## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

- Schoolwide Program
- Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Our School Plan for Student Achievement (SPSA) aligns with the District's Local Control Accountability Plan (LCAP) as each goal (and its associated strategy(ies)/activity(ies) can be referenced in the current LCAP. The district's LCAP is the foundation for all expenditures incurred by the District. Based on the needs assessment and goals found in the LCAP, the school will utilize federal funds, when applicable, to supplement base funding in accordance with the purpose and goals of each specific goal. Federal funds, if received, will be used as outlined in the School Plan for Student Achievement to purchase supplemental materials not part of the adopted standards aligned curriculum and core base programs.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Our school's comprehensive needs assessment included the solicitation of input and feedback from our educational partners (parents, teachers, staff, etc.). Our 2022-23 Annual Parent Survey was distributed to gather data regarding the climate and safety of the school and to solicit input about the strengths and areas for growth of the many programs and services we offer. Data from these surveys is included throughout our 2023-24 SPSA.

Consultations and connections with our educational partners took place through in-person meetings, virtual Zoom meetings, online surveys, phone conversations, and student home visits (when possible) and allowed us to assess our educational program, academic interventions, social-emotional and behavioral supports, parent engagement, and school connectedness.

Surveys sent in preparation for or during the 2022-23 school year included (but were not limited to) topics such as :

- Support for academic learning
- School safety
- Belonging in the school community

Parent data indicated a desire for more school safety provisions. Teacher data displayed the desire for more training and direction in crisis plans and responses.

The Extended School Services (ESS) program, which provides before and after school childcare in an academic and recreational setting, distributes annual parent surveys to participating families at all twenty-one (21) La Mesa-Spring Valley School District sites. The primary goal of the parent survey is to collect and understand parent opinions, perspectives, attitudes, and perceptions of the ESS team members, the services provided, and the general environment. Results are shared with all ESS employees and action plans are developed and put into place to assist in achieving improvement goals for continuous quality improvement.

This year's data revealed that 98% of the district families surveyed feel that ESS provides a safe and happy environment for children, that the program provides expanded learning opportunities that their students enjoy (ESSPN Sports League, cheer, dance, robotics, fine and performing art classes, etc.), and that the ESS staff communicate and interact positively with children. A highlight from this year's survey was the feedback on ESS staff and ESS parent communication. 99% percent of parents surveyed stated that they know that if they have a question or concern that they can speak with an ESS staff member about it. Continued opportunities for growth include additional support for student homework completion.

Our school will continue to solicit input and feedback from our educational partners during the 2023-24 school year and utilize the data to improve the work that we are doing in support of our students, families, and staff.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

### District/Site Collaborative Walks:

To collect district or school-wide evidence of progress in the implementation of the SPSA and principal goals – to build coherence, identify strengths, areas for growth, and next steps for professional learning, student support, and teaching and learning across the system.

### Principal Cohort Walks:

To build a common language and understanding of high quality teaching and learning through inquiry and to build a collaborative network that provides feedback and suggestions to the school on a focus area.

### Formal Classroom Observations:

To evaluate a teacher's performance as outlined by the teacher evaluation document and association contract. These are observation cycles that include both formal and informal observations with feedback meetings.

### Daily Principal Observations:

To monitor daily instructional practices in order to coach teachers, provide targeted feedback and support, and collect evidence on the professional development needs of staff.

### Peer Observations:

Ghost walks and peer-to-peer observations provide organized processes for viewing a school's classrooms and/or halls to collect evidence about how well school improvement efforts are being implemented, emphasizing what we can learn from each other.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Through Professional Learning Communities (PLCs), teachers analyze both state yearly assessments and district benchmark assessments taken at specific intervals throughout the year. Teachers set goals and modify adopted curriculum and instruction to address students' needs in both classroom instruction and Response to Intervention (RTI) groupings and topics.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers use curriculum-embedded unit, weekly, and daily assessments to monitor student progress toward mastering grade level standards. Formative assessments lead to modifications in instruction to meet the needs of students.

## **Staffing and Professional Development**

Status of meeting requirements for highly qualified staff (ESEA)

Staff at our school site meet the requirements for being highly qualified.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers and counselors at our school site are properly credentialed.

All teachers will participate in site-based staff development that takes place 1-2 times a month. We believe that building teacher capacity needs to be systematic and collaborative. Professional development is supported with daily interactions with and feedback from the principal. Individuals and collaborative teams identify areas of focus based on student need and site priorities which include: comprehension of grade level informational text, modeling with mathematics, and student collaboration.

Additionally, teachers are required to attend four hours of professional learning outside of their work day (per an MOU with LMSVTA) that is offered through the district Content Leads, TOSAs, San Diego County Office of Education, and other outside agencies. The district Professional Learning Program has an extensive calendar of offerings that are provided online, face-to-face, and through a blended format.

