2020-21 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Built in 1946, Rolando Elementary School has served generations of families in our community. Located in La Mesa, near the border of San Diego and Lemon Grove, Rolando is home to approximately 460 students. Rolando Elementary is designed to meet the various instructional needs of students in kindergarten through sixth grade. Seventeen classroom teachers, together with special education staff, custodians, school office manager, health tech, full time LVN, social worker, transitional coach, child nutrition staff, library media tech, campus attendants, and administration ensure successful learning experiences for each and every child. When stepping onto Rolando campus you immediately feel like you're at home. Staff and students welcome everyone with huge smiles and warm greetings. Rolando is a special school working together as one team, with one mission!

Rolando is proud to be a part of the nation-wide No Excuses University network. We believe in setting high expectations for each of our students and remain focused on academic and social success through 6 Exceptional Systems: Culture of Universal Achievement, Collaboration, Standards Alignment, Assessment, Data Analysis, and Intervention. Rolando staff understands that the greatest academic and social gains for our students come as a result of quality instruction from the classroom teacher and highly effective measures of collaboration among team members.

At Rolando, we care for each of our students by providing learning opportunities to ensure every child reaches their full potential. We offer robust interventions for social-emotional, academic, and behavioral needs. Maslow's Hierarchy of Needs has proven students are not ready to learn if their basic needs have not been satisfied. Sanford Harmony Social-Emotional Curriculum, Restorative Practices, Mindfulness, and 6 Pillars of Character set the foundations for meeting the needs of our students. Targeted intervention, re-teaching, and acceleration are achieved with the strategic use of flexible grouping. Our classroom teachers provide targeted essential standards instruction while ensuring the needs of all learners are being met through differentiated learning opportunities. Rolando's Specialized Academic Instruction (SAI) classrooms provide targeted instruction for students with special needs with the support of six paraprofessionals. We also offer a high quality, academically-based, before and after school program through Extended School Services (ESS). We believe in educating the whole child through capitalizing on their strengths and interests while meeting their social emotional needs. Our social worker collaborates with staff and families to offer support in a variety of areas such as social-emotional learning, mindfulness, engagement, attendance, parent education, and community outreach. In partnership with City Hope, every week we welcome Mr. Bill, our extraordinarily trained volunteer onto campus. This former school principal builds relationships with individual students, fostering personal connections while partnering with students to set and achieve personal goals. There are no excuses for meeting the needs of our students.

2021-22 School Overview

This year, Rolando Elementary School has implemented a new child leadership initiative called the Transition Coaching Program that places trained Transitional Coaches on school campuses to initiate a Transitional support system designed to promote child academic and behavioral success. The Transition Coaching Program is designed to help students with attendance, discipline and academic issues, and become more successful in school. Rolando Elementary School's Transitional Coach will challenge students to focus on their academic, social, and behavioral goals during weekly coaching sessions. The students will create their own goal statement, called a "Transition Plan." This Transition Plan is a road map of each student's strengths, values, interests, purpose, and passion in life. Children involved in the program have a record of improving attendance, peers, family bonding, and achieving academic growth.

We have defined our purpose to build a strong academic and character foundation in each child by providing an instructional program that emphasizes high standards of achievement for each and every student partnered with character education to develop responsible citizens. Rolando embraces a culture of universal achievement with the belief that each and every child deserves the opportunity to be educated in a way that prepares them for college if he or she chooses to attend. We want all students to learn at high levels every day. We are tenacious about improvement, and use a collaborative model with research-based practices to accomplish the goals we set each year, there are no limits to the success we can achieve together.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent and community involvement is an integral part of Rolando's success. Rooted in years of successful long-lasting partnerships, we have established a legacy of cooperation between staff and families that includes multiple generations of Rolando students. Working together, our Rolando community has created various opportunities to support our students in positive and meaningful ways.

Our 3-way pledge between student/teacher/parent is reviewed individually at our parent conferences to reinforce Rolando's commitment to each individual student's success.

2021-22 Opportunities for Parental Involvement

Parents are our partners, and we encourage participation in our school's events, projects, and activities. These opportunities include: Back to School Night, parent conferences, and Open House - our commitment is to foster inclusiveness and to make meaningful contact with each and every Rolando family.

