

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School	Schoolsite Council	Local Board Approval
	(CDS) Code	(SSC) Approval Date	Date
Maryland Avenue Elementary School learning community	37-68197-6038525	May 20, 2021	June 15, 2021

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Our School Plan for Student Achievement (SPSA) aligns with the District's Local Control Accountability Plan (LCAP) as each goal (and its associated strategy(ies)/activity(ies) can be referenced in the current LCAP. The district's LCAP is the foundation for all expenditures incurred by the District. Based on the needs assessment and goals found in the LCAP, the school will utilize federal funds, when applicable, to supplement base funding in accordance with the purpose and goals of each specific goal. Federal funds, if received, will be used as outlined in the School Plan for Student Achievement to purchase supplemental materials not part of the adopted standards aligned curriculum and core base programs.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the schoolyear, and a summary of results from the survey(s).

Our school's comprehensive needs assessment included the solicitation of input and feedback from our stakeholders (parents, teachers, staff, etc.). In a typical school year, we would distribute an annual parent survey to gather data regarding the climate and safety of the school and to solicit input about the strengths and areas for growth of the many programs and services we offer. Due to the closure of our school from March 2020-April 2021, we felt it was necessary to distribute numerous surveys and make other types of connections throughout the 2020-21 school year to continue to meet the changing needs of our students, families, and staff.

Consultations and connections with our stakeholders took place through virtual Zoom meetings, online surveys, phone conversations, and student home visits (when possible) and allowed us to assess our educational program, academic supports, social-emotional and behavioral supports, parent engagement, and school connectedness. We expedited the stakeholder engagement cycle due to Covid-19 and immediately reviewed the data in order to implement changes to our practices in support of our students, their families, and our staff. A parent survey will be conducted closer to the end of the school year.

As our 2020-21 school year began, our first priority was to ensure the safety of our learning community, technology needs, and to provide food and resources to our families. As such, our first surveys revolved around the basic needs of our students and their families. Once those basic needs were addressed, subsequent surveys were distributed.

Surveys sent in preparation for or during the 2020-21 school year included (but were not limited to) topics such as :

- Student Technology Needs
- Student/Family Community Resources Needs
- Student Learning Options (Online/Hybrid)
- Student Transportation/Childcare Needs
- Staff Technology Needs
- Staff Reopening Questions/Concerns
- Staff Classroom Needs (desk partitions, etc.)

Parent data indicated a desire for more support for struggling students, more printed materials, longer virtual instructional days, more consistent hours from classroom to classroom (in consideration of siblings' schedules), and a uniform Learning Management System (LMS) for teachers to use. Teacher data displayed the desire for more training and direction in providing instruction for students in the virtual model. All stakeholders shared comments about the safety needed when returning to in-person learning.

The Extended School Services (ESS) program is housed on our campus and provides before and after school childcare in an academic and recreational setting. ESS also distributed parent surveys to participating families at our school site. The survey provides a method of monitoring needs and strengths of the program. Results are shared with all ESS employees and action plans are developed and put in place to address growth opportunities.

Highlights from this year's data include an overwhelmingly positive response from parents regarding child safety. Over 95% of parents surveyed feel that the ESS program provides a safe and happy environment for their child(ren). Additionally, 94% of parents surveyed feel that they have a clear understanding of the policies and guidelines that are in place to help prevent the spread of COVID-19. Over 90% of parents agree that the ESS team interacts positively with children and effectively communicates with parents regarding program activities and schedules. There was an increase of 4% from last year's survey of parents who feel that the ESS office team are courteous and professional when providing information regarding their account and responding to parent questions. Opportunities for growth within the department include continuing to establish procedures to support students with their asynchronous learning as well as improved parent communications regarding student achievements and struggles.

Our school will continue to solicit input and feedback from our stakeholders and utilize the data to improve the work that we are doing in support of our students, families, and staff.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Daily principal Observations:

To monitor daily instructional practices in order to coach teachers, provide targeted feedback and support, and collect evidence on the professional development needs of staff.

Supervisory Classroom Observations:

Formal teacher evaluations, to evaluate teacher's performance as outlined by the labor contract. These are observation cycles that include both formal and informal observations with feedback meetings.

District Walks:

To collect district or school-wide evidence of progress in the implementation of the SPSA and principal goals – to build coherence, identify strengths, areas for growth, and next steps for professional learning, student support, and teaching and learning across the system.

Principal Network Walks:

To build a common language and understanding of high quality teaching and learning through inquiry and to build a collaborative network that provides feedback and suggestions to the school on a focus area.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Through Professional Learning Communities, teachers analyze both state yearly assessments and district benchmark assessments taken at specific intervals throughout the year. Teachers set goals and modify adopted curriculum and instruction to address students' needs in both classroom instruction and Response to Intervention (RTI) groupings and topics.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers use curriculum-embedded unit, weekly, and daily assessments to monitor student progress toward mastering grade level standards. Formative assessments lead to modifications in instruction to meet the needs of students.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA) Staff at our school site meet the requirements for being highly qualified. Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers at our school site are properly credentialed.

All teachers will participate in site-based staff development that takes place 1-2 times a month. We believe that building teacher capacity needs to be systematic and collaborative. Professional development is supported with daily interactions with and feedback from the principal. Individuals and collaborative teams identify areas of focus based on student need and site priorities which include: technology, learning management systems, distance learning strategies, student engagement, student collaboration, student safety, social emotional learning, and professional learning communities.

