2020-21 School Accountability Report Card

LA MESA DALE
LIONS

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

La Mesa Dale is a caring neighborhood school located in the heart of La Mesa. High-quality teaching and learning take place in a setting where students are loved, respected, and known as individuals. We believe that each and every student is capable of academic proficiency and social success AND that we, the school, have the power and responsibility to make that a reality. We work to strengthen each student's academic, social, and emotional skills while also developing resilience and joy in learning.

La Mesa Dale is a Title I School that serves approximately 550 wonderfully diverse preschool through sixth-grade students. La Mesa Dale families represent countries all over the world and collectively speak sixteen different languages. Twenty percent of our students have one or both parents serving actively in the United States military.

Our first goal is to build community and ensure every student feels a sense of safety and belonging. As a PeaceBuilder School, we provide school-wide character education and daily recognition of students exhibiting strong character traits as well as academic and personal growth. Sanford Harmony Social-Emotional Curriculum lessons are taught regularly in every classroom and help students develop empathy, problem solving and communication skills, and peer relationships. Classified and certificated staff are trained in restorative practices and providing trauma-responsive care. La Mesa Dale's full-time social worker diligently ensures families are connected with the resources they need. She coordinates services between La Mesa Dale and Family Wellness Center and San Diego Youth Services as needed. Our social worker also leads Second Step Lessons, provides individual and group counseling, facilitates access to counseling services through outside agencies, and LOVES to play basketball or do relay races with students on the playground at recess.

One of the most tranquil spaces on our campus is our beautiful garden. Students can visit the garden when they need a break or a quiet space to reset big emotions. Our garden is also a place of learning. Our garden educator provides experiential learning to support learners of all styles and abilities. Garden lessons are connected to Next Generation Science Standards and aim to help kids enjoy eating more fruits and vegetables. By developing our hands-on kitchen and garden skills we strive to provide our future generations with opportunities to enjoy more nourishment and less processed food.

La Mesa Dale staff is committed to ensuring academic excellence for each and every student. Our 21 classroom teachers, 3 Specialized Academic Instructors, 2 Speech-Language Pathologists, 8 paraprofessionals, psychologist, Reading Specialist, and Social Worker regularly participate in professional development on research-based best practices and collaborate as a

2021-22 School Overview

Professional Learning Community to ensure each student is provided with the highest quality instruction each and every day. We use the Five Dimensions of Teaching and Learning Instructional Framework to develop a common language and shared vision for high-quality instruction.

We are committed to removing barriers for students and families. Our school-wide system of differentiated instruction and interventions meets students where they are and provides the supports to ensure they meet and exceed their goals. We provide strong Integrated and Designated English Language Development for all English Learners. We monitor English Learner progress and provide timely and systematic intervention. We continue to provide a comprehensive service model to meet the needs of our approximately 90 students with disabilities through Specialized Academic Instruction.

La Mesa Dale empowers every student to know and build upon their own unique strengths, values, and interests. World of Work Curriculum provides early exposure to both self and career education and creates relevance to the real world and enables students to connect their educational goals to their possible future selves. Through World of Work we are also able to partner with parents and community members to give students a glimpse into a variety of careers, knowing that if students can see it, they can be it.

La Mesa Dale partners with Helix High School's EDGE program in an effort to train and raise up highly qualified teachers from within our own community. La Mesa Dale hired a Helix High School graduate for a teaching position just this year. We look forward to the benefits this partnership will bring to La Mesa-Spring Valley schools and students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

La Mesa Dale values and welcomes family support and participation and offers a variety of ways for families to connect and participate in their child's education that include:

- Supporting students at home through regular communication with the teacher (Class Dojo is used school wide for classroom to home communication and translates messages into over 30 languages), ensuring students are reading nightly, and have a designated quiet space to complete homework
- Back to School Night and Parent-Teacher Conferences
- Family participation in daily before-school Run Club
- School Site Council membership
- PTA Activities including PTA Meetings, monthly PTA sponsored dine-out events, movie nights
- Curriculum Nights - Family Reading Night, Family Math Night, Family Science Night
- Parent Education
- Classroom Volunteer Opportunities
- Weekday Workshop - volunteering in the designated parent work room to prep classroom materials (copies, cutting, etc.)
- Field Trip Chaperone

We have strong school-community partnerships with The Hill Church, La Mesa Community Kids Foundation, Hope Alliance, and City Hope. All partnerships have the goal of meeting the needs of students and their families to ensure every student's success.