PTA welcomes volunteers with many opportunities for parent involvement including various events such as our annual back to school picnic, fun run, trunk or treat, room parents, take home crafts, movie nights, and much much more - contact PTA President Cat Campbell (RPTAPres@gmail.com)

Opportunities for family and community members to support student learning include participation in School Site Council, English Learner Advisory Committee, volunteering in individual classrooms, and supporting our staff by assisting with office work. Contact Noelle Suffield/Principal (noelle.suffield@lmsvschools.org), Kristen Schram-SOM/Front Office (kristen.schram@lmsvschools.org), or your child's teacher at (619) 668-5800.

Rolando's campus welcomes volunteers for a variety of purposes, this year we are cautiously reigniting our before school walk/jog program, safety patrol, Watch DOGS, traffic monitoring, and magnificent garden volunteers, all of which thrive because of our parent and community volunteers. Contact Noelle Suffield/Principal (noelle.suffield@lmsvschools.org), Kristen Schram-SOM/Front Office (kristen.schram@lmsvschools.org), or your child's teacher at (619) 668-5800.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Current site Comprehensive School Safety Plans (CSSP) are received by the district each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Council for review and acceptance prior to submission to the Board of Education.

Professional Development

Professional learning in La Mesa-Spring Valley Schools (LMSVS) continues evolving to cultivate capacity and efficacy of teachers so they can ensure high levels of learning for each and every student. In recent years, professional learning has emphasized developing a common language around high quality teaching and learning and building collaborative cultures that promote high levels of learning for all students through professional learning communities. This work has included a deeper dive into content standards through the selection of essential standards and discussions around mastery and effective assessment, social-emotional learning and having an equity lens in all our work. In response to student performance data and classroom observation, current professional learning focuses on aligning instruction to standards and student experience, with extra time and resources dedicated to mathematics, science, and the needs of English learners.

Our Blended Professional Development program for 2021-22 offers online professional development options while still offering face-to-face professional development. Regardless of the learning format, our LMSVS educators are eager to engage in professional development, and the district is committed to supporting them with many tools, strategies, and training.

Central to our training in 2021-22 is the book *Opening Doors* by Dr. Trudy Arriaga and Randall Lindsey. Dr. Arriaga, a former superintendent, author and speaker, launched our work on the topics of equity and cultural proficiency, what she refers to as simply "Opening Doors for All Children". Dr. Arriaga is working with LMSV and other school districts throughout the United States to support the building of culturally proficient organizations. Her leadership has focused on the core values that ensure equity, access, and opportunity for every child and their family. District employees attended her keynote address at the start of the year. Dr. Arriaga will continue to present to our staff during the 2021-22 school year, and her book will be used throughout the year to anchor our practice and approach to opening doors for all children through our work on equity and cultural proficiency.

With professional learning communities as a foundation, professional development is approached from multiple angles to ensure that it is relevant, timely, and targeted to both student and teacher needs and to capitalize on teacher expertise. Teachers meet weekly, as a grade level or discipline, to analyze student data and discuss best practices to address the needs of each and every student.

In order to customize professional learning for certificated staff this year, 16 Lead Teachers were hired in specific areas (science, math, ELD, specialized academic instruction (SAI), PE, etc.) and offered a stipend to develop at least three sessions that will be offered through our Professional Blended Learning program. The Lead Teachers will contact their job alike cohort members across the district to gather information on specific training topics of interest, and either provide the training or coordinate with an outside expert to provide it.

Professional Development

Additional individual professional development opportunities offered or planned by Teachers on Special Assignment, Lead Teachers, social workers, and/or administrators for the 2021-22 school year include the following courses:

- Build Math Minds
- Building Thinking Classrooms
- Integrated ELD through Language Function
- i-Ready: Using Data to Plan Instruction
- Math Fluency
- NGSS 101: Phenomenon Based Learning
- Pro-ACT
- Processing Grief and Loss with your Middle School Students
- Reading in the Upper Grades for Struggling Readers
- Responding to Behavior Escalation
- Trauma-Informed Care

As the school year progresses, we will continue to provide support in these and other areas to deepen our expertise in providing instruction to our students.

As we continue to support the planning and professional development of our educators, the LMSVS Staff website has developed to include pacing guides, essential standards, quarantine and Independent Study Agreement resources, quick links for tutorials with Google Classroom and other Learning Management Systems, online curriculum supports, and more. The site also includes tools and information for supporting English learners and Special Education students, and providing differentiation in the content areas.

LMSVS believes in continuous learning, and we will ensure high-quality professional learning to all of our staff in an on-going manner throughout the entire 2021-2022 school year.