Additionally, teachers can participate in district offerings to supplement site professional development. Teachers are currently afforded the opportunity to participate in professional development online; however, when in-person learning restrictions are lifted, educators will have the opportunity to participate in face-to-face and blended professional development. Online courses have included:

- Academic Conversations 1.0
- Building Sentences for English Learners
- Google Classroom 2.0
- Increase Student Engagement, Decrease Challenging Behaviors
- Inquiry and Collaboration Techniques from a Distance
- Intro to Zoom
- Khan Academy Course Mastery for Asynchronous Math Support
- Lexia/PowerUp: Data, Instruction, Resources
- Making PDFs and Worksheets Interactive in Google Classroom
- Math in a Hybrid World
- NGSS 101: Intro to the Crosscutting Concepts
- Responding to Behavior Escalation
- Student Voice and Engagement
- Trauma and ODD: Information, Strategies, & Supports
- Write to Learn Reflective Writing
- Zoom for Small Group Instruction

If there are in-person learning restrictions in place due to COVID-19 during the 2021-22 school year, the professional development for our educators will continue to occur online. Regardless of the learning format, our educators are eager to engage in professional development, and the District is committed to providing them with many tools, strategies, and training to support all learning models.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is provided to teachers and other staff to address the identified needs of our students. Areas of need are identified by student achievement data, stakeholder input, and observed areas of need. Growth and improvement are measured through principal classroom walkthrough data and student performance. Needs assessments and feedback are elicited in conjunction with each professional growth offering. Based on the feedback, professional growth is adjusted to increase effectiveness. The District is intentional about providing a through line of professional learning that targets the professional growth of new teachers, developing teachers, teacher leaders, new administrators, and veteran administrators.

All staff development is focused on:

- California Common Core State Standards (CCSS) in English-Language Arts and Literacy in History-Social Studies, Mathematics, and Science (Next Generation Science Standards-NGSS)
- California English Language Development (ELD) Standards
- Implementation of the 5D Framework for High-Quality Teaching and Learning
- Development of strong PLCs
- Research-based classroom instruction and best practices
- Creation and use of assessments to inform and modify instruction
- High quality instruction for distance learning (brought to us with educational research partners Doug Fisher, Nancy Frey, and John Hattie)

Site level professional development includes site learning day presentations and PLC work. Teachers work collaboratively to plan instruction based on essential standards, reflect on lessons, and analyze student work and assessment data, to improve their practice and increase student achievement. Staff development at our school site in the 2021-22 school year will focus on equity and student engagement.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Site-based professional development, grade-level collaboration, principal observation, and feedback /coaching provide on-going assistance and capacity building for teachers. (Response to Intervention support (Resource Teacher, Teachers on Special Assignment, and Special Education support staff) all support classroom instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Each grade-level/department at our school has regularly scheduled meetings to collaborate on the analysis of data, lesson design, and the use of instructional strategies and best practices that work to improve student achievement and performance. Each meeting is designed in professional learning community (PLC) format where each member takes a leadership role and an expectation of reflective conversations surround data analysis, program effectiveness, and "moving the needle" toward student success and achievement. Professional learning communities allow for an ongoing process in which educators work collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve. Professional learning communities operate under the assumption that the key to improved learning for students is continuous job-embedded learning for educators.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Following the state adoption cycles, the district-provided curriculum materials and instruction are in alignment with the California Content Standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes in all subject areas are monitored by the District. All teachers turn in their classroom schedule to school administration to ensure adherence to the District guidelines.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Essential Standards in math and language arts provide a framework for lesson pacing. All students have a copy of each textbook and/or workbook for core curriculum. Student daily schedules are modified to allow for intervention as needed.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Each classroom and student has easy access to adopted curriculum assigned to them in all content areas. The adoption of instructional materials process includes a preview to determine that they are appropriate for the student groups for whom they are purchased.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All students have State Board of Education adopted materials for their courses, intervention materials (when needed), and access to standards-aligned core courses. Use of materials is monitored by school administration on a daily basis.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

All students receive Common Core standards-based instruction at their appropriate grade level. In classrooms, teachers provide additional access to the curriculum through small group instruction. In ELD classes, students are grouped by instructional level, and are assessed and regrouped appropriately. Teachers are required to examine student work samples and meet in subject specific and/or department-level meetings to ensure that students are mastering standards. They also determine student needs, adjust instruction, and plan re-instruction accordingly. Intervention action plans are developed when appropriate. The Student Study Team process is used to identify and monitor students at risk. Interventions are agreed upon and implemented by the classroom teacher in collaboration with the student's family.

Evidence-based educational practices to raise student achievement

Information from state assessments (when available), common assessments, benchmark assessments, needs assessments and surveys, and staff development provide the basis for School Site Council and administrative planning. The use of data to modify and drive instruction with effective evidence-based instructional strategies is our major focus to raise student achievement.