Professional development courses in 22-23 included:

Newcomer 101 (to support our newest English Learners)

Intro to Google Classrooms

Project Based Learning

Math Expressions: Getting Started

Environmental Literacy for Social Studies

Daily 5 Routine for Running Small Group Rotation

Amplify: Analyzing Student Work

High Leverage ELD Strategies

Number Talks and Dot Talks

Supporting Diverse Learners

Virtual Manipulatives in Math Instruction

Minimizing Math Anxiety

Redefining Classroom Management

Social Emotional Learning in PE

Informational Text in PE

Supporting students with foundational reading skills through SIPPS (Systematic Instruction in Phonological Awareness, Phonics and Sight Words) training

Regardless of the learning format, our educators are eager to engage in professional development, and the District is committed to providing them with many tools, strategies, and training to support all learning models.

## Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is provided to teachers and other staff to address the identified needs of our students. It is aligned to California Core Content Standards and CASEL Social Emotional Learning (SEL) competencies as appropriate. Areas of need are identified by student achievement data, student SEL surveys, educational partners' input, and observed areas of need. Growth and improvement are measured through principal classroom walkthrough data and student performance. Needs assessments and feedback are elicited in conjunction with each professional growth offering. Based on the feedback, professional growth is adjusted to increase effectiveness. The District is intentional about providing a through line of professional learning that targets the professional growth of new teachers, developing teachers, teacher leaders, new administrators, and veteran administrators.

Staff development focuses on:

- Cultural proficiency and educational equity
- Use of local assessments to inform and modify instruction
- District wide targeted instructional area of comprehension of informational text
- Framework for Powerful Learning
- Data driven decision making
- Development of strong PLCs and Instructional Leadership Team
- Supporting the whole child in academics, behavior, social emotional learning and mental health

Site level professional development includes site learning day presentations and PLC work. Teachers work collaboratively to plan instruction based on essential standards, reflect on lessons, and analyze student work and assessment data, to improve their practice and increase student achievement. Staff development at our school site in the 2023-24 school year will focus on comprehension of grade level informational text, continuing our work with learning intentions, and continuing our work with Modeling with Mathematics.

## Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Site-based professional development, grade-level collaboration, principal observation, and feedback/coaching provide on-going assistance and capacity building for teachers. Response to Intervention support (Resource Teacher, Teachers on Special Assignment, and Special Education support staff) all support classroom instruction.

## Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Each grade-level/department at our school has regularly scheduled meetings to collaborate on the analysis of data, lesson design, and the use of instructional strategies and best practices that work to improve student achievement and performance. Each meeting is designed in professional learning community (PLC) format where each member takes a leadership role and an expectation of reflective conversations around data analysis, program effectiveness, and "moving the needle" toward student success and achievement. Professional learning communities allow for an ongoing process in which educators work collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve. Professional learning communities operate under the assumption that the key to improved learning for students is continuous job-embedded learning for educators.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Following the state adoption cycles, the district-provided curriculum materials and instruction are in alignment with the California Content Standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes in all subject areas are monitored by the District. All teachers turn in their classroom schedule to school administration to ensure adherence to the District guidelines.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Essential Standards in math and language arts provide a framework for lesson pacing. All students have a copy of each textbook and/or workbook for core curriculum. Student daily schedules are modified to allow for intervention as needed.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Each classroom and student has easy access to adopted curriculum assigned to them in all content areas. The adoption of instructional materials process includes a preview to determine that they are appropriate for the student groups for whom they are purchased.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All students have State Board of Education adopted materials for their courses, intervention materials (when needed), and access to standards-aligned core courses. Use of materials is monitored by school administration on a daily basis.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

All students receive Common Core standards-based instruction at their appropriate grade level. In classrooms, teachers provide additional access to the curriculum through small group instruction. In ELD classes, students are grouped by instructional level, and are assessed and regrouped appropriately. Teachers are required to examine student work samples and meet in subject specific and/or department-level meetings to ensure that students are mastering standards. They also determine student needs, adjust instruction, and plan re-instruction accordingly. Intervention action plans are developed when appropriate. The Student Study Team (SST) process is used to identify and monitor students at risk. Interventions are agreed upon and implemented by the classroom teacher in collaboration with the student's family.

## Evidence-based educational practices to raise student achievement

Information from state assessments (when available), i-Ready data in math and reading, CORE social emotional learning survey (grades 4-8), common assessments, benchmark assessments, needs assessments and surveys, and staff development provide the basis for School Site Council (SSC) and administrative planning. The use of data to modify and drive instruction with effective evidence-based instructional strategies is our major focus to raise student achievement.

In 2023-24, the following evidence-based educational practices will be employed and focused on to increase and improve student achievement across the campus and across all disciplines:

Systematic Instruction in Phonological Awareness, Phonics, and Sight Words (SIPPS)

Professional Learning Communities (PLC)

Positive Behavior Interventions and Supports (PBIS)

Multi-tiered Systems of Support (MTSS)

Second Step Curriculum for Social-Emotional Learning

i-Ready

Instructional Data and Support (IDS) Teacher Coaching

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Opportunities are provided throughout the year so that families can learn to support their children academically and behaviorally.