To get involved, please contact Christina Hicks, PTA President, at 619-668-5740.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Current site Comprehensive School Safety Plans (CSSP) are received by the district each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Council for review and acceptance prior to submission to the Board of Education.

Professional Development

Professional learning in La Mesa-Spring Valley Schools (LMSVS) continues evolving to cultivate capacity and efficacy of teachers so they can ensure high levels of learning for each and every student. In recent years, professional learning has emphasized developing a common language around high quality teaching and learning and building collaborative cultures that promote high levels of learning for all students through professional learning communities. This work has included a deeper dive into content standards through the selection of essential standards and discussions around mastery and effective assessment, social-emotional learning and having an equity lens in all our work. In response to student performance data and classroom observation, current professional learning focuses on aligning instruction to standards and student experience, with extra time and resources dedicated to mathematics, science, and the needs of English learners.

Our Blended Professional Development program for 2021-22 offers online professional development options while still offering face-to-face professional development. Regardless of the learning format, our LMSVS educators are eager to engage in professional development, and the district is committed to supporting them with many tools, strategies, and training.

Central to our training in 2021-22 is the book *Opening Doors* by Dr. Trudy Arriaga and Randall Lindsey. Dr. Arriaga, a former superintendent, author and speaker, launched our work on the topics of equity and cultural proficiency, what she refers to as simply "Opening Doors for All Children". Dr. Arriaga is working with LMSV and other school districts throughout the United States to support the building of culturally proficient organizations. Her leadership has focused on the core values that ensure equity, access, and opportunity for every child and their family. District employees attended her keynote address at the start of the year. Dr. Arriaga will continue to present to our staff during the 2021-22 school year, and her book will be used throughout the year to anchor our practice and approach to opening doors for all children through our work on equity and cultural proficiency.

With professional learning communities as a foundation, professional development is approached from multiple angles to ensure that it is relevant, timely, and targeted to both student and teacher needs and to capitalize on teacher expertise. Teachers meet weekly, as a grade level or discipline, to analyze student data and discuss best practices to address the needs of each and every student.

In order to customize professional learning for certificated staff this year, 16 Lead Teachers were hired in specific areas (science, math, ELD, specialized academic instruction (SAI), PE, etc.) and offered a stipend to develop at least three sessions that will be offered through our Professional Blended Learning program. The Lead Teachers will contact their job alike cohort members across the district to gather information on specific training topics of interest, and either provide the training or coordinate with an outside expert to provide it.

Professional Development

Additional individual professional development opportunities offered or planned by Teachers on Special Assignment, Lead Teachers, social workers, and/or administrators for the 2021-22 school year include the following courses:

- Build Math Minds
- Building Thinking Classrooms
- Integrated ELD through Language Function
- i-Ready: Using Data to Plan Instruction
- Math Fluency
- NGSS 101: Phenomenon Based Learning
- Pro-ACT
- Processing Grief and Loss with your Middle School Students
- Reading in the Upper Grades for Struggling Readers
- Responding to Behavior Escalation
- Trauma-Informed Care

As the school year progresses, we will continue to provide support in these and other areas to deepen our expertise in providing instruction to our students.

As we continue to support the planning and professional development of our educators, the LMSVS Staff website has developed to include pacing guides, essential standards, quarantine and Independent Study Agreement resources, quick links for tutorials with Google Classroom and other Learning Management Systems, online curriculum supports, and more. The site also includes tools and information for supporting English learners and Special Education students, and providing differentiation in the content areas.

LMSVS believes in continuous learning, and we will ensure high-quality professional learning to all of our staff in an on-going manner throughout the entire 2021-2022 school year.