In 2021-22 the following evidence-based educational practices will be employed and focused on to increase and improve student achievement across the campus and across all disciplines: Professional Learning Communities (PLC) Positive Behavior Interventions and Supports (PBIS) Multi-tiered Systems of Support (MTSS) Social-Emotional Learning Harmony Social Emotional Learning Lexia CORE 5 Imagine Learning

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Opportunities are provided throughout the year so that families can learn to support their children academically and behaviorally.

To support successful school and family interactions, the district is committed to engaging parents through:

- · Parent education workshops provided by district staff and local community agencies
- The use of multiple methods of communication (flyers, phone calls, district/school websites) to promote participation
- The continuance of School Site Councils and English Learner Advisory Committees at each site who send a representative from each site to the district-level parent advisory committees, known as the District Advisory Committee and the District English Learner Advisory Committee
- The distribution of a district-wide parent survey with disaggregated results for each site that can lead to improved results
- The maintenance of a district website with current resources available to parents to support them in working with their children's academic, social, and emotional needs
- Enhancing the awareness and skills of teachers, principals, and staff in reaching out to, communicating with, and working with parents as equal partners

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

All stakeholders (parents, community members, teachers, and other school personnel) have an opportunity to give input on the use of federal funds (as applicable) and the implementation of programs. Specifically, at our school site, the members of School Site Council (SSC) and English Language Advisory Council (ELAC) meet to discuss these matters directly with each other. The District holds monthly stakeholder meetings with parents (DELAC and District Advisory Committee (DAC) where district programs are discussed. In addition, the District holds meetings throughout the year with other stakeholder groups (classified staff, certificated staff, administrative staff) to obtain input about district programs.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Our school does not receive any categorical funds.

Fiscal support (EPC)

Our school does not receive any categorical funds.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Feedback and input from key stakeholder groups are critical for the ongoing success of our students. As part of the planning process for the 2021-22 School Plan for Student Achievement (SPSA), school leadership met with the School Site Council (SSC) and the English Learner Advisory Committee (ELAC). Achievement data (local and state, if available) was shared with these groups and analyzed for trends and patterns of under-performance. That analysis is summarized in the SPSA as the Annual Review at the end of each Goal.

School stakeholder involvement meeting dates were as follows:

- ELAC #3 (ELAC delegated duties to SSC)
- SSC # 4 March 18, 2021, 2:30pm; SSC #5 May 20, 2021, 2:30pm
- Staff Meetings where the 2021-22 SPSA goals, metrics were discussed: March 7, 2021; April 26, 2021; May 10, 2021; May 17, 2021
- Other meetings where the 2021-22 SPSA goals, metrics were discussed PTA: March 18, 2021, 6:00pm; April 15, 2021, 6:00pm; May 20, 2021, 6:00pm

Feedback from these meetings resulted in the development of goals to be included in the SPSA (Planned Improvement Goals). The District Local Control Accountability Plan (LCAP) was also reviewed to ensure that the Planned Improvement goals of the SPSA aligned with the goals outlined in the District's LCAP.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Academic Excellence

LEA/LCAP Goal

LCAP Goal #1 - Achieve We will increase achievement for all of our students while decreasing performance gaps and educational inequities. LCAP Goal #3 - Equip We will equip our students with the tools necessary to realize their fullest potential.

Goal 1

We will ensure high-quality teaching and learning that is standards-aligned and results in mastery for each and every student.

Identified Need

As a school committed to high levels of learning and achievement, we remain focused on continuous improvement. This goal is a result of what our achievement data reveals about our students and how we intend on addressing them. All student groups saw an increase in both English Language Arts and Math performance from 2017-2019. Over the past 3 years, we have seen a steady increase in both overall English Language Arts and Math scores as measured by SBAC. This is evidence of sustainable growth and we want to continue to grow in order to meet the needs of all students during the coming school year. However, in the 20-21 school year we did see a decline in reading levels at the end of trimester 1 in all grades with the exception of 5th grade. Reading instruction will be an area of focus in the 21-22 school year.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
 English Language Arts Students meeting standard on SBAC will increase 3%. Students performing at or above grade level on i-Ready will increase 3%. Student groups scoring below the school average will show an increase greater than 3%. 	 (17-18) 56% of students in grades 3-6 met/exceeded standard as measured by SBAC in ELA. (18-19) 64% of students in grades 3-6 met/exceeded standard as measured by SBAC in ELA. (19-20) SBAC data is not available due to the suspension of state testing. (20-21) 40% of students performed at or above grade level as measured by i-Ready in ELA. 	67% of students in grades 3-6 will meet or exceed standard as measured by SBAC ELA. 55% of students will perform at or above grade level as measured by i-Ready in ELA.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
 Mathematics Students meeting standard on SBAC will increase 3%. Students performing at or above grade level on i-Ready will increase 3%. Student groups scoring below the school average will show an increase greater than 3%. 	 (17-18) 41% of students in grades 3-6 met/exceeded standard as measured by SBAC in Mathematics. (18-19) 44% of students in grades 3-6 met/exceeded standard as measured by SBAC in Mathematics. (19-20) SBAC data is not available due to the suspension of state testing. (20-21) 33% of students performed at or above grade level as measured by i-Ready in Mathematics. 	47% of students in grades 3-6 will meet or exceed standard as measured by SBAC Mathematics.38% of students will perform at or above grade level as measured by i-Ready in Mathematics.
Percentage of students reading at grade level at the end of Trimester 1 will increase by 3%.	57.4% of students are reading at grade level at the end of Trimester 1.	60.4% of students will be reading at grade level at the end of Trimester 1.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups) All Students

Strategy/Activity

Develop strong Professional Learning Communities (PLCs). Our PLC is a group of educators that meet regularly, share expertise, and work collaboratively to improve teaching skills and the overall achievement of all students.

