Bid prices must include entire cost of all work “incidental” to completion of the Work.

7. Bid Questions

It is agreed that calculation of damages District may suffer as a result of Bidder’s failure to enter into the Contract would be extremely difficult and impractical to determine and that the amount of the Bidder’s required bid security shall be the agreed and conclusively presumed amount of damages.

Submission of a signed bid in response to this solicitation is certification that Bidder is not currently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any state or federal department or agency. Submission is also agreement that La Mesa-Spring Valley School District will be notified of any change in this status. Certification Regarding Debarment, Suspension or Other Ineligibility must be completed and submitted at the time of the bid due date or the bidder may be declared as nonresponsive.

12. Withdrawal of Bid

Any bidder may withdraw his bid either personally, by written request, or by telegraphic request confirmed in the manner specified above at any time prior to the scheduled closing time for receipt of bids. Any bid security for a withdrawn bid shall be returned at the time of withdrawal.

Bids may not be withdrawn after the bid submission date, except for relief granted under the California Public Contract Code 5103.

13. Bid Protests

Any bid protest by any Bidder regarding any other bid must be submitted in writing to the District Superintendent’s Office, before 4:00 p.m. on the **FOURTH (4th)** business day following bid opening.

a. Only a Bidder who has actually submitted a bid, and who could be awarded the Contract if the bid protest is upheld, is eligible to submit a bid protest.
Subcontractors are not eligible to submit bid protests. A Bidder may not rely on the bid protest submitted by another Bidder.

b. A bid protest must contain a complete statement of any and all bases for the protest and all supporting documentation. Materials submitted after the bid protest deadline will not be considered.

c. The protest must refer to the specific portions of all documents that form the basis for the protest.

i. Without limitation to any other basis for protest, an inadvertent error in listing the California contractor’s license number on the Designated Subcontractors List shall not be grounds for filing a bid protest or grounds for considering the bid nonresponsive if the correct contractor’s license number is submitted to the District within 24 hours after the bid opening and the corrected number corresponds with the submitted name and location for that subcontractor.

ii. Without limitation to any other basis for protest, an inadvertent error listing an unregistered subcontractor shall not be grounds for filing a bid protest or grounds for considering the bid nonresponsive provided that any of the following apply:

1. The subcontractor is registered prior to the bid opening.

2. The subcontractor is registered and has paid the penalty registration fee within 24 hours after the bid opening.

3. The subcontractor is replaced by another registered subcontractor pursuant to Public Contract Code section 4107.

iii. Protests must include the name, address and telephone number of the person representing the protesting party.

iv. The party filing the protest must concurrently transmit a copy of the protest and any attached documentation to all other parties with a direct financial interest that may be adversely affected by the outcome of the protest. Such parties shall include all other bidders or proposers who appear to have a reasonable prospect of receiving an award depending upon the outcome of the protest.

v. The procedure and time limits set forth in this paragraph are mandatory and are each bidder’s sole and exclusive remedy in the event of bid protest. Failure to comply with these procedures shall constitute a waiver of any right to further pursue the bid protest, including filing a Government Code Claim or legal proceedings.

INSTRUCTIONS TO BIDDERS
14. Contract Documents
The Bidder to whom Contract is awarded shall execute and submit the following documents by 5:00 p.m. of the SEVENTH (7th) calendar day following the date of the Notice of Award. a. In the event that the District desires to postpone issuing the Notice to Proceed beyond this 90-day period, it is expressly understood that with reasonable notice to the Contractor, the District may postpone issuing the Notice to Proceed.

b. It is further expressly understood by Contractor that Contractor shall not be entitled to any claim of additional compensation as a result of the postponement of the issuance of the Notice to Proceed beyond a 90-day period. If the Contract believes that a postponement of issuance of the Notice to Proceed will cause a hardship to the Contractor, the Contractor may terminate the Contract. Contractor’s termination due to a postponement beyond this 90-day period shall be by written notice to District within ten (10) calendar days after receipt by Contractor of District’s notice postponement.

c. It is further understood by the Contractor that in the event that Contractor terminates the Contract as a result of postponement by the District, the District shall only be obligated to pay Contractor for the Work that Contractor had performed at the time of notification of postponement and which the District had in writing authorized Contractor to perform prior to issuing a Notice to Proceed.

d. Should the Contractor terminate the Contract as a result of a notice of postponement, District shall have the authority to award the Contract to the next lowest responsive responsible bidder.