To support successful school and family interactions, the district is committed to engaging parents through:

- Parent education workshops provided by district staff and local community agencies
- The use of multiple methods of communication (flyers, phone calls, district/school websites, school marquee, email) to promote participation
- The continuance of School Site Councils (SSC) and English Learner Advisory Committees (ELAC) at each site who send a representatives from each site to the district-level parent advisory committees, known as the District Parent Advisory Committee
- The distribution of a district-wide parent survey with disaggregated results for each site that can lead to improved results
- The maintenance of a district website with current resources available to parents to support them in working with their children's academic, social, and emotional needs
- Enhancing the awareness and skills of teachers, principals, and staff in reaching out to, communicating with, and working with parents as equal partners

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

All educational partners (parents, community members, teachers, and other school personnel) have an opportunity to give input on the use of federal funds (as applicable) and the implementation of programs. Specifically, at our school site, the members of the School Site Council (SSC) and the English Language Advisory Council (ELAC) meet to discuss these matters directly with each other. The District holds monthly educational partners' meetings with parents (DPAC District Parent Advisory Committee) where district programs are discussed. In addition, the District holds meetings throughout the year with other educational partners (classified staff, certificated staff, administrative staff) to obtain input about district programs.

## Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Our school does not receive any categorical funds.

Fiscal support (EPC)

Our school does not receive any categorical funds.

## **Educational Partner Involvement**

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### **Involvement Process for the SPSA and Annual Review and Update**

Feedback and input from key educational partner groups are critical for the ongoing success of our students. As part of the planning process for the 2023-24 School Plan for Student Achievement (SPSA), school leadership met with the School Site Council (SSC). Achievement data (local and state, if available) was shared with this groups and analyzed for trends and patterns of under-performance. That analysis is summarized in the SPSA as the Annual Review for each goal.

School educational partner involvement meeting dates were as follows:

- SSC # 4 Meeting, April 20, 2023 at 2:30; SSC #5 Meeting, May 17, 2023 at 2:30
- Staff Meetings where the 2023-24 SPSA goals and metrics were discussed: March 28, 2023 at 2:30, April 25, 2023 at 2:30, May 9, 2023 at 2:30 and May 23, 2023 at 2:30
- Instructional Leadership Team (ILT) meetings where the 2023-24 SPSA goals and metrics were discussed: May 2, 2023 at 2:30
- Other meetings where the 2023-24 SPSA goals and metrics were discussed (PTA, etc.): PTA Unit meeting March 31, 2023 at 8:15, and the PTA Board meeting April 18, 2023 at 8:15

Feedback from these meetings resulted in the development of goals to be included in the SPSA (Planned Improvement Goals). The district Local Control Accountability Plan (LCAP) was also reviewed to ensure that the Planned Improvement goals of the SPSA aligned with the goals outlined in the district's LCAP.

## **Resource Inequities**

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Our needs assessment involved a review of our SBAC and dashboard data (where available) as well as our current academic data, parent survey results, chronic attendance rates, and student survey results. When we look at our data compared to our actions and services, we noted the following resource inequities:

During the 2022-2023 school year Fletcher Hills experienced staffing challenges:

- Inconsistent Social Worker/Counselor support throughout the school year. This led to decreased ability to monitor attendance and provide timely intervention.
- Instructional Data and Support Teacher reassigned to another school site in November. This limited the instructional coaching support for our teaching staff.
- Unable to hire a Expanded Learning Opportunity Program (ELOP) teacher until May. This led to students not having access to after school intervention support in foundational reading skills.

Lack of funding and staffing to provide additional tutoring consistently across all grade levels. We were only able to offer this support in 2nd and 6th grades.

Grade 4	89	83	77
Grade 5	99	81	87
Grade 6	73	80	88
<b>Total Enrollment</b>	626	558	605

### The conclusions based on this data

1. Kindergarten, 1st, 3rd and 5th grades saw a dip in enrollment from the 2020-21 school year to the 2021-22 school year and then saw an increase from the 2021-22 school year to the 2022-2023 school year. 6th grade saw the greatest increase in enrollment from 2020 to 2023 with a 15 student increase.
2. School-wide there was a decrease in enrollment of 68 students from the 2020-21 school year to the 2021-22 school year and then an increase of 47 students from the 2021-22 school year to the 2022-2023 school year.
3. There was a decrease of white students by 26 students, while other student groups saw minimal increases such as African American students increased by 4 students, Pacific Islander students increased by 4 students, and the multiple/no response student group increased by 9 students.

