shall begin on the hire date of that employee as a probationary or permanent employee in the classification.
- F. A permanent employee whose position has been designated by the Governing Board to be eliminated and who has greater seniority than other employees in the same classification shall be entitled to bump the employee who has the least seniority in the classification.
- G. No permanent employee shall be laid off from any position while employees serving in emergency, provisional, limited-term, probationary, or substitute status are retained in positions in the same classification, unless the impacted employee declines the limited-term or provisional assignments.
- H. A permanent employee whose position has been designated by the Governing Board to be eliminated and who has insufficient seniority within his/her classification to permit bumping, and/or a permanent employee who has been bumped by an employee with greater seniority shall have the right to bump less senior employees in a lower-rated classification, provided the employee has satisfactorily completed a probationary period in the lower classification.
- I. No employee may bump into any position which offers a higher pay rate than the position from which he/she is being laid off.
- J. In any layoff situation the classifications within which a permanent employee may exercise bumping rights shall be based entirely on the classification titles formally approved within the classification plan adopted by the Commission at the time of the layoff.

60.500.3 Notice of Layoff (Ed Code 45117)

- A. When as a result of a bona fide reduction or elimination of service being performed by any department, and classified employees shall be subject to layoff for lack of work, affected employees shall be given notice of a layoff, in writing by Director, Classified Personnel or Assistant Superintendent, HR, not less than forty-five (45) calendar days prior to the effective date of layoff; informed of their displacement rights, if any; and reemployment rights.

- B. The notice to the affected employee shall specify the reason for the layoff and be given by personal delivery or by certified mail to the last known home address of the employee on file in the Human Resources office. Failure of the employee to retrieve delivered mail, or respond to notifications by the U.S. Postal Service of attempted delivery shall not be grounds for voiding notification, or the staying of the timelines outlined in these rules. For purposes of this rule, if a notice is mailed, the second working day following the postmark date of the notice shall be considered to be the official date of receipt.
- C. Nothing herein provided shall preclude a layoff for lack of funds in the event of an actual and existing financial inability to pay salaries of classified employees, nor layoff for lack of work resulting from causes not foreseeable or preventable by the Governing Board, without the notice required by subsection (A) hereof.

60.500.4 Order of Layoff

In the event of layoff, the order shall be determined by the length of service. The permanent employee who has been employed the shortest time in the class plus higher classes shall be laid off first.

- A. "Length of service" shall be determined by the initial hire date in regular classified employee status. Length of service credit shall be granted for time spent on military leave, illness and industrial accident leave.
- B. Bumping rights will be determined by length of service in the classification, length of service with the District as a regular classified employee, and then by lottery.
- C. Should an employee voluntarily separate from service and subsequently be re-employed within 39 months from the date of such separation, length of service credit earned prior to separation shall be reinstated.
- D. An employee transferred from one classification to another shall retain seniority in the former classification; seniority in the new classification shall begin accruing on the date of the transfer.
- E. A probationary or permanent employee serving in a regular class and holding a provisional or limited term appointment to a position in another classification continues to earn length of service credit in the regular class.
- F. No permanent employee shall be laid off from any position while employees serving under limited-term appointments are retained in positions of the same classification unless the regular employee declines the limited-term position.

A limited-term employee may be laid off at the completion of the assignment without regard to the procedures set forth in these rules.

60.500.5 Bumping Rights (Revised 5/18/17)

Permanent classified employees who are to be laid off may exercise bumping rights in their class, in any equal or lower class in which they hold seniority credit (by virtue of their service in that class as restricted, probationary and/or permanent status employee) greater than an incumbent. In the event of an employee having the option of exercising their bumping rights the following bumping procedure will be applied. The steps will be taken in the following order.