16. Award of Contract
The District reserves the right to reject any or all bids, including without limitation the right to reject any or all nonconforming, nonresponsive, unbalanced, or conditional bids, to re-bid, and to reject the bid of any bidder if District believes that it would not be in the
It is the policy of the District that no qualified person shall be excluded from participating in, be denied the benefits of, or otherwise be subjected to discrimination in any consideration leading to the award of contract, based on race, color, gender, sexual orientation, political affiliation, age, ancestry, religion, marital status, national origin, medical condition or disability. The Successful Bidder and its subcontractors shall comply with applicable federal and state laws, including, but not limited to the California Fair Employment and Housing Act, beginning with Government Code section 12900, and Labor Code section 1735.

Prior to the award of Contract, District reserves the right to consider the responsibility of the Bidder. District may conduct investigations as District deems necessary to assist in the evaluation of any bid and to establish the responsibility, including, without limitation, qualifications and financial ability of Bidders, proposed subcontractors, suppliers, and other persons and organizations to perform and furnish the Work in accordance with the Contract documents to District’s satisfaction within the prescribed time.

The District shall award the Contract, if it awards it at all, to the lowest responsive responsible bidder based on the criteria indicated in the Notice to Bidders. In the event two or more responsible bidders submit identical bids, the District shall select the Bidder to whom to award the Contract by lot.

The period of this award shall be from July 1, 2021 through Jun 30, 2024. The District shall have the option to renew the contract on an annual basis up to two (2) additional one (1) year extensions, providing all bid conditions have been met to the satisfaction of the District with an allowance for cost increase not to exceed five percent (5%) per year as per escalation clause.

The bid amount is to remain firm through June 30, 2022.

17. De-escalation
In the event that a vendor with a current contract as a result of a bid wishes to REDUCE the price of an item or items, the District reserves the right to have the price reduction effective with the Written Offer to Reduce.

18. Workers’ Compensation
In accordance with the provisions of section 3700 of the Labor Code, Contractor shall secure the payment of compensation to his employees. Contractor shall sign and file with District the following certificate prior to performing the work under this contract:

I am aware of the provisions of section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to
undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

The form of such certificate is included as part of the contract documents.

19. Fingerprinting
By law it is the District's responsibility to determine whether a contractor must provide fingerprint certification. Pursuant to Education Code section 45125.2, the District considers the totality of the circumstances in order to determine if fingerprinting of employees of a contractor working on a school site is required. Factors to be considered include the length of time the contractor's employees are on school grounds, whether students are in proximity with the location where the contractor's employees are working, and whether the contractor's employees are working alone or with others. A determination regarding whether fingerprint certification is required is contained in the special conditions.

20. Tobacco-Free Policy
The Governing Board of the La Mesa-Spring Valley School District, in order to create a clean healthy environment for students and employees, has prohibited the use of tobacco products on District Property or in District Vehicles. All District consultants, contractors and vendors shall inform their employees and agents that are performing services for the District, of the District’s objectives of a smoke free environment (Board Policy 1331, Ed Code 48901),

The District expects the bidders to maintain high ethical standards in engaging in the competitive bidding process. The bid amount of one bidder should not be divulged to another before the award of the subcontract or order, nor should it be used by Contractor to secure a lower proposal from another bidder on that project (bid shopping). Subcontractors or Suppliers should not request information for the Contractor regarding any sub-bid in order to submit a lower proposal on that project (bid peddling). District will consider any bidder found to be engaging in such practices to be a non-responsible bidder and may reject its bid on that ground.

