**DATE: June 1, 2021**

**RFP #20/21-002 Financial Management and Bond Accounting Software**

**RFP Due Date/Time: June 8, 2021 by 2:00 PM**

**QUESTIONS AND ANSWERS #1**

- 1.) Our software is a good fit for the RFP. However, we will not be able to provide the references from school districts in California. We have several school districts here in Colorado that are direct clients. In addition, we work with owners' rep companies that have school clients from across the county, likely including California. Would references from these clients be sufficient to meet this criteria?

As we are a California public school district, references should demonstrate use of and familiarity with the proposed software in public education capital facilities programs in California.