Fluent English Proficient (FEP)	16	13	13	2.60%	2.3%	2.1%
Reclassified Fluent English Proficient (RFEP)	0		1	0.0%		4.5%

### The conclusions based on this data

1. The English Learner population has been consistently below 4% over the last 3 school years with the highest number of English Learner students being 21 students or 3.4% during the 2020-21 school year.
2. The percentage of Fluent English Proficient (FEP) students has decreased each year from 2.6% in 2020-21 to 2.3% in 2021-2022 to 2.1% in 2022-23.
3. The number of students who we designated Fluent English Proficient (FEP) students in 2021-22 and 2022-23 was 13 students each year.

# 2022-23 Annual Review

## Goal Subject

English Language Arts

## LEA/LCAP Goal

Goal 1 - ACHIEVE - We will increase achievement for all of our students while decreasing performance gaps and educational inequities. (State Priority 4-Pupil Achievement, 8-Other Pupil Outcomes)

## Goal 1

### Statewide Assessments:

The percentage of all students in Grades 3-6 meeting standard on SBAC (ELA) will increase from 62.65 to 70%

The percentage of English Learners in Grades 3-6 meeting standard on SBAC (ELA) will increase from 50% to 58%.

The percentage of socioeconomically disadvantaged students in Grades 3-6 meeting standard on SBAC (ELA) will increase from 52.63% to 60%.

The percentage of students with disabilities in Grades 3-6 meeting standard on SBAC (ELA) will increase from 24.49% to 33%.

### Local Assessments:

The percentage of all students in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 68% to 71%

The percentage of English Learners in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 42% to 50%.

The percentage of socioeconomically disadvantaged students in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 61% to 69%.

The percentage of students with disabilities in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 27% to 35%.

## Annual Review

### SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 2022-23 school year Fletcher Hills focused on a commitment to using data for continuous improvement, supported by the Framework for Powerful Learning, inclusive of a targeted instructional area, powerful instructional practices, and a cycle of professional learning. Based on PLC and school-wide data analysis grade levels developed SMART Goals to target specific skills students were struggling with in English Language Arts. We utilized an Instructional and Data Support Teacher (IDS) to support teachers and PLC teams in analyzing data and developing appropriate interventions. The IDS teacher co-taught and coached teachers in all grade levels during August 2022-November 2022. In addition to Tier 1 interventions, WIN (What I Need) was implemented in all grade levels to target individual student needs. We ensured strong Integrated and Designated English Language Development (ELD) for all English Learners (ELs).

Overall our strategies and activities were successful based on i-Ready data. Our ELA goal was to increase our student performance on i-Ready from 68% of students at or above grade level, on the 2022 Diagnostic 3 to 75% of students performing at or above grade level, on the 2023 Diagnostic 3. This was a goal of a 7% increase. We do not have Diagnostic 3 data at this time. Our student performance on i-Ready on the 2021-22 Diagnostic 2 indicated that 59% of students were at or above grade level and our student performance on i-Ready on the 2022-23 Diagnostic 2 indicated that 64% of students were at or above grade level. This is an increase of 5% from Diagnostic 2 2021-22 to Diagnostic 2 2022-23. The 2021-22 Diagnostic 2 was completed in December of 2021, while the 2022-23 Diagnostic 2 was completed in January 2023.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Our plan to implement WIN (What I Need) pull out intervention groups was implemented as planned. Due to funding this was implemented September 2022 through April 2023.

The support provided to teachers and PLCs by the Instructional Data Support (IDS) teacher was interrupted due to the IDS teacher being reassigned to another school site in November. PLC teams each had one release day with a district level Teacher on Special Assignment (TOSA) to begin work on Learning Intentions that the IDS teacher was originally planning to focus on during her coaching cycles.

Teachers who had a student designated as a newcomer English Learner works closely with a district level Teacher on Special Assignment (TOSA) on specialized curriculum. Additionally, we were able to provide 1:1 student support through a home language Student Helper.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan to continue to provide a part-time teacher to support WIN instruction. We plan to begin implementing WIN instruction with the support of the part-time teacher in late August. We also plan to provide data release days for teachers at least once mid-year.

Additionally, we hired a full-time Expanded Learning Opportunities Program (ELOP) teacher to provide strategic intervention through researched based intervention program, SIPPS.

Next school year, we will have a new IDS teacher who can support teachers and PLC teams to further develop their skills in Learning Intentions as a site area of focus.

Each of the Fletcher Hills PLC teams will have at least one team member new to the team. Each team will be provided a release day in Spring 2023 or Fall 2023 to begin to develop as a team.

Next year we will measure iReady growth based on the i-Ready Diagnostic 2. We will use the 2022-2023 i-Ready Diagnostic 2 as our base line and measure our growth using the 2023-2024 i-Ready Diagnostic 2.

## Annual Review

### SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our School Social Worker/Counselor monitored student attendance and communicated with families regularly. The School Social Worker/Counselor and our School Psychologist held weekly SEL group lessons for students identified by the intervention team to help build a connectedness to school. Additionally, the School Social Worker/Counselor supported families with referrals to SchoolLink when needed. SST meetings and School Attendance Review Team (SART) meetings were held as needed to support students and families with attendance concerns.

