

LA MESA-SPRING VALLEY SCHOOLS

Dear La Mesa-Spring Valley School District Community,

Last November, this community overwhelmingly supported the passage of Measure V, a \$136 million construction bond intended to modernize and repair our aging schools, improve and expand student and campus security measures, and upgrade instructional technology to support 21st-century teaching and learning. We are deeply grateful for the community's trust and confidence in us, and for voting to support LMSV schools.

As one of the initial activities in launching our program, we are establishing our inaugural Citizens' Bond Oversight Committee (CBOC), as required by state law, to do the following:

- Inform the public concerning the District's expenditure of bond proceeds of Measure V
- Review expenditure reports produced by the District to ensure Measure V bond proceeds were expended only for the purposes outlined in Measure V
- Present to the Board of Education in public session, an annual written report outlining their activities and conclusions regarding the expenditure of bond proceeds of Measure V

I would like to invite interested parents and community members to be a part of this important committee and help report the progress of the program to the public. Our application form is available [here](#). We are asking applicants who would like to be among the initial appointees to the committee to complete and submit the form by February 19, 2021.

Should you have any questions about the process, please contact our Measure V Communications and Outreach Coordinator, Ursula Leimbach, at ursula.leimbach@lmsvsd.net.

Once again, thank you for your support.

Sincerely,

David Feliciano
Superintendent
La Mesa-Spring Valley School District
