## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

La Mesa Arts Academy (also known as LMAAC) is a large urban-suburban academics and arts academy built in 1951, originally as La Mesa Junior High and later as La Mesa Middle School. In August 2014, LMAAC began as an arts academy within La Mesa Middle School and then transitioned to a full school performing arts academy for all students in grades 4-8 beginning in the 2015-16 school year. For the 2024-2025 school year, LMAAC will remain a public school open to students in grades 5-8 who are interested in learning the foundations of art, performing arts, and having arts infused into their academic classes. LMAAC's current enrollment is 1,050 students. It is governed by an administrative team which consists of one principal, two assistant principals, two school counselors, and one social worker.

At LMAAC, we strive to support each and every student's unique academic and social-emotional needs.

Academic Supports: students receive instruction from credentialed teachers in their field including, but not limited to, math, science, language arts, history, PE, and arts classes. We use a variety of student assessment measures to determine what additional supports are needed for students to be academically successful. Based on this data, we have a variety of Response to Intervention (RTI) resources including:

- Reteach and retest opportunities in Language Arts and Math
- Co-taught (Special Education and General Education Teacher) offered in Language Arts and Math for grades 7 and 8
- Tutoring opportunities as available by classroom teachers

Social-Emotional Supports: All students participate in the "Wildcat Way" which is our weekly broadcast focused on character education. As a school, LMAAC participates in Red Ribbon Week, Kindness Week, food and other donation drives, and regular spirit activities to promote a positive campus climate. We use our RTI to provide social-emotional interventions for students needing additional supports including:

- Individual school counseling or social worker support
- Small group counseling on topics such as anxiety, social skills, and other support groups
- Spotlight Students program where students and school staff mentors are paired
- Partnerships with San Diego Youth Services, Boys to Men, Focused and Naturally Confident Youths, No Place for Hate and other community organizations
- Referrals to outside therapy and other resources

## 2023-24 School Description and Mission Statement

Mission Statement: It is the goal of the LMAAC staff to provide students with an innovative arts and academic program where they perform in visual arts, dance, music, and theater using an interdisciplinary curriculum that develops creative talents in order to attain measurable artistic and academic excellence, while also creating opportunities that will support our underlying principle of character and leadership.

Vision Statement: LMAAC students strive for mastery of the state's academic and arts standards. LMAAC staff provide clear learning objectives to the school community, as well as a safe environment where learning can take place, and a process of assessment that affords access for students who do not show mastery and enrichment for the ones who do.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
<b>Permits and Waivers</b>	0.00	0.00
<b>Misassignments</b>	0.00	0.50
<b>Vacant Positions</b>	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.50

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
<b>Credentialed Teachers Authorized on a Permit or Waiver</b>	0.00	0.70
<b>Local Assignment Options</b>	2.80	0.00
<b>Total Out-of-Field Teachers</b>	2.80	0.70

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	1.1
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

Principal, custodians, and the maintenance department work collaboratively to continuously inspect the facilities on a regular basis. Work orders are generated when needed, and maintenance is performed as required. An annual FIT report is conducted each year to ensure that the facilities are safe and conducive to learning. Schools also receive annual visits from the fire marshall. Fire extinguishers and alarms are inspected annually as well.

<b>Year and month of the most recent FIT report</b>	October 2023

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	71	69	48	47	47	46
<b>Mathematics</b> (grades 3-8 and 11)	51	52	35	36	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

At LMAAC, we host Back to School Night in September, student-led Parent-Teacher Conferences in November, and an Open House in the Spring. Our fine and performing arts departments including arts, theater, dance, band, and vocals present exhibits and performances several times each year where parents are invited. Additionally, we welcome and encourage many parent volunteer opportunities throughout the school year.

We offer many opportunities for parent decision-making and engagement throughout the school year. We hold four English Language Advisory Committee and five School Site Council meetings - both leadership and decision making groups made up of parent office holders. Our Parent-Teacher-Student Association (PTSA) holds monthly council meetings as well as a parent coffee for our grades 4-8 students and parents. We are financially supported by the non-profit La Mesa Arts Foundation which is made up of parents and community members. This group meets monthly.

For more information about volunteer opportunities at LMAAC, please contact us at [lmaac@lmsvdsd.net](mailto:lmaac@lmsvdsd.net).