Our goal was to decrease the percentage of students with chronic absenteeism by 1% to 18.51%. We surpassed this goal. Our chronic absenteeism decreased from 19.51% to 16.32%. This is an overall decrease of 2.19%

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The support provided by our Social Worker/Counselor was inconsistent due to staffing. August through December Fletcher Hills had a Social Worker supporting students and families two days a week. January through February the district level Social Worker lead supported Fletcher Hills students and families to the degree it was feasible. In March we were able to increase our support by hiring a full-time Counselor. This allowed us to more closely monitor and support attendance. Additionally, this allowed us to provide more 1:1 and small group counseling to increase student connectedness to school.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the 2023-24 school year we will continue to have a full-time Counselor and we will further develop our attendance supports.

We will specifically focus on our students with multiple races/two or more for chronic absenteeism during the 2023-2024 school year. We will add a goal to monitor this group of student's absenteeism.

## Goal 4

The percentage of students who respond favorably will increase to the following percentages in each domain:

Culture/Climate - 81%  
Growth Mindset - 86%  
Self-Management- 96%  
Self-Efficacy- 80%  
Social Awareness- 82%

The percentage of parents who respond favorably will increase to the following percentages in each domain:

Support for Academic Learning - 95%  
Sense of Community - 91%  
Sense of Safety - 90%

Fletcher Hills will maintain a suspension rate below 0.3%.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

At Fletcher Hills we continued to implement Character Education programs including PeaceBuilders and monthly character traits. Soaring Falcon Slips were read during daily morning announcements and at our Friday Peace Circle to recognize students for both academic and positive behaviors. Student recognition awards were presented monthly based on the specified character trait identified for the month. Our school Social Worker/Counselor provided monthly SEL lessons for classrooms based on the monthly character education traits. The School Social Worker/Counselor and our School Psychologist held weekly Social Emotional Learning (SEL) group lessons for students identified by the intervention team. Additionally, the School Social Worker/Counselor supported families with referrals to SchoolLink, and created safety and support

plans for students. SST meetings were held as needed to support students. Restorative Practices are utilized regularly with students by all staff. During the 2022-23 school year we were able to hold many more school and community events to build community relationships.

Our goal was to increase the percentage of students who respond favorably will increase from Spring 2022 to Spring 2023.

Culture/Climate -

79% of students responded favorably in Spring of 2022. The goal was to increase to 81%. In Spring 2023 we saw an increase of 3% to 82%

Growth Mindset -

84% of students responded favorably in Spring of 2022. The goal was to increase to 86%. In Spring 2023 we saw a decrease of 11% to 73%

Self-Management -

94% of students responded favorably in Spring of 2022. The goal was to increase to 96%. In Spring 2023 we saw a decrease of 30% to 64%

Self-Efficacy-

78% of students responded favorably in Spring of 2022. The goal was to increase to 80%. In Spring 2023 we saw a decrease of 12% to 66%

Social Awareness -

80% of students responded favorably in Spring of 2022. The goal was to increase to 82%. In Spring 2023 we saw a decrease of 8% to 72%

Our goal was to increase the percentage of parents who respond favorably (strongly/somewhat agree) will increase from 2022 to 2023.

Support for Academic Learning -

93% of parents responded favorably in 2022. The goal was to increase to 95%. In 2023 we saw a decrease of 2% to 91%.

Sense of Community -

88% of parents responded favorably in 2022. The goal was to increase to 91%. In Spring 2023 we did not see any change with 88% of parents responding favorably. However, 9% of parents responded with neither agree nor disagree.

Sense of Safety -

87% of parents responded favorably in Spring of 2022. The goal was to increase to 90%. In Spring 2023 we saw a decrease of 6% to 81%. However, 13% of parents responded with neither agree nor disagree.

Suspension rates increased from 0.3% to 1.47%. This is a increase of 1.44%.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The support provided by our Social Worker/Counselor was inconsistent due to staffing. August through December Fletcher Hills had a Social Worker supporting students and families two days a week. January through February the district level Social Worker lead supported Fletcher Hills students and families to the degree it was feasible. In March we were able to increase our support by hiring a full-time Counselor. This allowed us to provide more support to students though individual and small group counseling, add an alternative recess option for kindergarten and 1st

grade students and provide in class lessons for each of our classrooms at least monthly. Additionally, all teachers were provided the Second Step SEL curriculum to utilize with their classes.

Although the parent survey data does not reflect an improved sense of safety at Fletcher Hills, several safety measures were implemented during the 2022-23 school year. This includes the addition of a single entry point to access campus with a video chat entry system, additional blinds for several classrooms and a privacy screen along the Tampa Ave. playground fence. It is presumed that the recent school shootings in the news have resulted in the parent survey responses regarding school safety.

During the 2022-23 school year we re-implemented Peace Circle on a weekly basis to help build a greater sense of community. During Peace Circle and daily morning announcements students are recognized for demonstrating positive behaviors and/or academic success.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the 2023-24 school year we will continue to have a full-time Counselor and we will further develop our SEL and school connectedness supports. The additional Social Emotional Learning will help better support students with behavioral challenges.

