

REQUEST FOR PROPOSALS Questions

RFP #22/23-001
E-Rate Year 2023/2024
470 #230001923

TECHNOLOGY EQUIPMENT

Received by 2 PM on November 4th, the Following Represents Questions Posed by Potential Proposers AND Responses by the School District:

- For the Cisco PoE Switch (C9200L-48P-4G), would you like C9200L-DNA-E, or C9200L-DNA-A Licensing? **Answer: (C9200L-DNA-E or equivalent.)**
- For the Cisco PoE Switch (C9200L-48P-4G), would you like a 3-, 5-, or 7-year term on the DNA licensing? **Answer: (3-Year Term.)**
- For the Cisco PoE Switch (C9200L-48P-4G), is the EDU sku acceptable to use? **Answer: (Yes, or equivalent.)**
- Can the bound hard copy be bound by combs instead of a 3 ring binder due to the fact that the number of pages being submitted is small? **Answer: (Yes.)**
- If the answer to question 4 is no, due to the small size of this response, a small 3 ring binder would be used and is too small to have any information inserted into the spine. Can that requirement be removed? **Answer: (N/A due to prior response is Yes.)**
- In the content requirement outline, you state that proposals must contain all sections described except Section 8. Can we also exclude Section 7 since it's intentionally blank? **Answer: (Yes.)**
- Does the district intend to reuse existing optics? **Answer: (Yes.)**
- What optics are currently in place? **Answer: (Fiber optics.)**
- What type of fiber is currently deployed at each school site? **Answer: (Multimode Fiber.)**
- Does the district currently have licensing for the SmartZone Controllers? **Answer: (The district currently has licensing for the SmartZone controllers.)**
- What is the existing SmartZone Controller? **Answer: (SZ100.)**
- Can you provide a list of the existing Ruckus access points? **Answer: ((672) Ruckus R610, (98) Ruckus R500, (1) Ruckus T301S.)**
- Will the Existing Access Points work on the new Controllers requested? **Answer: (Yes.)**
- Can the Existing Licensing be transferred to the New Controllers? **Answer: (Yes.)**