- Staff meetings, site learning days, and grade-level meetings will be used to develop strong PLCs based on the collective responsibility all members of the PLC share for the achievement of all students and to increase effective instruction in each and every classroom.
- PLCs will focus on becoming more effective at delivering LMSV Essential Standardsaligned curriculum and instruction to each and every student.
- Staff will deepen understanding of effective use of assessment data through collective inquiry to drive instruction, re-teaching, and intervention.
- District will fund a full-time Instruction and Data Support Teacher. This teacher will support teachers in analyzing data and developing appropriate interventions.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Our site will utilize the 5 Dimensions of Teaching and Learning Instructional Framework to develop a common language and shared vision for high-quality instruction.

- Establish a shared understanding and common language for high quality teaching and learning using the Framework for the Five Dimensions of High Quality Teaching and Learning (5Ds).
- Classroom walk-throughs to observe analyze and calibrate evidence of high quality teaching and learning.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Source(s)

Strategy/Activity 3

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups) All Students

Strategy/Activity

Teachers will focus on aligning curriculum, instructional practice, and assessment with LMSV Essential Standards.

- Teachers will use District developed resources to inform instructional decisions around assessment design and best instructional practice in alignment with LMSV Essential Standards.
- Staff meetings, site learning days, grade-level meetings, and release days will be used to support teachers in deepening their understanding of ELA & Math essential standards through standards unwrapping, defining grade-level mastery of essential standards, and engaging in backwards planning.
- Grade-level teams will use standards unwrapping resources to identify targets, determine formative assessments, and plan instruction.
- Grade-level teams will use unit planning templates to identify targets, determine formative assessments, and plan instruction.

• Teachers will participate in professional development to fortify math content knowledge and increase math instruction expertise.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Source(s)

Strategy/Activity 4 Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

We will implement a school-wide system of differentiated instruction and interventions to meet the needs of all students.

- Grade-level teams will engage in lesson reflection and use of formative assessment data to monitor student progress and to plan re-teaching and intervention (WIN Time) to ensure mastery of ELA & Math essential standards.
- Grade-level teams will plan and implement Tier 2 interventions for students not mastering essential ELA & Math standards.
- All K-3 students will participate in daily small group reading instruction. Students in grades 4-6 reading at or above grade level will meet with the teacher two (2) times a week at minimum. Students in grades 4-6 reading below grade level will meet with teacher for small group reading daily. Progress will be monitored using Literably.
- Site will fund a 15% Intervention teacher (6 hours per week) to provide additional interventions to work with students to increase reading fluency and comprehension in ELA based on assessment data.
- Teachers will utilize strategies and resources, including those from the ELA toolkit, to ensure centers and/or independent work during small-group reading rotations is rigorous, standards-aligned, and appropriately differentiated to ensure meaningful engagement.
- iReady and District benchmark data will be analyzed by the Intervention Team and Teachers to determine placement in intervention program(s) (Lexia, Flex, etc.) with initial placement made in August of the new school year and reviewed after each program benchmark assessment.
- The school Intervention Team will meet weekly to monitor student progress in interventions and discuss next steps for students needing additional support.
- District will fund a full-time Instruction and Data Support Teacher. This teacher will support teachers in analyzing data and developing appropriate interventions.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Source(s)

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Classroom teachers developed their daily/weekly schedules to include time for small group reading instruction and WIN Time. The intervention team and classroom teachers met at the start of the year to develop groupings and appropriate interventions at each grade level during WIN Time based on classroom assessment data and district benchmark data. The intervention team met weekly to monitor student progress throughout the year and groupings/interventions were adjusted as needed. Teachers provided WIN Time groups 2-3 times each week based on specific skills that students were struggling with. In addition, teachers offered office hours for students to receive additional teacher support 2-3 days each week. 25% Intervention teacher, along with a part-time student helper, worked with students who were below grade-level in reading as measured by district benchmark data. The schedule allowed for targeted intervention for students below grade level to be pulled 30-60 minutes, 2-3 times a week. Students who participated in intervention have made progress in reading.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The most significant difference from the intended implementation was that most of the instruction during the 20-21 school year was virtual. Due to distance learning our staff implemented the use of the Distance Learning Playbook along with professional learning from the authors. All classroom observations were conducted virtually and feedback was provided either in written form or virtually. Since synchronous intervention time was limited, teachers offered office hours to support students. Asynchronous work was also provided to students to support their learning needs. We were able to offer a limited number of students in-person intervention. Due to grade levels aligning their daily schedules and asynchronous work, PLC teams deepened their commitment to a collective responsibility to all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As students return for in-person learning, we anticipate a greater ability to meet the needs of our students' individual needs. PLCs will be able to leverage working as a team to support all students through targeted interventions. Teachers will continue to provide small group reading instruction and WIN Time to support student learning.