## LEA/LCAP Goal

Goal 1 - ACHIEVE - We will increase achievement for all of our students while decreasing performance gaps and educational inequities. (State Priority 4-Pupil Achievement, 8-Other Pupil Outcomes)

## Goal 1

### Statewide Assessments:

The percentage of all students in Grades 3-6 meeting standard on SBAC (ELA) will increase from xx to xx (minimum of 3% increase).

The percentage of English Learners in Grades 3-6 meeting standard on SBAC (ELA) will increase from xx to xx (minimum of 8% increase).

The percentage of socioeconomically disadvantaged students in Grades 3-6 meeting standard on SBAC (ELA) will increase from xx to xx (minimum of 8% increase).

The percentage of students with disabilities in Grades 3-6 meeting standard on SBAC (ELA) will increase from xx to xx (minimum of 8% increase).

### Local Assessments:

The percentage of all students in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 40% to 43%.

The percentage of English Learners in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 9% to 17%.

The percentage of socioeconomically disadvantaged students in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 27% to 35%.

The percentage of students with disabilities in Grades K-6 scoring at or above grade level on i-Ready (ELA) will increase from 12% to 20%.

## Identified Need

Students in all grades (including target groups) will demonstrate increased proficiency on state and district assessments.

#### Strategy/Activity

##### Cycles of Professional Learning and Collective Teacher Efficacy:

The Fletcher Hills staff has a commitment to using data for continuous improvement, supported by the Framework for Powerful Learning, inclusive of a targeted instructional area, powerful instructional practices, and a cycle of professional learning.

- Identified targeted area for the school year: Each and every LMSV student will improve their ability to read, understand and make meaning of grade level appropriate informational text across all content areas. All staff will focus on the development of specific reading and thinking strategies aligned to the California State Standards. Staff meetings and Site Learning Days will focus on powerful instructional practices, including but not limited to literacy instruction, collaborative conversations, learning intentions, success criteria, and data analysis.
- Engagement in cycles of professional learning, which include training, safe practice and peer observation, receiving feedback, professional reading, review of student work and data, and modifying based on components of the cycle.
- We will improve the collective teacher efficacy of our certificated teaching staff through:

- Certificated staff will participate in ongoing professional learning (ex. i-Ready, Site Learning Days, standards alignment, LMSV essential standards, staff led trainings, district or outside of district led trainings)
- All teachers will participate in coaching with our Instructional Data Specialist (IDS) teacher
- All teachers will participate in peer observations and feedback
- Administration will regularly observe classrooms and provide feedback to teachers

Professional Learning Communities (PLC):

- Develop strong Professional Learning Communities (PLCs). Our PLC is a group of educators that meet regularly, share expertise, and work collaboratively to improve teaching skills and the overall achievement of all students focused on the four questions of a PLC:
- What do we want all students to know and be able to do?
- How will we know if they learn it?
- How will we respond when some students do not learn?
- How will we extend the learning for students who are already proficient?.
- Staff will create school-wide and grade level SMART goals to monitor student progress.
- Staff meetings, Site Learning Days, and grade-level meetings will be used to develop strong PLCs based on the collective responsibility all members of the PLC share for the achievement of all students and to increase effective instruction in each and every classroom.
- PLCs will focus on becoming more effective at delivering LMSV Essential Standards aligned curriculum and instruction to each and every student.
- PLCs will include efforts to pre-identify mid- to high-level questions teachers will ask students.
- PLCs will deepen understanding of effective use of assessment data through collective inquiry to drive instruction, re-teaching, and intervention.
- Continued collaboration with Data Support Teacher, who will provide coaching and training and will support instructional growth within each grade level/classroom.

Essential Standards/Learning Intentions:

Teachers will focus on aligning curriculum, instructional practice, and assessment with LMSV Essential Standards.

- Teachers will use District developed resources to inform instructional decisions around assessment design and best instructional practice in alignment with LMSV Essential Standards.
- Staff meetings, Site Learning Days, grade-level meetings, and teacher release days will be used to support teachers in deepening their understanding of ELA essential standards through standards unwrapping, defining grade-level mastery of essential standards, and engaging in backwards planning.
- Grade-level teams will use standards unwrapping resources to identify targets, determine formative assessments, and plan instruction.
- Teachers will develop Teacher Clarity through the use of Learning Intentions and success criteria based on the Essential standards. This work will be supported by the Instructional Data Support Teacher.

#### Strategy/Activity

Multi-tiered Systems of Support (MTSS):

We will implement a school-wide system of differentiated instruction and interventions to meet the needs of all students.

