## 2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Sweetwater Springs Elementary School serves the educational needs of 450 preschool through sixth grade students in Spring Valley (preschool through fifth grade beginning in the 2024-25 school year). The school was built in 1993 and has a tradition of high academic achievement. Our school staff is made up of 20 classroom teachers, 2 Specialized Academic Instructors, 2 Speech-Language Pathologists, 1 Reading Intervention Teacher, 1 Instruction and Data Support Teacher, 1 Expanded Learning Opportunities Program Teacher, and 20 paraprofessionals who, as a community, provide a learning environment that is safe, inclusive, and meets the diverse needs of our students.

Our mission at Sweetwater Springs is to educate the whole child by promoting academic achievement, social-emotional well-being, individual and community citizenship, and personal development as each grows to become a lifelong learner.

We are committed to:

- Building a culture of collaboration through our Professional Learning Communities.
- Setting high performance expectations for all of our students.
- Providing a rigorous curriculum aligned with essential content standards.
- Assessing students throughout their learning.
- Providing systematic interventions when students are struggling with content.
- Teaching resilience through the implementation of Zones of Regulation.
- Collaborating with colleagues, families, and students in multiple arenas.
- Viewing all students at SWS as “Our students.”

Our school program is built for the students by the ongoing collaboration of our Professional Learning Communities. These schoolwide and grade-level teams meet regularly to plan assessments, collect and analyze student data, monitor progress, and provide targeted interventions for students who need support. Our comprehensive intervention program consists of ongoing assessment of students, Oasis tutoring, in-class reading groups, targeted reading groups with our reading specialist, access to RazKids, Really Great Reading, as well as targeted English Learner instruction. We work collectively with support staff and parents to hone in on individual student needs through the use of Student Study Teams. Our Professional Learning Communities also learn and reflect together through ongoing professional development and weekly collaboration.

## 2023-24 School Description and Mission Statement

The end of the year i-Ready diagnostic data and CAASPP data from 2022-2023 helped us determine our biggest area of need. Although we saw slight gains from the previous school year, our Targeted Instructional Focus is to continue improving our students' comprehension of informational texts. This year, we are adding the next layers of our powerful practice of Close Reading. Students are using Collaborative Conversations and Short Constructed Responses to demonstrate their comprehension of complex texts. Teachers and staff will be participating in multiple cycles of professional learning related to these powerful practices.

We are a family at Sweetwater Springs. We seek to understand our students, identify their needs, support them, and celebrate their successes. A visitor to our campus will notice right away that we offer a safe and welcoming environment. We teach our students emotional and sensory self-management through our Zones of Regulation curriculum. We use Second Step to teach students self-efficacy, growth mindset, self-management and to connect them to our school culture. We are united by our core values which include Perseverance, Respect, Ownership, Unity, and (self) Discipline. We are Skyhawks P.R.O.U.D.!

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	20.00	95.24	463.10	93.35	234405.20	84.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
<b>Total Out-of-Field Teachers</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

## School Facility Conditions and Planned Improvements

Principal, custodians, and the maintenance department work collaboratively to continuously inspect the facilities on a regular basis. Work orders are generated when needed, and maintenance is performed as required. An annual FIT report is conducted each year to ensure that the facilities are safe and conducive to learning. Schools also receive annual visits from the fire marshall. Fire extinguishers and alarms are inspected annually as well.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	41	44	48	47	47	46
<b>Mathematics</b> (grades 3-8 and 11)	30	29	35	36	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Our culture of collaboration extends beyond the classroom as we heavily promote parent involvement. Teachers and staff meet with parent committees such as our School Site Council, our English Learner Advisory Committee, and our Parent Teacher Association to make decisions that impact and support all of our students. If serving on a committee isn't for you, contact us today about our site's various volunteering opportunities. Our school site frequently communicates with families using Blackboard (mass texting/emailing/phone system), a weekly Principal Bulletin, Title I Parent Meetings, Coffee with the Principal, Learning Management Systems Dojo and Google Classroom, and even through social media platforms such as Facebook and Twitter.

Our school site also offers multiple parent workshops throughout the school year that focus on topics such as internet safety and social emotional needs of our students. These parent workshops are held on campus and led by our social worker and school community partners. All presentations and materials for these events are provided. The school also provides interpretation. For more information on parent involvement opportunities, please contact the school office at 619.668.5895 or visit our website <https://www.lmsvschools.org/sweetwatersprings/>.