8.7 The insurance requirements set forth herein shall in no way limit the Contractor’s liability arising out of or relating to the performance of the Work or related activities.

8.8 Failure of Contractor and/or its Subcontractor(s) to comply with the insurance requirements herein shall be deemed a material breach of the Contract.

**Article 9 Workers’ Compensation and Employer’s Liability Insurance**

9.1 In accordance with provisions of section 3700 of the California Labor Code, the Contractor and every Subcontractor shall be required to secure the payment of compensation to its employees.

9.2 Contractor shall procure and maintain, during the life of this Contract, Workers’ Compensation Insurance and Employers’ Liability Insurance for all of its employees engaged in work under this Contract, on/or at the Site of the Project. This coverage shall cover, at a minimum, medical and surgical treatment, disability benefits, rehabilitation therapy, and survivors’ death benefits. Contractor shall require its Subcontractor(s), if any, to procure and maintain Workers’ Compensation Insurance and Employers’ Liability Insurance for all employees of Subcontractor(s). Any class of employee or employees not covered by a Subcontractor’s Insurance shall be covered by Contractor’s Insurance. If any class of employee or employee engaged in Work under this Contract, on or at the Site of the Project, is not protected under the Workers’ Compensation Insurance, Contractor shall provide, or shall cause a Subcontractor to provide, adequate insurance coverage for the protection of any employee(s) not otherwise protected before any of those employee(s) commence work.
Article 10 Insurance Limits
10.1 Unless different limits are indicated in the Special Conditions, the limits of insurance shall not be less than the following amounts:

<table>
<thead>
<tr>
<th></th>
<th>Commercial General Liability</th>
<th>Automobile Liability</th>
<th>Workers’ Compensation</th>
</tr>
</thead>
<tbody>
<tr>
<td>For bodily injury and property damage liability</td>
<td>$1,000,000 per occurrence; $2,000,000 aggregate</td>
<td>$2,000,000</td>
<td>Statutory limits pursuant to State law</td>
</tr>
</tbody>
</table>

10.2 If Contractor normally carries insurance in an amount greater than the minimum amounts required by District, that greater amount shall be the minimum required amount of insurance for purposes of the contract. Therefore, Contractor hereby acknowledges and agrees that all insurance carried by it shall be deemed liability coverage for all actions it performs in connection with the Contract.

Article 11 Indemnity and Defense
11.1 To the furthest extent permitted by California law, the Contractor shall indemnify, keep and hold harmless the District, board members, officers, representatives, agents, and employees, in both individual and official capacities (“Indemnitees”), against all suits, claims, injury, damages, losses, and expenses (“Claims”), including but not limited to attorney’s fees, caused by, arising out of, resulting from, or incidental to, in whole or in part, the performance of the Work under this Contract by the contractor, its Subcontractors, vendors, or suppliers. The District shall have the right to accept or reject any legal representation that Contractor proposes to defend the Indemnitees. If any Indemnitee provides its own defense due to failure to timely respond to tender of defense, rejection of tender of defense, or conflict of interest of proposed counsel, Contractor shall reimburse such Indemnitee for any expenditures. Contractor’s defense obligation shall not be construed to negate, abridge, or otherwise reduce any right or obligation of defense that would otherwise exist as to any Indemnitee or other person described herein. Contractor’s defense obligation includes, but is not limited to, any failure or alleged failure by Contractor to comply with any provision of law, any failure or alleged failure to timely and properly fulfill all of its obligations under the contract Documents in strict accordance with their terms, and without limitation, any failure or alleged failure of Contractor’s obligations regarding any stop payment notice actions or liens, including Civil Wage and Penalty Assessments and/or Order by the DIR. The Contractor shall give prompt notice to the District in the event of any Claim(s).