- Grade-level teams will engage in lesson reflection and use of formative assessment data to monitor student progress and to plan re-teaching and intervention to ensure mastery of ELA Essential Standards.
- Grade-level teams will plan and implement Tier 2 interventions for students not mastering essential ELA Standards.
- All K-3 students will participate in daily small group reading instruction. Students in grades 4-6 reading at or above grade level will meet with the teacher two times a week, at minimum. Students in grades 4-6 reading below grade level will meet with teacher for

small group reading daily. Progress will be monitored using iReady, Literably and formative teacher reading assessments.

- Teachers will utilize strategies and resources to ensure independent work during small-group reading rotations is rigorous, standards-aligned, and appropriately differentiated to ensure meaningful engagement.
- Site Intervention Team will meet bi-weekly to discuss and monitor students in need of Tier 2 interventions and determine potential next steps.
- Use of Tier 2 interventions, collaborating with Intervention team during bi-weekly meetings, will be implemented with the utilization of the SST (Student Success Team) process for Tier 3 supports.
- SBAC, iReady and District benchmark data will be analyzed by staff to determine placement in intervention program(s) with initial placement made in August of the new school year and reviewed after each program benchmark assessment.
- District funded Extended Learning Opportunities Program (ELOP) teacher will utilize iReady data to identify students in grades 3-6 needing additional support in reading foundational skills. Identified students will be given a placement test using the SIPPS curriculum. Groups based on assessment data will be formed and implemented both during the school day and after school during ESS.
- Site will fund site-based substitute teachers three days a week to work with student groups to increase Reading Comprehension and Fluency.
- Teachers will be given release time at least once during the school year to analyze data and plan quality instruction and interventions for WIN (What I Need) Time based on students' needs.
- Continued collaboration of Instruction and Data Support Teacher, who will provide coaching, training and support on implementing a tiered intervention system within each grade level/classroom.

#### **Strategy/Activity**

English Language Development:

We will ensure strong Integrated and Designated English Language Development (ELD) for all English Learners (ELs).

- Students will be clustered by EL Proficiency level for designated ELD instruction in August of the new school year.
- English Learners will receive a minimum of 30 minutes of effective designated ELD daily, including increasing student talk during designated ELD and using routines, frames, and sentence starters to promote fluency and academic discourse.

- Select teachers will work with District Learning Support staff to deepen understanding of ELD standards, proficiency level descriptors, and alignment to ELA standards.
- Teachers will implement integrated ELD through scaffolding strategies for content area, subject matter access, and discipline specific language development.
- Teachers will increase use of structured routines and frames to promote collaborative conversations and academic talk across the curriculum.
- We will monitor English Learner progress and provide timely and systematic intervention.
- CATCH up plans will be used to monitor English Learner progress. Students not making adequate progress will be placed in English acquisition intervention program by August of the new school year.
- Teachers and Principal will work with District Learning Support staff to identify and support Long Term and At Risk Long Term English Learners and schedule them into a reading intervention program by September.
- Teachers with newcomers will work with District Learning Support staff for additional curriculum and support.
- District provided Student Helpers will support newcomers when available.
- District will fund a full-time Instruction and Data Support (IDS) Teacher. All teachers will participate in coaching with our IDS teacher. This teacher will support teachers in analyzing data and developing appropriate interventions to support our English Learners.

Specialized Academic Instruction:

We will continue to develop a comprehensive service model to meet the needs of our students with disabilities through Specialized Academic Instruction (SAI).

- SAI teachers will ensure that students receive appropriate services and utilize instructional materials targeted to meet individual student needs.
- SAI and General Education teachers will meet regularly to articulate, plan instruction, and review student progress.
- SBAC, iReady and District benchmark data will be analyzed by Principal, SAI Teacher, and Grade Level Teams to determine placement in intensive intervention program.
- Data will be analyzed to determine placement in intervention (less than two years below grade level).
- Students reading below grade level will receive daily-targeted reading instruction in small groups to address their assessed needs (fluency and comprehension).
- District will fund a full-time Instruction and Data Support Teacher. This teacher will support teachers in analyzing data and developing appropriate interventions.

Goal 2 - ENGAGE - We will engage our students and the learning community in order to ensure the skills and supports necessary for social, emotional, and physical well-being. (State Priority 3-Parent Involvement, 5-Pupil Engagement, 6-School Climate)

## Goal 3

The percentage of students who are chronically absent from school will decrease by 1% each year.

The percentage of students with multiple race/two or more who are chronically absent will decrease by 2% each year.

## Identified Need

Establishing a climate of respect, belonging, connectedness and safety for our students is critical to their success and their overall wellness. Consistent, supported attendance at school is the first step in ensuring student engagement.