## 2023-24 School Safety Plan

In La Mesa-Spring Valley School district, each site creates a Comprehensive School Safety Plan (CSSP). CSSPs outline systems, programs, and practices that are in place to ensure a safe school environment. This includes, but is not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and emergency response. These plans are approved by the school site council (December) and later by the La Mesa-Spring Valley School Board of Education (February).

Each school site has one teacher appointed as the school's Safety Lead. This person attends monthly safety meetings and professional development with the Director of Student Supports. The Safety Lead supports the creation of the site's CSSP, collaborates with the site administration to implement safety initiatives, and is a member of the larger onsite safety team. The safety team is responsible for periodically conducting hazard and vulnerability assessments of the campus, setting goals and action steps relative to the district Safety Standards, engaging in a Safety Standards Self Assessment, and creating school-wide safety plans and protocols that are detailed in the CSSP.

Lastly, La Mesa-Spring Valley continues to focus on the safety of staff and students through facilities and infrastructure initiatives. Increased measures for campus safety are being implemented as part of a series of Facilities Master Plan improvements. These include, but are not limited to, extensions of current fencing, secured and locked gates, single points of entry to campus, and remote entry controlled by office staff at each school site in the district. Such measures are added to the CSSP, where relevant.

## D. Other SARC Information Information Required in the SARC

## Professional Development

Professional learning in La Mesa-Spring Valley School District (LMSVSD) is conducted for the purpose of cultivating the capacity and efficacy of teachers. In recent years, professional learning has focused on developing a common language around high quality teaching and learning and working within collaborative professional learning communities to promote high levels of learning for all students. This work has included a deeper dive into content standards, discussions around mastery and effective assessment, social-emotional learning and applying an equity lens to all of our work. In response to student performance data and classroom observation, current professional learning focuses on increasing student literacy. Through this work, teachers gain a common understanding of the components included in an effective literacy “block,” at each grade level, build clarity around best practices in a standards driven program (including the ELD standards) and review the gradual release of responsibility model.

Central to professional learning in 2023-2024 is our continued application of the Framework for Powerful Learning. The framework includes our “targeted instructional area” for the year which is to improve students’ ability to comprehend complex informational text. The framework also includes a Cycle of Professional Learning through which school sites expand their understanding and application of powerful teaching practices that address the targeted instructional area. In 2022-2023 we focused on the powerful practice of close reading and responding to text dependent questions. In 2023-2024, the powerful practices will build upon this work and focus on collaborative conversations around text dependent questions for the purpose of generating a short written constructed response.

Principals and their site Instructional Leadership Teams (ILTs) learn about the powerful practices through leadership meetings, and then provide training to site staff during Site Learning Days, staff meetings, and individual coaching sessions. With professional learning communities (PLCs) as a foundation, teachers follow through on the work initiated at Site Learning Days through their weekly meetings. Teachers meet as a grade level team or within discipline areas to discuss the powerful practices, plan instruction, analyze student data and address the needs of each and every student. Through the introduction of the Cycle of Professional Learning, teachers will engage in safe practice, read professional literature, observe colleagues, receive feedback and monitor, measure and modify their practice as needed.

Outside of site professional learning, we have a Blended Professional Learning program that has been modified for 2023-24. In years past every certificated staff member engaged in four hours of self-selected professional development. This year, all certificated staff will participate in a two hour professional learning course on providing high quality literacy instruction, tailored to meet the needs of their grade level and/or content area. This professional learning is delivered through Content Lead Teachers who receive a stipend, and were hired for their expertise in literacy instruction. Content was developed in partnership with the Learning Support Department, Instructional Data Support (IDS) Teachers and Content Lead Teachers.

In addition to the literacy course, certificated staff will self-select two hours of professional learning from a menu of courses offered by Content Lead Teachers, Teachers on Special Assignment, Coordinators, social workers, and outside organizations. School principals also have an opportunity to customize professional learning for their staff that counts towards the two hours. These in-person learning opportunities will focus on a variety of instructional practices and topics, including follow up from the literacy training, social emotional learning, math, science, history, visual and performing arts, physical education, intervention curriculum and strategies, and more.

To provide ongoing support for our educators, the LMSVSD Staff website includes pacing guides, essential standards, quick links for tutorials with Google Classroom and other Learning Management Systems, support for online curriculum, assessment, social emotional learning, and more. The site also includes tools and information for supporting English learners and Special Education students, and providing differentiation for the content areas.

LMSVSD believes in continuous learning, and we will ensure high-quality professional learning to all of our staff throughout the entire 2023-34 school year.