District will fund a full-time Instruction and Data Support Teacher. This teacher will support teachers in analyzing data and developing appropriate interventions. Due to budgetary constraints our Intervention teacher will be reduced to 15% for the 2021-2022 school year (6 hour per week). In addition, site will no longer fund a part-time student helper to assist the intervention teacher in providing interventions. If funding changes the site will look at adding additional supports.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Closing the Achievement Gap

LEA/LCAP Goal

LCAP Goal #1 - Achieve We will increase achievement for all of our students while decreasing performance gaps and educational inequities.

Goal 2

As a school committed to high levels of learning and achievement for all students, we will remain focused on the underperforming student groups and put systems and supports in place to ensure their success.

Identified Need

As a school committed to high levels of learning and achievement, we remain focused on continuous improvement. Our most recent achievement data reveals discrepancies amongst different student groups, although there has been continued improvement since 2018-2019. We are committed to closing that achievement gap. Based on the 2018-2019 data both Socioeconomically Disadvantaged students and Students with Disabilities made significant gains in English Language Arts. We will continue to focus on these student groups.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
 English Learner Progress We will increase the percentage of students making progress toward English proficiency, or we will maintain the percentage of students at the highest level of English Proficiency (Level 4) as measured by the ELPAC and the 6 levels of the English Learner Progress Indicator. 	45.5% of English Learners made progress toward English proficiency or maintained status at the highest level of English Proficiency (Level 4).	48.5% of English Learners will make progress toward English proficiency or will maintain status at the highest level of English Proficiency. (Level 4).
Socioeconomically Disadvantaged • We will increase the percentage of Socioeconomically	(17-18) 42% of Socioeconomically Disadvantaged students in grades 3-6 met/exceeded	56% of Socioeconomically Disadvantaged students in grades 3-6 will meet/exceed standard as measured by SBAC in ELA.

Metric/Indicator

Disadvantaged students who meet standard as measured by SBAC.

- We will increase the percentage of students performing at or above grade level on i-Ready in ELA.
- We will increase the percentage of students performing at or above grade level on i-Ready in Mathematics

Baseline/Actual Outcome

standard as measured by SBAC in ELA.

(17-18) 33% of Socioeconomically Disadvantaged students in grades 3-6 met/exceeded standard as measured by SBAC in Mathematics.

(18-19) 53% of Socioeconomically Disadvantaged students in grades 3-6 met/exceeded standard as measured by SBAC in ELA.

(18-19) 32% of Socioeconomically Disadvantaged students in grades 3-6 met/exceeded standard as measured by SBAC in Mathematics.

(19-20) SBAC data is not available due to the suspension of state testing.

(20-21) 30.39% of Socioeconomically Disadvantaged students performed at or above grade level as measured by i-Ready in ELA.

(20-21) 24.71% of Socioeconomically Disadvantaged students performed at or above grade level as measured by i-Ready in Mathematics.

(17-18) 18% of Students with

Disabilities in grades 3-6

Disabilities in grades 3-6

met/exceeded standard as

measured by SBAC in ELA.

(17-18) 18% of Students with

Students with Disabilities

 We will increase the percentage of Students with Disabilities who meet standard as measured by SBAC. Expected Outcome

36% of Socioeconomically Disadvantaged students in grades 3-6 will meet/exceed standard as measured by SBAC in Mathematics.

(19-20) SBAC data is not available due to the suspension of state testing.

(21-22) 40% of Socioeconomically Disadvantaged students will perform at or above grade level as measured by i-Ready in ELA.

(21-22) 30% of Socioeconomically Disadvantaged students will perform at or above grade level as measured by i-Ready in Mathematics.

32% of Students with Disabilities in grades 3-6 will meet/exceed standard as measured by SBAC in ELA.

15% of Students with Disabilities in grades 3-6 will

 We will increase the percentage of students performing at or above grade level on i-Ready in ELA. We will increase the percentage of students performing at or above grade level on i-Ready in Mathematics. 	 met/exceeded standard as measured by SBAC in Mathematics. (18-19) 29% of Students with Disabilities in grades 3-6 met/exceeded standard as measured by SBAC in ELA. (18-19) 12% of Students with Disabilities in grades 3-6 met/exceeded standard as measured by SBAC in Mathematics. (19-20) SBAC data is not available due to the suspension of state testing. (20-21) 13.11% of Students with Disabilities performed at or above grade level as measured by i-Ready in ELA. (20-21) 8.62% of Students with Disabilities performed at or above grade level as measured by i-Ready in Mathematics. 	meet/exceed standard as measured by SBAC in Mathematics. (19-20) SBAC data is not available due to the suspension of state testing. (21-22) 20% of Students with Disabilities will perform at or above grade level as measured by i-Ready in ELA. (21-22) 12% of Students with Disabilities will perform at or above grade level as measured by i-Ready in Mathematics.
English Learner Progress We will increase the percentage of English Learner students who are "Bridging" as measured by the Speaking section of the district benchmark assessment.	 (2020) 40% of English Learners received a score of "Bridging" as measured by the district benchmark assessment. (2021) 28% of English Learners received a score of "Bridging" as measured by the district benchmark assessment. 	31% of English Learners will receive a score of "Bridging" as measured by the district benchmark assessment.

Baseline/Actual Outcome

Expected Outcome

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

English Learners

Strategy/Activity

We will ensure strong Integrated and Designated English Language Development (ELD) for all English Learners (ELs).