Consistent Attendance:

- Engage students and parents with a warm and welcoming school environment that emphasizes building relationships with families and students and stresses the importance of everyday attendance.
- Monitor attendance and respond in a tiered approach to intervention (i.e., Students missing 5-9%, students missing 10-19%, and students missing 20% or more).
- Provide personalized early, caring, and constructive outreach to families already missing school. Look for and identify barriers to attendance.
- Work with Student Supports and School Social Worker/Counselor to identify and address patterns of excessive absences.
- Work with families to address situations that are leading to absences offering resources when and if appropriate.
- Put system in place to contact and work with parents of chronically absent students, providing strategies and incentives for improvement.
- Conduct parent meetings (SST format) for foster students within 30 days of enrollment to collect information, identify student needs, determine educational rights, and ensure access to interventions in a timely manner.
- Connect families with before and after school programs such as Extended School Services (ESS).
- Offer before school breakfast program for students.
- District funded full-time Social Worker/Counselor.

Building Relationships:

- All staff will connect with and build meaningful relationships with students.
- Teachers will develop a sense of classroom community utilizing strategies such as Restorative Practices, Circles etc.
- Teachers will build collaboration within their classrooms to foster student connectedness.
- Staff will utilize positive praise with students.
- Teachers will identify students who are less engaged and focus on building those relationships utilizing the 10 & 2 strategy.
- Staff will provide students with leadership opportunities within their classrooms as well as school-wide (i.e. Safe School Ambassadors, Safety Patrol, kindergarten tricycle helpers, Recycling, School Mail Helpers).
- Upper grade classrooms will create partnerships with primary classrooms for "Buddies." Buddies will develop relationships and support younger students through mentoring and partnership while providing leadership opportunities for the older students.

- District funded full-time Social Worker/Counselor will provide individual and small group support to students (i.e. self control, social skills, anxiety).

- Administrator, Health Technician, and Social Worker/Counselor will monitor attendance on a regular basis.
- School Counselor will develop a check-in system with students who are chronically absent.
- Administrator, Health Technician, and Social Worker/Counselor will develop and implement an incentive program for improved attendance.
- Social Worker/Counselor will conduct outreach of families with chronic absenteeism to offer support and resources aimed at improving attendance.

# 2023-24 Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

School Climate & Culture

## LEA/LCAP Goal

Goal 2 - ENGAGE - We will engage our students and the learning community in order to ensure the skills and supports necessary for social, emotional, and physical well-being. (State Priority 3-Parent Involvement, 5-Pupil Engagement, 6-School Climate)

## Goal 4

Student survey results will demonstrate an increase in the students who respond positively in each of these five domains:

- Culture/Climate
- Growth Mindset
- Self-Management
- Self-Efficacy
- Social Awareness

Parent survey results will demonstrate an increase of parents who respond positively in these areas:

- Support for Academic Learning
- Sense of Community
- Sense of Safety

The number of students suspended will decrease from 1.45% to .95%.

## Identified Need

Establishing a climate of respect, belonging, connectedness and safety for our students is critical to their success and their overall wellness. We are committed to prioritizing our students' social-emotional and mental health as well as their academic success.

#### Behavior:

- Meet with grade level student groups to review behavior expectations and provide students clarity on consequences at least once per year, more as needed.
- Implement alternatives to students being sent out of class for negative behavior.
- School staff will partner with District Support Providers to gain skills and strategies focused on Positive Behavior Intervention Strategies (PBIS) that will help address chronic and/or extreme negative behaviors.
- Participate in Professional Development in Restorative Practices and Trauma-Informed Care work to gain strategies to proactively address student behaviors and increase student time in class.
- Full-time Social Worker/Counselor provided by the District.
- School staff will collaborate and create a PBIS system consisting of the following components:
  - Clear and well-defined school-wide behavior expectations
  - Positive incentives for students who engage in expected behaviors
  - Plans for re-teaching expected behaviors when students do not engage in them
  - Defined consequences based on principles of restorative practices
  - Use of district diversion program instead of suspension when applicable

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Kelli Maringer	Principal
Stacy Bartlett	Classroom Teacher
Chrysti Barth	Classroom Teacher
Melissa Medina	Classroom Teacher
Dena Muller	Other School Staff
Jessica Fry	Parent or Community Member
Laurie Egan-Hedley	Parent or Community Member
Aaron Peterson	Parent or Community Member
Shavger Rekani	Parent or Community Member
Tahmeena Viana	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

**Signature**

**Committee or Advisory Group Name**

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 17, 2023.

Attested:

Principal, Kelli Maringer on May 17, 2023

SSC Chairperson, Dena Muller on May 17, 2023

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

**The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.**

## **Purpose and Description**

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

### **Purpose**

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### **Description**

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## **Educational Partner Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

*[This section meets the requirements for TSI and ATSI.]*

*[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]*

## **Resource Inequities**

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

*[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]*

# Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

*[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]*

## Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

*[Completing this section fully addresses all relevant federal planning requirements]*

## Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

*[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]*

*[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]*

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

*[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]*

*[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]*

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

*[This section meets the requirements for CSI.]*

*[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]*

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

*[This section meets the requirements for CSI, TSI, and ATSI.]*

*[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

*[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]*

## Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

*From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.*

## Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

*[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

### Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

### Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

### Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

## **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## **Single School Districts and Charter Schools Identified for School Improvement**

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