11.2 Without limitation of the provisions herein, if the Contractor’s obligation to indemnify and hold harmless the Indemnitees or its obligation to defend Indemnitees as provided herein shall be determined to be void or unenforceable, in whole or in part, it is the intention of the parties that these circumstances shall not otherwise affect the validity or enforceability of the Contractor’s agreement to indemnify, defend, and hold harmless the rest of the Indemnitees, as provided herein. Further, the Contractor shall be and remain fully liable on its agreement and obligations herein to the fullest extent permitted by law.
Article 12 Time

Notice to Proceed
12.1 District may issue a Notice to Proceed within ninety (90) days from the date of the Notice of Award. Once Contractor has received the Notice to Proceed, Contractor shall complete the Work within the period of time indicated in the Contract Documents.

12.2 In the event that the District desires to postpone issuing the Notice to Proceed beyond ninety (90) days from the date of the Notice of Award, it is expressly understood that with reasonable notice to the Contractor, the District may postpone issuing the Notice to Proceed. It is further expressly understood by Contractor that Contractor shall not be entitled to any claim of additional compensation as a result of the postponement of the issuance of the Notice to Proceed.

Hours of Work
12.3 Contractor and Subcontractors shall continuously furnish sufficient and competent work forces with the required levels of familiarity with the Project and skill, training and experience to ensure the prosecution of the Work in accordance with the Schedule.

Article 13 Termination

13.1 If District at any time reasonably believes the Contractor is or may be in default under this Contract, District may in its sole discretion notify Contractor of this fact and request written assurances from Contractor of performance of Work and a written plan from Contractor to remedy any potential default under the terms of this Contract that the District may advise Contractor of in writing. Contractor shall, within ten (10) calendar days of District's request, deliver a written cure plan what meets the District's requirements in its request for assurances. Contractor's failure to provide such written assurances of performance and the required written plan, within ten (10) calendar days of request, will constitute a material breach of this Contract sufficiently to justify termination for cause.

Termination for Cause
13.2 The District, in its sole discretion, may terminate the Contract and/or terminate the Contractor's right to perform the work on the contract based upon any of the following:

13.2.1 Contractor refuses or fails to execute the Work or any separable part thereof with sufficient diligence as will ensure its completion within the time specified or any extension thereof, or
13.2.2 Contractor fails to complete said Work within the time specified or any extension thereof, or
13.2.3 Contractor persistently fails or refuses to perform Work or provide material of sufficient quality as to be in compliance with Contract Documents: or
13.2.4 Contractor persistently refuses, or repeatedly fails, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials to complete the Work in the time specified; of
13.2.5 Contractor persistently disregards laws, or ordinances, or instructions of District; or
13.2.6 Contractor fails to supply labor that is sufficient to prosecute the Work; or
13.2.7 Contractor is otherwise in breach, default or in substantial violation of any provision of this Contract, including but not limited to a lapse in licensing or registration.

**Notification of Termination**

13.3 Upon the occurrence at District's sole determination of any of the above conditions, District may, without prejudice to any other right or remedy serve written notice upon Contractor of District's termination of this Contract and/or the Contractor’s right to perform the work of the contract. This notice will contain the reasons for termination. Unless, within three (3) days after the service of the notice, any and all condition(s) shall cease, and any and all violation(s) shall cease, or arrangement satisfactory to District for the correction of the condition(s) and/or violation(s) be made, this Contract and/or the Contractor’s right to perform the Work of the Contract shall cease and terminate.

**Termination of Contractor for Convenience**

13.4 District in its sole discretion may terminate the Contract in whole or in part upon three (3) days’ written notice to the Contractor. Upon notice, Contractor shall cease operations as directed by the District in the notice.

**Effect of Termination**

13.5 In the event termination for cause is determined to have not been for cause, the termination shall be deemed to have been a termination for convenience effective as of the same date as the purported termination for cause.