- Students will be clustered by EL Proficiency level for designated ELD instruction in August of the new school year.
- English Learners will receive a minimum of 30 minutes of effective designated ELD daily, including increasing student talk during designated ELD and using routines, frames, and sentence starters to promote fluency and academic discourse.
- Staff meetings and/or site learning days will be used to support consistent and effective implementation of integrated and designated ELD.
- Select teachers will work with District EL Resource Teacher to deepen understanding of ELD standards, proficiency level descriptors, and alignment to ELA standards.
- Teachers will implement integrated ELD through scaffolding strategies for content area, subject matter access, and discipline specific language development.
- Teachers will increase use of structured routines and frames to promote collaborative conversations and academic talk across the curriculum.

We will monitor English Learner progress and provide timely and systematic intervention.

- English Learners ELPAC levels 1 and 2 will receive 30 minutes of Imagine Learning daily to increase English vocabulary and proficiency.
- CATCH up plans will be used to monitor English Learner progress. Students not making adequate progress will be placed in English acquisition intervention program by August of the new school year.
- Teachers and Principal will work with District English Learner Resource Teacher to identify and support Long Term and At Risk Long Term English Learners and schedule them into a reading intervention program by September.
- District will fund a full-time Instruction and Data Support Teacher. This teacher will support teachers in analyzing data and developing appropriate interventions.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Source(s)

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups) Students with Disabilities

Strategy/Activity

We will continue to develop a comprehensive service model to meet the needs of our students with disabilities through Specialized Academic Instruction (SAI).

• SAI teachers will ensure that students receive appropriate services and utilize instructional materials targeted to meet individual student needs.

- SAI and General Educaion teachers will meet regularly to articulate, plan instruction, and review student progress.
- SBAC and District benchmark data will be analyzed by the Intervention Team and grade level teams to determine placement in intensive intervention program (WonderWorks, Flex, Read Well, Moby Max, etc.).
- Data will be analyzed to determine placement in intervention (less than two years below grade level) (e.g. Lexia, Read Well, WIN Time groups etc.).
- Students reading below grade level will receive daily-targeted reading instruction in small groups to address their assessed needs (fluency and comprehension).
- District will fund a full-time Instruction and Data Support Teacher. This teacher will support teachers in analyzing data and developing appropriate interventions.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

All actions and services were implemented virtually. Students received instruction both synchronously and asynchronously. Teachers provided daily/weekly schedules to show where designated ELD instruction took place. Students received synchronous ELD instruction 2-3 days per week and utilized Imagine Learning 2-3 days per week. SAI teachers, SDC teachers, and General Education teachers collaborated regularly to articulate, plan instruction, and review student progress. Collaboration ensured that students had continuity between classrooms. The intervention team met weekly to monitor student progress throughout the year and groupings/interventions were adjusted as needed. Teachers offered office hours for students to receive additional teacher support 2-3 days each week. 25% Intervention teacher provided in person small group intervention for our English Learners most at risk. SAI and SDC teachers provided in-person interventions by appointment to support our students with disabilities.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The most significant difference from the intended implementation was that most of the instruction during the 20-21 school year was virtual. Due to distance learning, our staff implemented the use of the Distance Learning Playbook along with professional learning from the authors. All classroom observations were conducted virtually and feedback was provided either in written form or virtually. Since synchronous intervention time was limited, teachers offered office hours to support students.

Additional asynchronous work was provided to students to support their learning needs. Students received 2-3 days of synchronous ELD instruction and 2-3 days of asynchronous learning on Imagine Learning. SAI teachers and SDC teachers were able to offer a limited number of students in person intervention for students with disabilities. 25% Intervention teacher provided in person small group intervention for our English Learners most at risk.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As students will return for in person learning, we anticipate a greater ability to meet the needs of our students. PLCs will be able to leverage working as a team to support all students through targeted interventions. Teachers will continue to monitor English Language Development (ELD) as well as student progress and log in frequency with Imagine Learning. We will have a focus on building students' speaking skills. Teachers will track student progress towards mastery of essential standards and plan intervention for students as needed. SAI and SDC teachers will collaborate with General Education teachers regularly.

District will fund a full-time Instruction and Data Support teacher. Due to budgetary constraints our Intervention teacher will be reduced to 15% for the 2021-2022 school year (6 hour per week). In addition, site will no longer fund a part-time student helper to assist the intervention teacher in providing interventions. If funding changes the site will look at adding additional supports.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Wellness

LEA/LCAP Goal

LCAP Goal #2 Engage

We will engage our students and the learning community in order to provide the skills and supports necessary for social, emotional, and physical well-being.

Goal 3

We are committed to establishing a climate of respect, connectedness, and safety for our students.