## 2023-24 School Safety Plan

In La Mesa-Spring Valley School district, each site creates a Comprehensive School Safety Plan (CSSP). CSSPs outline systems, programs, and practices that are in place to ensure a safe school environment. This includes, but is not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and emergency response. These plans are approved by the school site council (December) and later by the La Mesa-Spring Valley School Board of Education (February).

Each school site has one teacher appointed as the school's Safety Lead. This person attends monthly safety meetings and professional development with the Director of Student Supports. The Safety Lead supports the creation of the site's CSSP, collaborates with the site administration to implement safety initiatives, and is a member of the larger onsite safety team. The safety team is responsible for periodically conducting hazard and vulnerability assessments of the campus, setting goals and action steps relative to the district Safety Standards, engaging in a Safety Standards Self Assessment, and creating school-wide safety plans and protocols that are detailed in the CSSP.

Lastly, La Mesa-Spring Valley continues to focus on the safety of staff and students through facilities and infrastructure initiatives. Increased measures for campus safety are being implemented as part of a series of Facilities Master Plan improvements. These include, but are not limited to, extensions of current fencing, secured and locked gates, single points of entry to campus, and remote entry controlled by office staff at each school site in the district. Such measures are added to the CSSP, where relevant.

## Professional Development

Professional learning in La Mesa-Spring Valley School District (LMSVSD) is conducted for the purpose of cultivating the capacity and efficacy of teachers. In recent years, professional learning has focused on developing a common language around high quality teaching and learning and working within collaborative professional learning communities to promote high levels of learning for all students. This work has included a deeper dive into content standards, discussions around mastery and effective assessment, social-emotional learning and applying an equity lens to all of our work. In response to student performance data and classroom observation, current professional learning focuses on increasing student literacy. Through this work, teachers gain a common understanding of the components included in an effective literacy “block,” at each grade level, build clarity around best practices in a standards driven program (including the ELD standards) and review the gradual release of responsibility model.

Central to professional learning in 2023-2024 is our continued application of the Framework for Powerful Learning. The framework includes our “targeted instructional area” for the year which is to improve students’ ability to comprehend complex informational text. The framework also includes a Cycle of Professional Learning through which school sites expand their understanding and application of powerful teaching practices that address the targeted instructional area. In 2022-2023 we focused on the powerful practice of close reading and responding to text dependent questions. In 2023-2024, the powerful practices will build upon this work and focus on collaborative conversations around text dependent questions for the purpose of generating a short written constructed response.

Principals and their site Instructional Leadership Teams (ILTs) learn about the powerful practices through leadership meetings, and then provide training to site staff during Site Learning Days, staff meetings, and individual coaching sessions. With professional learning communities (PLCs) as a foundation, teachers follow through on the work initiated at Site Learning Days through their weekly meetings. Teachers meet as a grade level team or within discipline areas to discuss the powerful practices, plan instruction, analyze student data and address the needs of each and every student. Through the introduction of the Cycle of Professional Learning, teachers will engage in safe practice, read professional literature, observe colleagues, receive feedback and monitor, measure and modify their practice as needed.

Outside of site professional learning, we have a Blended Professional Learning program that has been modified for 2023-24. In years past every certificated staff member engaged in four hours of self-selected professional development. This year, all certificated staff will participate in a two hour professional learning course on providing high quality literacy instruction, tailored to meet the needs of their grade level and/or content area. This professional learning is delivered through Content Lead Teachers who receive a stipend, and were hired for their expertise in literacy instruction. Content was developed in partnership with the Learning Support Department, Instructional Data Support (IDS) Teachers and Content Lead Teachers.

## Professional Development

In addition to the literacy course, certificated staff will self-select two hours of professional learning from a menu of courses offered by Content Lead Teachers, Teachers on Special Assignment, Coordinators, social workers, and outside organizations. School principals also have an opportunity to customize professional learning for their staff that counts towards the two hours. These in-person learning opportunities will focus on a variety of instructional practices and topics, including follow up from the literacy training, social emotional learning, math, science, history, visual and performing arts, physical education, intervention curriculum and strategies, and more.

To provide ongoing support for our educators, the LMSVSD Staff website includes pacing guides, essential standards, quick links for tutorials with Google Classroom and other Learning Management Systems, support for online curriculum, assessment, social emotional learning, and more. The site also includes tools and information for supporting English learners and Special Education students, and providing differentiation for the content areas.

LMSVSD believes in continuous learning, and we will ensure high-quality professional learning to all of our staff throughout the entire 2023-34 school year.