- A. An employee whose position is eliminated or reduced shall first be placed in a vacant position in the same classification with equal hours.
- B. If option A is unavailable, the employee shall have the right to bump the least senior employee in the same classification with an increased assignment that most closely approximates the employee's current number of working hours.
- C. If option B is unavailable, the employee shall have the right to bump the least senior employee in the same classification with a decreased assignment that most closely approximates the employee's current number of working hours.
- D. If option C results in the elimination of the employees current Health and Welfare benefits, as an alternative, the employee shall also have the option of bumping into an equal or lower classification which they previously held as a classified employee, for the purpose of non-elimination of Health and Welfare benefits. The employee will repeat the sequence of options A-C, outlined in this rule for equal or lower classification(s).

60.500.6 Reemployment Rights (Education Code 45298)

Employees laid off because of lack of work or lack of funds are eligible for reemployment in reverse order of layoff for the first opening occurring in a class in which they hold seniority for a period of 39 months and shall be reemployed in preference to new applicants.

- A. Employees laid off have the right to participate in promotional examinations within the District during the 39-month period.
- B. Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff or choose to remain in their present positions rather than be reclassified or reassigned shall be granted the same rights as persons laid off and shall retain eligibility to be considered for reemployment for an additional period of up to 24 months; provided the same tests of fitness under which they qualified for appointment to the class shall still apply; and they shall be offered the option to return to a position in their former class or to an available position with increased assigned time.
- C. When a vacancy occurs in a class for which a reemployment list has been established, the senior employee will be notified and given an opportunity to accept the vacancy. Such employees shall have five (5) working days from receipt of notice to respond to the offer of reemployment. Should the notice of reemployment be undeliverable or the noticed employee does not respond to the offer of reemployment within forty-five (45) calendar days, the employee's name shall be removed from the reemployment list and it shall be presumed that the employee shall have exhausted his/her reemployment rights.
- D. The laid-off employee will relinquish his/her position on the reemployment list and will be considered to have voluntarily resigned after declining three offers of employment in the same classification, at the same or more number of hours per day and days per year as the assignment of the employee prior to the layoff.
- E. Employees who elected service retirement in lieu of layoff shall be placed on an appropriate reemployment list and afforded the same opportunities for re-employment as other employees laid off. If such an employee accepts the reemployment in writing, the vacancy shall be maintained until the employee's request for reinstatement from retirement has been properly processed.

- G. When reemployment lists are in effect in accordance with Education Code 45192 and 45195 (i.e., regarding leaves), and persons thereon have served in the class experiencing layoff, they will be placed on the layoff reemployment list according to seniority as if they had been in active service at the time the layoff was effected.
- H. Laid off employees accrue no additional seniority credit while serving on substitute or limited-term assignments.
- I. An employee on a reemployment list may be employed as a substitute or limited-term employee in the original class or any other class for which the employee is qualified and such employment shall have no effect upon the employee's reemployment rights.
- J. Employees on the reemployment list, who indicate a desire to be rehired into a vacant position in a lower classification within the same or related job family, for which they have no seniority to that class but are "otherwise qualified", shall be considered over other new applicants, promotional or not, providing that there is no reemployment list for that lower classification. The preference determination may be done by a professional evaluation that the employee possess the necessary job-related qualifications based on similarity of work in previous classifications held, a professional evaluation of the employee's experience, training, and education that shows that the employee is otherwise qualified for the job, by means of merit examination processes, or by any combination of these methods as determined by Director, Classified Personnel.
- K. Employees on the reemployment list, who indicate a desire to be considered for an out-of-class vacant position within a non-related classification, promotional or not, for which they have no seniority to that class but are "otherwise qualified", shall be considered during the selection interview for that vacancy, if they follow the same application procedure set forth for all potential applicants, participate and pass the total examination process regardless of rank on the eligibility list. This right to a selection interview is only valid for the duration of the eligibility list, shall be considered giving preference, and it is not a guarantee for rehire. (Reference Tucker v. Grossmont High School District Decision)

60.600 RESIGNATION

60.600.1 Procedure

- A. When an employee desires to resign from his position, he shall present his resignation in writing to the appointing power, and a copy of such resignation shall immediately be filed by the appointing power with the Personnel Director.
- B. A minimum of two weeks' notice of resignation should be given by the employee. A resignation relates only to the specific position from which the employee resigns and does not impair his rights to other positions which he may hold on eligibility lists.