Identified Need

This goal is a reflection of our strong belief in developing the "whole" child in addition to academic excellence. The English Learner and African American student groups have an orange status for Chronic Absenteeism on the most resent CA Dashboard. The Socioeconomically Disadvantaged, Students with Disabilities, and Hispanic student groups have a red status on the most recent CA Dashboard for Chronic Absenteeism. Therefore, we will continue to focus on attendance for these student groups. The All student group, English Learner student group, and the White student groups have an orange status for Suspension Rate on the most recent CA Dashboard. The Socioeconomically Disadvantaged and African American student groups have a red status on the most recent CA Dashboard for Suspension Rate. Therefore, we will continue to focus on positive behavior supports for these student groups.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Student survey results will demonstrate an increase in the percent of students who respond favorably to each of five social-emotional learning domains, based upon the data gathered from the CORE SEL Survey of 4th, 6th, and 8th graders. These domains complement academic preparation and long-term learning.	As measured by the CORE SEL Survey, the percent of students who responded favorably to the following domains are: Culture/Climate - 67.7% Growth Mindset - 73.7% Self-Management - 68.7% Self-Efficacy - 63.6% Social Awareness - 60.6%	As measured by the CORE SEL Survey, the percent of students who will respond favorably to the following domains will be: Culture/Climate - 70% Growth Mindset - 75% Self-Management - 70% Self-Efficacy - 65% Social Awareness - 62%
School attendance rates will achieve a 97% or better attendance rate, increasing by .05% each year.	(17-18) The school overall attendance rate was 95.88%(18-19) The school overall attendance rate was 95.84%.	The school attendance rate will increase by 0.05% to a rate of 96.92% for the coming school year.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	(19-20) The school attendance rate was 96.87%.	
The percentage of students with chronic absenteeism will decrease by 1% each year.	(17-18) A total of 107 students were absent more than 10% of the 2017-18 school year for a Chronic Absentee rate of 11.39%	The percentage of students with chronic absenteeism will decrease by 1% to a rate of 10.58% during the coming school year.
	(18-19) The percentage of students with chronic absenteeism was 11%.	
	(19-20) California Department of Education determined that due to COVID-19, the Chronic Absenteeism rates for 2019-20 were not reliable and comparable. Therefore, this data is not reported for the 2019-20 school year at the state level.	
	District data shows that the chronic absentee rate at our site was 11.58%.	
Increase the amount of time students are present in class for instruction as measured by a decrease in the number of students out of class and/or	(17-18) 2% of students were suspended during the previous school year.(18-19) 3.4% of students were suspended	Student suspensions will decrease by 0.5% for an overall rate of 1.37% during the coming school year.
suspended due to discipline.	suspended. (19-20) 1.87% of students were suspended.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Character Education

- Continue implementing anti-bullying strategies and other Character Education programs such as PeaceBuilders.
- Implement a Student Leadership Squad. The Student Leadership Squad will also be trained by City Hope volunteers on ways they can support others.
- Continue to participate in "The Great Kindness Challenge."
- Continue to have students recognize each other for acts of kindness with kindness slips and start a chain reaction of kindness within their classroom.
- Implement Harmony SEL curriculum for social emotional growth.
- Implement ImpACT On Stage lessons and interactive program with 4th-6th graders to help students identify mistreatment, advocate for themselves and for their peers, and establish a culture of compassion.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Consistent Attendance

- District will fund 2-days of a Social Worker to assist with providing supports to families of chronically absent students.
- Engage students and parents with a warm and welcoming school environment that emphasizes building relationships with families and students and stresses the importance of everyday attendance (see Restorative Practices).
- Monitor attendance and respond in a tiered approach to intervention (i.e., Students missing 5-9%, students missing 10-19%, and students missing 20% or more).
- Provide personalized early, caring, and constructive outreach to families already missing school. Look for and identify barriers to attendance.
- Work with Student Supports/Probation Officer (truancy intervention and prevention) to identify and address patterns of excessive absences. Work with families to address situations that are leading to absences offering resources when and if appropriate.
- Put system in place to contact and work with parents of chronically absent students, providing incentives for improvement.
- Conduct parent meetings (SST format) for foster students within 30 days of enrollment to collect information, identify student needs, determine educational rights, and ensure access to interventions in a timely manner.

Implement "Handle with Care" partnership with 1st responders that will inform school staff if a 1st responder encounters a student that has experienced trauma in their home.

District will fund 2-day of a Social Worker to provide support to families with students with

Proposed Expenditures for this Strategy/Activity

Strategy/Activity 4 Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Behavior

- Investigate and implement alternatives to students being sent out of class for negative behavior.
- School staff will partner with District Support Providers to gain skills and strategies focused on Positive Behavior Intervention Strategies (PBIS) that will help address chronic and/or extreme negative behaviors.
- Participate in Professional Development in Restorative Practices and Trauma-Informed Care work to gain strategies to proactively address student behaviors and increase student time in class.

 District will fund 2-day of a Social Worker to provide staff development to teachers on working with students with challenging behaviors.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During Distance Learning each classroom conducted a daily social-emotional learning lesson at the start of the day. In addition to the use of Harmony SEL curriculum, weekly social emotional lessons were provided to teachers for use with their students. Weekly principal messages to students included lessons on character traits and students recognition for demonstrating kindness. Attendance and engagement was monitored weekly. Teachers, health tech, and principal made personal phone calls to families with attendance or engagement concerns to offer support. District funded 2-days a week of a social workers to support attendance and engagement. Social worker

supported families with attendance and engagement concerns. We participated in the Great Kindness Challenge virtually.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to distance learning our students were not able to participate in Girls on the Run, Leadership Squad or the ImpACT on Stage assembly. Our character education program was implemented through weekly principal messages to students and student recognition. Instead of 1-day per week, the district provided 2-days per week of social worker support. This allowed for more families to receive social worker support and weekly check-in for our most at-risk students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The district will continue to fund 2-days a week of Social Worker to assist students, families, and staff with student wellness. As students return to campus we will be able to re-establish our partnership with City Hope and re-build our student Leadership Squad. Daily social-emotional learning will continue in each classroom. We have established a new partnership, "Handle with Care" with 1st responders that will inform us when a 1st responder has encountered a student who has experienced trauma in their home

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent/Community Engagement

LEA/LCAP Goal

LCAP Goal #2 Engage We will engage our students and the learning community in order to provide the skills and supports necessary for social, emotional, and physical well-being.

Goal 4

Establish meaningful partnerships with our parents to promote student success.

Identified Need

Engagement of our parents is valued and critical to our school's success. Based on the 2019-2020 Parent/Family Survey only 67.6% of parents attended school sponsored meetings. This is an overall 4% increase. Although we had a couple of parent education events that were well attended, there is room for growth in this area.

Engagement of our parents and establishing/maintaining meaningful partnerships with them are essential to our students' success. It takes the commitment of both school and home to foster a positive, happy and collaborative school environment.

Our school annually distributes a parent survey to determine parent perspectives and to obtain valuable input to guide our funding priorities for the coming year. The 2020-21 survey was distributed in May 2021. 242 parents responded to the survey, which was delivered via email and text message. The results showing the percentage of parents who agree with each of the following statements are listed below:

This school provides high-quality instruction to my child. 94% This school has high expectations for all students. 88%

• Overall Support for Academic Learning 91%

I feel welcome to participate at this school. 93% School staff treats me with respect. 96% School staff takes my concerns seriously. 91% School staff welcomes my suggestions. 79% School staff responds to my needs in a timely manner. 94% School staff is helpful. 97% My child's background (race, primary language, religion, unique needs, economic status) is respected at this school. 91% My child feels welcome at school. 97%

• Overall Sense of Community 92%

This school clearly informs students what would happen if they break school rules. 85%

At this school, discipline is fair. 78% My child is safe on school grounds. 93%

• Overall Sense of Safety 86%

A review of data indicates that our efforts in these areas have been successful. While we celebrate this growth, we will continue to put great emphasis on building and maintaining these partnerships. School and student safety is always an area of focus for our school. We strive to continue to grow in this area. In addition, we continue to work towards transparency with our students and parents regarding clear and fair discipline. We regularly hold class meetings and assemblies to ensure our students know school and classroom rules. Classroom rules are posted in each classroom and school rules are posted throughout the campus.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Percentage of parents who agree that the school has high expectations for all students as measured by the annual Parent/Family Survey.	(20-21) percentage of parents who agree that the school has high expectations for all students is 88%.	The percentage of parents who agree that the school has high expectations for all students will increase to 91%.
Percentage of parents who agree that the school staff welcomes their suggestions as measured by the annual Parent/Family Survey	(20-21) percentage of parents who agree that the school staff welcomes my suggestions is 79%.	The percentage of parents who agree that the school staff welcomes my suggestions will increase to 82%.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

To insure our parents are partners, parent education and training will be offered.

- Hold a variety of parent events establishing relationships with school staff.
- Work with District staff to provide training for ELAC and SSC.
- Work with District staff to determine and implement best practices in parent education.
- Place parent education on agendas for SSC, PTA, and ELAC meeting dates in early Fall of the new school year.
- Work with ELAC and SSC to create a needs assessment and survey parents to elicit input on parent education topics, time, place, and method of presentation.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Both the district and the school site offered a wide-variety of parent education opportunities. Each of these were offered virtually. In addition to virtual parent education, the principal provided parents with screencast updates periodically about the school environment, health, and safety protocols that were being implemented. The principal sent weekly parent updates via email and phone. Parent education topics were discussed at both SSC and ELAC and both groups completed a needs assessment. Parent information systems such as Blackboard Connect, Social Media and flyers were utilized to enhance home/school communication. We provided translation and interpreters at parent conferences as needed. We established, maintained, and utilized website updates, social media platforms to foster communication with parents and families specifically, and the community at large.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The greatest difference from our intended implementation is that we increased our parent communication with weekly principal updates and screencasts. Another difference was the increased communication between parents and teachers to support student learning virtually. All parent education was provided virtually instead of in person.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Recommendations submitted by parents for parent education topics will be utilized during the coming school year. We will continue to host events at a variety of days/times and increase our virtual options for families who are unable to attend in person. We will continue explore the possibility to offer online courses for parents.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- **3 Classroom Teachers**
- 1 Other School Staff
- 5 Parent or Community Members
- n/a Secondary Students

Name of Members	Role
Kelli Maringer	Principal
Diane White	Classroom Teacher
DeeAnn Jamison	Classroom Teacher
Wendi Prine	Classroom Teacher
Tabitha Townsend	Other School Staff
Josie Morkos	Parent or Community Member
Rosa Fasset	Parent or Community Member
Stephanie McDowell	Parent or Community Member
Eric Rubio	Parent or Community Member
Saida Qaderi	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 20, 2021.

Attested:

H. Maringer Peron-hund

Principal, Kelli Maringer on 5/20/21

SSC Chairperson, Tabitha Townsend on 5/20/21
